

Spring Break Challenge

Reading

How does my child log into myON to participate in the challenge?

1. Log into Clever using your child's PCS username and password
2. Click on the MyON app in Clever
3. Choose some great reads based on your child's interests

Math

Are you ready to keep your math muscles strong over vacation?

Your task, should you choose to take it (and we hope you do!) is to work in ST Math for at least:

30 minutes 3 times a week.

You can download the ST Math Spring Challenge Log and fill it out with the dates and details of what you did.

When spring break is over, bring your log back to school and give it to your teacher.
