COMMUNITY SERVICE is defined as identifying a social issue in the community. This requires students to look beyond themselves and reach out to an issue faced by our society today (i.e. poverty, abuse, elder rights).

VOLUNTEER SERVICE is defined as assisting where needed and does not necessarily address a social issue. Although these hours are not recorded on the transcript, students can keep a log of these activities for use when applying for college, job applications, awards and scholarships other than the Bright Futures.

1. To be eligible to receive the Florida Academic Scholars Award a student must complete a program of community service work that includes a “minimum of one hundred (100) hours of community service.”
2. To be eligible to receive the Florida Medallion Scholars Award a student must complete a program of community service work that includes a “minimum of seventy-five (75) hours of community service.”
3. To be eligible to receive the Florida Gold Seal Vocational Scholars Award a student must complete a program of community service work that includes a “minimum of thirty (30) hours of community service.”
4. The student will identify a social issue that interests him/her, develop a plan of personal involvement in addressing the issue and evaluate and reflect upon the experience.
5. The service may be performed at more than one (1) agency and address more than one (1) social issue, however, each agency should be approved by the high school’s community service designee prior to the beginning of the experience.
6. The student must be a high school student enrolled in grades 9-12. Students are considered high school students beginning the summer before 9th grade after they have completed 8th grade.
7. If a student transfers to a Pinellas County high school from a Florida public or private high school, the community service hours earned will be honored if the previous school verifies the hours. Students in a Florida homeschool will have their hours honored if they provided documentation on agency letterhead of the number of hours earned and dates of service completed. Out-of-state students and in-state students without documentation from their previous school may complete the community service project form #1 (PCS Form 2-2602-2) for review by the community service designee. If approved, the student completes the log form (PCS Form 2-2602-3) and the hours will be accepted.

The following steps are the process for documenting the community service experience.

1. Meet with the community service designee at the student’s high school to review policies and procedures on the Student Community Service Information Sheet (PCS Form 2-2602-1).
2. Contact the community agency for an interview to discuss the social issue and a plan of action to address it.
3. Complete the Community Services Proposal form (PCS Form 2-2602-2) after developing detailed identification of the social issue and plan of action.
4. Submit the Community Service Proposal Form (PCS Form 2-2602-2) for approval by the community service designee at the high school.
5. Log community service hours on form #2 (PCS Form 2-2602-3). The agency contact person must sign this documentation.
6. Summarize, evaluate, and reflect upon the community service work experience and the persons in the community that the student interacted with during this service work. Submit this information to the high school community service designee by completing the reverse side of the community service form #2 (PCS Form 2-2602-3).
7. The completed paper forms shall be placed in the student’s official cumulative file at the high school.

WHAT HOURS CANNOT BE COUNTED?

1. Court mandated community service.
2. An activity for which a student benefited financially or materially for the community service work.
3. All forms of duty within the family. The student’s family to include; parents (including step), siblings (including step), any of their grandchildren (including step) and any of their spouses, aunts, uncles, cousins, nieces and nephews.
4. An activity which can be interpreted primarily as proselytizing or religious devotion.
5. An activity where there is no leader or responsible adult on site to evaluate and confirm student performance (i.e., fostering an animal in your home).
6. Donations, such as Locks of Love or giving blood.
7. Except for credit earned through service learning courses adopted pursuant to section 1003.497, Florida Statute, students may not receive academic credit for service work performed.
8. An activity performed by a student prior to becoming a high school student or after the student’s graduation date. A student is considered a high school student the summer prior to his/her 9th grade year.
9. Participation on a sports team or a performance of any kind.

If a proposed plan is not approved by a high school’s community service designee, the student may appeal the denial to the Bright Futures Community Service Appeals Committee, which will render a final decision on the student’s plan. The committee will be appointed by the District Guidance office who will develop procedures for the committee. Decisions of the committee (without personal identifiable information about an individual student) will be distributed to all high schools.
