

Good evening Panthers,

This is Principal Athanson and I wanted to welcome everyone back on Wednesday for the start of second semester. Just as a reminder we will not have school on Monday or Tuesday. As we are preparing for 2nd semester we are making schedule changes that may affect every grade level. Have your student log into their focus account on Tuesday evening to see their schedule. Students will report to 1st period on Wednesday. If you are unable to access this information please have your student report to the media center for assistance.

Please remember that all students need to wear a mask throughout the day from the time they enter school grounds until the time they leave. If your student should need a mask we do have some available at the front office.

On Thursday and Friday we will be administering the APM diagnostic tool. This is a computer based assessment and every student should come to school with a fully charged laptop and preferably their own headphones or earbuds. If you have not gotten your computer yet please reach out to Mrs. Sheehy for assistance at sheehyd@pcsb.org

Please reach out should you have any questions.
