

Good afternoon,

I want to apologize for any misunderstanding with the yearbook orders. There was a miscommunication between me and the yearbook company with the price of the yearbook. \$30 was the sale price for open house and then the price goes up to \$35 until October 30<sup>th</sup> and then to \$40 after October 30<sup>th</sup>. Due to the miscommunications and any inconvenience this may have caused we will be extending the sale until next Friday.
