

## School Communication

### Take the 2020 Census

Ensure that schools and students receive the proper federal funding.

Homes across the country are receiving invitations to complete the 2020 Census. You can respond online, by phone or by email.

The census is important. It helps determine federal dollars for education, health care, highways and other resources.

Pinellas County Schools receives federal funding for breakfast and lunch programs, after-school programs, special education, and the Head Start preschool program. We also receive funding to support students who are learning English and students who are experiencing poverty or homelessness.

Federal funds help ensure that all children have access to a well-rounded education.

Remember: Your personal information is confidential and protected by law. Any personal information you provide cannot be shared with anyone or any other federal agency.

Please complete the Census. Your participation matters! Counting all children is essential for our schools to receive the proper amount of funding. Learn more at [www.pinellascounty.org/census2020](http://www.pinellascounty.org/census2020).
