**Return before April 14, 2023.*

What is a Legacy Request?

We believe in developing relationships with families, and if you already have a classroom connection with a teacher then you and your child are one step ahead!

- A parent may request to have a child placed with a teacher who previously had a sibling in the family.
- A parent may request to have a child placed with a teacher whom the child previously had in another grade.

Requests will be considered, however are not guaranteed.
