

Belleair ELEMENTARY

Instruction & Engagement

-  Explicit planning for academic vocabulary and background knowledge across all content areas during collaborative planning
-  Utilize academic supports to provide scaffolds for students to access grade-level text.
-  Focused grade level fluency and spiral review routines
-  Increase student collaborative structures to enhance the student experience

Collaborative Planning

-  Prioritize weekly collaborative planning with all stakeholders (ESOL, ESE, ASD)
-  Use an effective planning protocol to promote active participation within teams
-  Use PLCs to analyze data from module assessments to best plan for reteach/enrichment opportunities based on data

Leadership & Ownership

-  Data Team leaders to increase awareness of tools/strategies to improve data analysis for planning instruction
-  Develop a team approach to planning for student's needs and delivering small group instruction for students not meeting benchmarks.
-  Learning Walks to promote collaboration across campus

Positive Environment

-  Increase communication with families and students around impact of attendance
-  Develop improvement plans for students and incentives to improve attendance
-  Increase student celebrations for following schoolwide expectations
-  Increase student celebrations for meeting academic goals or making growth
-  Create additional opportunities for parents to engage with students on campus

Instructional Goals

-  Proficiency in ELA will increase from 49% to 55%
-  Learning Gains in ELA will increase from 51% to 65%
-  Proficiency in Math will increase from 61% to 66%
-  Learning Gains in Math will increase to 73% to 75%
-  Proficiency in Science will increase from 57% to 60%

Belleair's Mission: To provide a safe learning environment and achieve at least one year's growth!
