

# BOCA CIEGA HIGH SCHOOL

## DISCOVERY NIGHT

### MEDICAL

CWMP at Boca Ciega High School offers students a comprehensive program of preparation for post-secondary education; career skills; and unique opportunities and experiences within the health-related professions. CWMP is designed for students who are interested in careers in the field of healthcare. CWMP seniors can earn certifications in LPN, CNA, EKG and/or EMT.

### FUNDAMENTAL

The Boca Ciega High School's Fundamental program is Fundamentally AVID. We take pride in helping prepare students for college and careers. We hold each fundamental student to a higher standard as they progress through our program. AVID seniors consistently earn a spot in the top 10 of the class and have earned well over \$4.3 million in scholarships.

### CSL

In The Academy of Creators, Scholars and Leaders (CSL), Boca Ciega Pirates select a curricular pathway that best suits their interests. Students will identify as a Creator, Scholar or Leader based on the elective courses for each pathway. Pirates must take at least one elective course offered on their pathway, but may choose more! Each pathway offers opportunities to earn college credit and/or an industry certification.

# JOIN US WEDNESDAY, OCTOBER 30, 2024 @ 6PM

Please join us for our Discovery Night to learn all about the wonderful programs offered at The Boca Ciega High School.

We look forward to sharing all the great things that are happening on the Pirate Ship.

Questions:

CWMP: Danielle Spurgeon @ spurgeond@pcsb.org

Fundamental: Lamar Washington @ washingtonla@pcsb.org
