

Spanish Elective Enrichment Plan for 2025-2026 School Year

Spanish is an elective, and a high school credit course. Learning a foreign language middle school is a good idea, because scholars are younger, and are more receptive to new information, and making it more likely to become a lifelong skill.

Did you know that about 600 million people around the world speak Spanish? and that approximately 13% of people in America, speak Spanish?

There are many benefits of learning a foreign language. For example, it can boost your short- and long-term memory; excel at multi-tasking; perform better in math, reading, and standardized testing such as FAST testing; learning new vocabulary and grammar rules, will enhance a better understanding of the English language; and most importantly, it adds an extra edge

Pro Tip: bilingual professionals are currently in demand in healthcare, business education, banking, government tourism, and more!

Plus don't forget, learning a language will also help you understand the diverse world we live in. It is an amazing opportunity to have!

The following field trips will be offered during the school year:

First semester:

A visit to the Dali Museum

Second semester:

International Day (county competition for world language learners)

St. Petersburg International Folk Fair (SPIFFS)

I'm looking forward to being part of your foreign language adventure!

Señora Guerra
