

INSTRUCTIONS

1. Fill in the front of this card at the beginning of each month and place it in the glove compartment of the car.
2. Before the beginning of your first class, fill in the date and take the odometer reading.
3. At the end of your last class, record the odometer reading and circle the letter indicating the type of use of the car (range or street driving).
4. On a daily basis, figure the instructional and storage mileages.
5. At the end of the month, attach this card to the appropriate monthly gas report.
6. Those persons responsible for completing this card please sign below.
