**Assignment and Delivery of Equipment**

I am acknowledging that my child ("Student") will be assigned an appropriate technological device and accessories to support student learning ("Equipment") from Pinellas County Schools ("School District") that my child can use outside of the school campus for educational purposes.

The School District reaffirms its desire to provide all individuals, regardless of disability, access to the educational benefits provided by the Equipment and its obligation to comply with the Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973. The School District will provide individuals with disabilities necessary accommodations or modifications that permit them to receive all the educational benefits provided by the Equipment in an equally effective and equally integrated manner.

I agree that my Student may accept delivery of the Equipment and as evidence of receipt, the School District will send me an email shortly after the delivery of the Equipment to provide its identifying information and confirm the delivery.

**Period of Possession of Equipment**

This agreement will remain in effect for subsequent years unless rescinded.

For the duration of this agreement, the Equipment is and will remain the property of the School District. The Equipment is intended for use by students actively enrolled in the School District.

I am responsible to return the Equipment to the School District at those times that I am requested to do so, including but not limited to, performing maintenance, updating software, and transferring schools within the School District. If the Equipment is requested for return, it must be returned to the issuing school, and a similar piece of equipment will be assigned as appropriate.

**Conditions of Use and Care of Equipment**

I am responsible for:

- ensuring that the Equipment is cared for properly.
- monitoring and controlling my Student's use of the Equipment.
- ensuring my Student adheres to the Student Code of Conduct while using the Equipment.
- understanding that the Equipment may allow internet access.
- returning the Equipment if the School District determines that there has been a violation of this agreement.
- ensuring the Equipment is available for use on the school campus during the academic day.

The School District reserves the right to monitor or access the contents of its computers if it suspects or is advised of possible breaches of security, harassment, or other violations of other school policies, rules, regulations, directives, or law, or evidence exists which demonstrates to the school or district that its computers may contain information, data, or other intellectual property that belongs to another person.

Any software contained on the Equipment is licensed to the School District. Any copying, modification, merging or distribution of the software is prohibited. The Parent/Guardian/Student is responsible for complying with all hardware, software and service provider licensing agreements, terms of use, and applicable state and federal copyright and other intellectual property protections. Violation of any such licenses, terms or laws shall constitute a violation of this agreement. Additional software not supplied by the School District must not be installed on the Equipment. The Parent/Guardian/Student must not intentionally modify network configuration files or otherwise interfere with the functioning of the Equipment.

The School District cannot guarantee that contents stored on the Equipment will be private. Users of the Equipment have no expectation of privacy in the contents stored thereon.

### Replacement and Restriction of Equipment

I understand that the Equipment, like textbooks, is instructional material, and that I am legally responsible for the repair/depreciated cost of the Equipment if it is lost, stolen, damaged, or seized while in my possession (SB Policy 2510 – Instructional Materials). Cost of repair and replacement estimates can be provided upon request.

If the Equipment is stolen while in my care, I understand that I am responsible for filing a police report with the appropriate agency. In the event the equipment assigned to the student is lost, stolen, or damaged beyond use, the school district reserves the right to electronically disable the device so that it cannot be used by any party.

Further, the school district reserves the right to disable the equipment if it is discovered that it is being used for inappropriate purposes such as accessing inappropriate material through an internet connection.

IN THE EVENT THE EQUIPMENT ASSIGNED TO THE STUDENT IS LOST, STOLEN, OR DAMAGED BEYOND USE, THE SCHOOL DISTRICT RESERVES THE RIGHT TO ELECTRONICALLY DISABLE THE DEVICE SO THAT IT CANNOT BE USED BY ANY PARTY. FURTHER, THE SCHOOL DISTRICT RESERVES THE RIGHT TO DISABLE THE EQUIPMENT IF IT IS DISCOVERED THAT IT IS BEING USED FOR INAPPROPRIATE PURPOSES SUCH AS ACCESSING INAPPROPRIATE MATERIAL THROUGH AN INTERNET CONNECTION.

- I authorize my Student to accept delivery of the Equipment for use outside of the school campus for educational purposes. Details on assigned Equipment will be available in my Parent Focus account.
- I DO NOT authorize my Student to accept delivery of the Equipment for use outside of the school campus. I understand that Equipment will be assigned for use during the academic day to complete required work.
