ABOUT

Inaugurated in 2019, Elisa Nelson Elementary School is a full-time application-based magnet program serving North Pinellas County students in grades 1-5. We offer two Magnet Programs, Center for Gifted Studies and Center for Literacy Innovation. Center for Gifted Studies students will learn from gifted endorsed teachers, collaborate with gifted classmates and experience advanced curriculum across all content areas. Elisa Nelson Elementary offers qualifying north-county students a systematic, multisensory, structured approach to literacy instruction in the Center for Literacy Innovation. Students will have opportunities for remediation in reading, writing and math.
