ABOUT

Frontier Elementary School is a family and community focused school that celebrates the diversity of each student. We pride ourselves on our high teacher retention rate so returning students always see a familiar face. Our school has a school-wide literacy focus with implementation of writing through all content areas. Frontier Elementary is dedicated to developing students into thinkers and problem solvers who are ready to be contributing members of a diverse society.

POINTS OF PRIDE

- Caring Staff that are highly trained in their field of expertise
- Our staff go above and beyond to make sure all students are our top priority and not just the ones in our classrooms. We care for all our student's safety and their learning to make sure we continue to grow as a whole school.
- Innovative extra-curricular clubs before and after school that allow for kids to get involved in the school and focus on strengths both inside and outside of the academic area.
- School-wide high expectations with high support for safety, academics, behavior, and social-emotional needs
- Diverse population
- Family relationships are an important part of our culture. We take pride communicating with our families in various ways (Newsletters, Dojo, phone, email, in-person) to share success of each student and ways to increase to their learning potential.
- Frontier students have a strong support network that will encourage them to grow both academically and socially.
