## ABOUT

We pride ourselves on developing a culture where students are empowered for success! The Leader in Me provides our school with the vision and language to lead the school in a way that addresses all areas of development. As each child discovers and develops his/her unique gifts and talents, they are given opportunities to lead. As leaders, they become active, engaged partners in their own education and their self-confidence, responsibility, and initiative grows. The children quickly understand the benefits of different gifts and talents; they learn to listen to new ideas, work together to achieve results, and motivate one another to be the best.

## POINTS OF PRIDE
