ABOUT US

The Tarpon Springs Leadership Conservatory for the Arts is a nationally accomplished magnet program that provides an outstanding opportunity for instrumental, vocal, string, and dance students by preparing them with the necessary tools to explore, shape, and clearly articulate their own vision for the future. Students develop leadership skills, receive advanced instruction in the performing arts, learn effective use of technology, and undertake challenging academics. Our entire magnet curriculum is set up to provide greater support for technology integration, innovative instructional practices, as well as allowing wider and deeper participation in the performing arts and service activities. Research has shown that the ability to be artistically innovative and creative is a tremendous asset in the educational environment and beyond. Proficiency in the arts affirms the student's sense of self-worth and builds a level of confidence that will result in improved academic performance and personal discipline.
