ABOUT US

Our small, tightly knit school is comprised of families with strong educational values. Those values are one of the reasons why our students score consistently with the top Pinellas County and other state schools on the FSA. Tarpon Fundamental offers a rich environment for the development of academic and critical thinking skills, as well as social responsibility. One of our goals is to partner with families in the development of good citizens who work to their highest level of achievement. We urge our families to actively participate in all of our school activities to strongly support high expectations for each child's success. Families with these values are encouraged to apply at Tarpon Springs Fundamental.
