ABOUT

Tarpon Springs High School is a true community school with a local middle and elementary school. We are blessed to have such rich tradition, community support and a legacy of alumni whose children have attended TSHS or are presently enrolled. Our efforts as a school community remained focused on 100% student success. The program pathways we offer students align to a variety of interests and have flexibility to accommodate a variety of interests including industry certification, advanced and general grade level. The TSHS counseling team works in conjunction with families to design a personalized pathway of 4 years of study in the areas of AICE Cambridge, dual enrollment, advanced placement, instrumental music, vocal music, art, culinary arts, veterinary science, journalism, and world language. TSHS also takes pride in extra-curricular activities including athletics, clubs and civic organizations.
