

# RESTORATIVE PRACTICES

## THE SCIENCE OF RELATIONSHIPS AND COMMUNITY

Restorative Practices is a transdisciplinary field that studies how to strengthen relationships between individuals as well as social connections within communities. When broadly and consistently implemented, Restorative Practices will promote and strengthen positive school culture and enhance pro-social relationships within the school community.

### **#32219 FOUNDATIONS - 6 HOUR**

An introductory course, participants explore fundamental principles of restorative practices and using circles effectively to proactively support Tier 1 PBIS.

### **#32712 REFRESHER - 3 HOUR**

Intended for staff who completed the six-hour foundations course two or more years ago, participants strengthen key knowledge and skills to reinforce an effective Tier 1 PBIS.

COMING IN JUNE!

### **ON-SITE PROFESSIONAL LEARNING**

Facilitated collaborative learning opportunities for staff designed to target site-based needs.

### **EMBEDDED SUPPORT**

On-site coaching and modeling provided to build staff capacity in fidelity of implementation.
