

Healthcare Bluebook™

# The days of surprise medical bills **are over.**

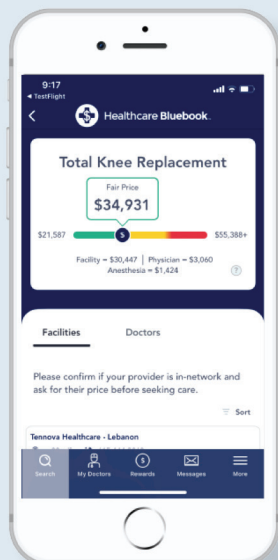

Now you can know before you go!

Healthcare Bluebook helps you to quickly and easily find high-quality care at a **Fair Price™**.

The fact is, there's a huge price difference between one facility and another.

In minutes you can:

- Log in to Bluebook and search for your procedure
- Find a green-rated facility for cost and quality
- Ask your doctor for a referral

When scheduling a procedure, take a moment to search Bluebook. You'll save hundreds, maybe thousands, of dollars.

To qualify for an outpatient reward, you must search for eligible procedures in Bluebook 12 months prior to having your procedure done.

Download the Healthcare Bluebook mobile app and use it when scheduling your next procedure.

**JUST ASK YOUR DOCTOR TO REFER YOU TO THE FAIR PRICE FACILITY OF YOUR CHOOSING!**

*Always confirm network status before seeking care.*

*Always search on Bluebook as the quality ratings and Fair Price™ may change.*

## Total Knee Replacement

## Abdomen CT (with contrast)

## Hip MRI (no contrast)

## Hysterectomy (Laparoscopic)
