7. Please briefly list any additional information that students may need to know about your organization if they are considering you as a community service agency: **Being a 501(c)(3) non-profit organization, DFAC relies heavily on volunteer support. While the art teachers at DFAC appreciate the additional help from the student volunteers, the student volunteers receive valuable experience in interacting with youth from all walks of life as well as classroom management, lesson planning and implementation. In this light, our volunteer program becomes more of a mentoring program. In both cases, mentorships and volunteering experiences are highly regarded when companies look to resumes for experience and following through on commitments. Hope to see you soon**
