 - d. Do you have students volunteer during the summer months? Yes
 - e. Do you only offer community service hours during the summer? No
- 7. Please briefly list any additional information that students may need to know about your organization if they are considering you as a community service agency: We are a new food pantry that opened on July 13, 2015 to serve the families who need assistance with food. Duties will include standing, bagging food, assisting families out to their vehicle with their food by using a cart, stocking shelves, tearing down boxes and taking them to the garbage bin. On Tuesdays and Fridays, need to transfer food from the vehicle to the food pantry (cart provided) and stock shelves, refrigerator and freezer. Lifting and transferring of food is required along with tearing down boxes and taking them to the garbage bin. Some heavy lifting is required depending on how we receive the food.
