Blanton Elementary School

6400 54TH AVE N, St Petersburg, FL 33709

<http://www.blanton-es.pinellas.k12.fl.us>

Demographics

Principal: Lisa Roth K

Start Date for this Principal: 7/1/2019

2019-20 Status (per MSID File)	Active
School Type and Grades Served (per MSID File)	Elementary School PK-5
Primary Service Type (per MSID File)	K-12 General Education
2021-22 Title I School	Yes
2021-22 Economically Disadvantaged (FRL) Rate (as reported on Survey 3)	100%
2021-22 ESSA Subgroups Represented (subgroups with 10 or more students) (subgroups below the federal threshold are identified with an asterisk)	Asian Students Black/African American Students Economically Disadvantaged Students English Language Learners Hispanic Students Multiracial Students Students With Disabilities White Students
School Grades History	2021-22: B (54%) 2020-21: (42%) 2018-19: C (49%) 2017-18: C (44%)
2019-20 School Improvement (SI) Information*	
SI Region	Central
Regional Executive Director	Lucinda Thompson
Turnaround Option/Cycle	N/A
Year	
Support Tier	
ESSA Status	N/A

* As defined under Rule 6A-1.099811, Florida Administrative Code. For more information, [click here](#).

School Board Approval

This plan is pending approval by the Pinellas County School Board.

SIP Authority

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a Schoolwide Improvement Plan (SIP) for each school in the district that has a school grade of D or F. This plan is also a requirement for Targeted Support and Improvement (TS&I) and Comprehensive Support and Improvement (CS&I) schools pursuant to 1008.33 F.S. and the Every Student Succeeds Act (ESSA).

To be designated as TS&I, a school must have one or more ESSA subgroup(s) with a Federal Index below 41%. This plan shall be approved by the district. There are three ways a school can be designated as CS&I:

1. have a school grade of D or F
2. have a graduation rate of 67% or lower
3. have an overall Federal Index below 41%.

For these schools, the SIP shall be approved by the district as well as the Bureau of School Improvement.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or a graduation rate 67% or less. Districts may opt to require a SIP using a template of its choosing for schools that do not fit the aforementioned conditions. This document was prepared by school and district leadership using the FDOE's school improvement planning web application located at www.floridacims.org.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the "Date Modified" listed in the footer.

Part I: School Information

School Mission and Vision

Provide the school's mission statement.

Our mission is to inspire lifelong learning and to provide opportunities for students to gain knowledge, skills, and develop character for success in our changing world.

Provide the school's vision statement.:

100% Student Success

School Leadership Team

Membership

For each member of the school leadership team, select the employee name and email address from the dropdown. Identify the position title and job duties/responsibilities.:

Name	Position Title	Job Duties and Responsibilities
Roth, Lisa	Principal	
Piland, Cody	Assistant Principal	
Paetzold, Shannen	Instructional Coach	
Walsh, Emily	Instructional Media	
Smoot, Courtney	Reading Coach	
Macking, Erin	Math Coach	

Demographic Information

Principal start date

Monday 7/1/2019, Lisa Roth K

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Highly Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

2

Number of teachers with a 2022 3-year aggregate or a 1-year Algebra state VAM rating of Effective. *Note: For UniSIG Supplemental Teacher Allocation, teachers must have at least 10 student assessments.*

9

Total number of teacher positions allocated to the school

31

Total number of students enrolled at the school

454

Identify the number of instructional staff who left the school during the 2021-22 school year.

5

Identify the number of instructional staff who joined the school during the 2022-23 school year.

1

Demographic Data

Early Warning Systems

Using prior year's data, complete the table below with the number of students by current grade level that exhibit each early warning indicator listed:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Number of students enrolled	34	75	84	72	73	71	0	0	0	0	0	0	0	409
Attendance below 90 percent	4	27	32	34	25	19	0	0	0	0	0	0	0	141
One or more suspensions	0	0	1	2	1	1	0	0	0	0	0	0	0	5
Course failure in ELA	0	0	0	3	0	0	0	0	0	0	0	0	0	3
Course failure in Math	0	0	0	4	0	0	0	0	0	0	0	0	0	4
Level 1 on 2022 statewide FSA ELA assessment	0	0	0	10	17	0	0	0	0	0	0	0	0	27
Level 1 on 2022 statewide FSA Math assessment	0	0	0	0	0	0	0	0	0	0	0	0	0	0
Number of students with a substantial reading deficiency	0	0	0	0	0	0	0	0	0	0	0	0	0	0

Using the table above, complete the table below with the number of students by current grade level who have two or more early warning indicators:

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Students with two or more indicators	1	1	2	8	11	2	0	0	0	0	0	0	0	25

Using current year data, complete the table below with the number of students identified as being "retained.":

Indicator	Grade Level													Total
	K	1	2	3	4	5	6	7	8	9	10	11	12	
Retained Students: Current Year	4	4	1	10	0	0	0	0	0	0	0	0	0	19
Students retained two or more times	0	0	0	0	1	1	0	0	0	0	0	0	0	2

Number of Consecutive Years Economically Disadvantaged Students Subgroup Below 32%	0

Part III: Planning for Improvement

Data Analysis

Answer the following analysis questions using the progress monitoring data and state assessment data, if applicable.

What trends emerge across grade levels, subgroups and core content areas?

Trends show that student achievement has increased over the past year in six of the seven cells.

What data components, based off progress monitoring and 2022 state assessments, demonstrate the greatest need for improvement?

We need to focus on academic growth in Science as that was the only cell that decreased.

What were the contributing factors to this need for improvement? What new actions would need to be taken to address this need for improvement?

Last year's Science score was higher than expected. This year it is more appropriately aligned with our Reading score. This year we have departmentalized Science in 4th and 5th grades.

What data components, based off progress monitoring and 2022 state assessments, showed the most improvement?

ELA L25 Learning Gains was the cell that showed the most improvement.

What were the contributing factors to this improvement? What new actions did your school take in this area?

ELA L25 students were provided with targeted, small group skills instruction for the second semester. Many of the students were also tested in small groups for FSA.

What strategies will need to be implemented in order to accelerate learning?

Increased student engagement through standards-based instruction, incorporating AVID strategies.

Based on the contributing factors and strategies identified to accelerate learning, describe the professional development opportunities that will be provided at the school to support teachers and leaders.

Weekly AVID Strategy Spotlight in the Dolphin Dispatch
 Science Lab Managers will attend trainings and share information with their teams
 Science Unit Rollouts provided by the district

Provide a description of the additional services that will be implemented to ensure sustainability of improvement in the next year and beyond.

Teachers will continue to implement AVID strategies to increase student engagement and promote "Crayons to College."
Purposeful lesson planning will promote engagement for all students and ensure that standards are being taught with fidelity and to the appropriate depth.

Areas of Focus

Identify the key Areas of Focus to address your school's highest priorities based on any/all relevant data sources.

:

#1. Instructional Practice specifically relating to Standards-aligned Instruction

Area of Focus Description and Rationale: Include a rationale that explains how it was identified as a critical need from the data reviewed.

Engagement is a critical element of the learning process. However, without an emphasis on the alignment of the standards to the implementation of instruction, the output from the engagement will not improve the forward progress of the school towards meeting learning goals and proficiency levels. In a setting of school improvement, it is critical to incorporate alignment to the standards as a driving force for planned instructional engagement across all core content areas as students navigate learning. The students in each subgroup must have access to aligned, grade level standards in both the core learning environment and while engaging in intervention groups across the many departments that service the varying needs of our student population. When teachers are prepared for instructional implementation after carefully incorporating best practices for instructional strategies using an aligned curriculum developed in PLC's, the students are more likely to engage in rigorous lessons that deepen their understanding of the standards. Ultimately, this results in an increase in the level of learning. When students engaged in aligned lessons, they are more readily able to incorporate collaborative team talk, comprehend standards-based tasks, and retain the level of learning necessary to make gains and achieve proficiency. When student services, the administrative team, teachers and families work together to identify and support the individual learning needs of students without decreasing or modifying alignment, learning increases. As the strength in teacher knowledge of aligned lessons grows, effective and creative teaching strategies strengthen. Engagement and learning also increase.

Measurable Outcome: State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of all students achieving ELA proficiency on the 2022 Spring FSA was 44%. The goal for all students achieving ELA proficiency on the 2023 Spring FAST is 55%. The percent of all students achieving Mathematics proficiency on the 2022 Spring FSA was 55%. The goal for all students achieving Mathematics proficiency on the 2023 Spring FAST is 60%. The percent of all students achieving proficiency on the 2022 Spring SSA was 44%. The goal for all students achieving proficiency on the 2023 Spring SSA is 55%.

Monitoring: Describe how this Area of Focus will be monitored for the desired outcome.

Monitoring will occur through involvement by the administrative team and coaches in PLCs while planning for standards-based instruction. Student engagement in standards-based instruction will be monitored via walk-throughs and feedback provided by the administrative team. Formative and summative assessment data will be used to monitor students as they move towards proficiency.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based

Implementation of district provided curriculum for ELA, Mathematics, and Science. AVID strategies will be incorporated within all content areas.

Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Project 23 Intervention Teachers will implement their curriculum with targeted small groups of students.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

When teachers implement AVID strategies, they create engaging lessons that include rigorous, complex tasks, encourage students to utilize questioning to elaborate on content, and students are able to purposefully activate and transfer knowledge.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

ELA

1. Teachers will strengthen their core instruction by increasing the amount of time students are engaged in reading by closely and critically re-reading grade level, complex text, writing, speaking, and listening.
2. Teachers will intentionally plan and deliver standards-based instruction that is engaging to students while allowing appropriate time for students to apply their learning.
3. Teachers will regularly assess students (informally and formally) and utilize the data to modify their instruction and provide targeted, actionable feedback to students within whole and small group settings.
4. ELA Champions will participate in the required trainings and implement the materials with their grade level teams.
5. Teachers will foster an environment of cooperation and collaboration among students including academic language, discussions, and group projects.
6. Utilize AVID Strategies, K - 5

Person Responsible Courtney Smoot (smootc@pcsb.org)

Math

1. Teachers will intentionally plan and deliver standards-based instruction that is engaging to students while allowing appropriate time for students to apply their learning.
2. Teachers will plan purposeful questions based on anticipated student solutions and misconceptions of mathematical concepts.
3. Teachers will regularly assess students (informally and formally) and utilize the data to modify their instruction and provide targeted, actionable feedback to students within whole and small group settings.
4. Teachers will foster an environment of cooperation and collaboration among students including academic language, discussions, and group projects.
5. Utilize AVID Strategies, K - 5

Person Responsible Erin Macking (mackinge@pcsb.org)

Science

1. Teachers will intentionally plan and deliver standards-based instruction that is engaging to students while allowing appropriate time for students to apply their learning.
2. Teachers will foster an environment of cooperation and collaboration among students including academic language, discussions, and group projects.
3. Science Lab instruction will be monitored via walk-throughs and pre- and post- assessments. Data will be reviewed at PLC's to determine next steps for instruction.
4. Science content will be integrated into ELA via myON and Newsela.
5. Teachers will regularly assess students (informally and formally) and utilize the data to modify their instruction and provide targeted, actionable feedback to students within whole and small group settings.
6. Utilize AVID Strategies, K - 5

Person Responsible Cody Piland (pilandc@pcsb.org)

#2. ESSA Subgroup specifically relating to Black/African-American

Area of Focus Description and Rationale: Include a rationale that explains how it was identified as a critical need from the data reviewed.

Engagement is a critical element of the learning process. However, without an emphasis on the alignment of the standards to the implementation of instruction, the output from the engagement will not improve the forward progress of the school towards meeting learning goals and proficiency levels. In a setting of school improvement, it is critical to incorporate alignment to the standards as a driving force for planned instructional engagement across all core content areas as students navigate learning. The students in each subgroup must have access to aligned, grade level standards in both the core learning environment and while engaging in intervention groups across the many departments that service the varying needs of our student population. When teachers are prepared for instructional implementation after carefully incorporating best practices for instructional strategies using an aligned curriculum developed in PLC's, the students are more likely to engage in rigorous lessons that deepen their understanding of the standards. Ultimately, this results in an increase in the level of learning. When students engaged in aligned lessons, they are more readily able to incorporate collaborative team talk, comprehend standards-based tasks, and retain the level of learning necessary to make gains and achieve proficiency. When student services, the administrative team, teachers and families work together to identify and support the individual learning needs of students without decreasing or modifying alignment, learning increases. As the strength in teacher knowledge of aligned lessons grows, effective and creative teaching strategies strengthen. Engagement and learning also increase.

Measurable Outcome: State the specific measurable outcome the school plans to achieve. This should be a data based, objective outcome.

The percent of African American students achieving ELA proficiency on the 2022 Spring FSA was 46%. The goal for all students achieving ELA proficiency on the 2023 Spring FAST is 55%.

Monitoring: Describe how this Area of Focus will be monitored for the desired outcome.

Monitoring will occur through involvement by the administrative team and coaches in PLCs while planning for standards-based instruction. Student engagement in standards-based instruction will be monitored via walk-throughs and feedback provided by the administrative team. Formative and summative assessment data will be used to monitor students as they move towards proficiency.

Person responsible for monitoring outcome:

[no one identified]

Evidence-based

Implementation of district provided curriculum for ELA. AVID strategies will be incorporated within ELA.

Strategy:
Describe the evidence-based strategy being implemented for this Area of Focus.

Rationale for Evidence-based Strategy:
Explain the rationale for selecting this specific strategy. Describe the resources/ criteria used for selecting this strategy.

When teachers implement AVID strategies, they create engaging lessons that include rigorous, complex tasks, encourage students to utilize questioning to elaborate on content, and students are able to purposefully activate and transfer knowledge.

Action Steps to Implement

List the action steps that will be taken as part of this strategy to address the Area of Focus. Identify the person responsible for monitoring each step.

1. Highly engaging strategies for a diverse group of learners.

Person Responsible Lisa Roth (rothli@pcsb.org)

2. The SBLT and MTSS Teams will monitor and discuss African American student achievement data. They will work with classroom teachers to develop action plans for students, based on this data.

Person Responsible Lisa Roth (rothli@pcsb.org)

3. AVID Strategies will be incorporated in ELA.

Person Responsible Lisa Roth (rothli@pcsb.org)

RAISE

The RAISE program established criteria for identifying schools for additional support. The criteria for the 2022-23 school year includes schools with students in grades Kindergarten through fifth, where 50 percent or more of its students, for any grade level, score below a level 3 on the most recent statewide English Language Arts (ELA) assessment.

Area of Focus Description and Rationale

Include a description of your Area of Focus (Instructional Practice specifically relating to Reading/ELA) for each grade below, how it affects student learning in literacy, and a rationale that explains how it was identified as a critical need from the data reviewed. Data that should be used to determine the critical need should include, at a minimum:

- The percentage of students below Level 3 on the 2022 statewide, standardized ELA assessment. Identification criteria must include each grade that has 50 percent or more students scoring below level 3 in grades 3-5 on the statewide, standardized ELA assessment.
- The percentage of students in kindergarten through grade 3, based on 2021-2022 end of year screening and progress monitoring data, who are not on track to score Level 3 or above on the statewide, standardized ELA assessment.
- Other forms of data that should be considered: formative, progress monitoring and diagnostic assessment data.

Grades K-2: Instructional Practice specifically relating to Reading/ELA

42 percent of Kindergarten students earned within the red or orange bands on the Spring 2022 Reading MAP.

57 percent of First Grade students earned within the red or orange bands on the Spring 2022 Reading MAP.

48 percent of Second Grade students earned within the red or orange bands on the Spring 2022 Reading MAP.

Grades 3-5: Instructional Practice specifically relating to Reading/ELA

66 percent of students earned below a Level 3 on the Third Grade 2022 FSA ELA.

54 percent of students earned below a Level 3 on the Fourth Grade 2022 FSA ELA.

54 percent of students earned below a Level 3 on the Fifth Grade 2022 FSA ELA.

Measurable Outcomes:

State the specific measurable outcome the school plans to achieve for each grade below. This should be a data based, objective outcome. Include prior year data and a measurable outcome for each of the following:

- Each grade K-3, using the new coordinated screening and progress monitoring system, where 50 percent or more of the students are not on track to pass the statewide ELA assessment.
- Each grade 3-5 where 50 percent or more of its students scored below a level 3 on the most recent statewide, standardized ELA assessment and
- Grade 6 measurable outcomes may be included, as applicable.

Grades K-2: Measureable Outcome(s)

Last year, 49% of students in grade K - 2 scored within the red or orange bands on Spring Reading MAP.

Our goal is for 55% of students in grades K - 2 to be on track to pass the ELA FAST.

Grades 3-5: Measureable Outcome(s)

Last year, 44% of students in grade 3 - 5 scored proficient on the Spring FSA ELA. Our goal is for 55% of students in grades 3 - 5 to achieve proficiency on the ELA FAST.

Monitoring:

Describe how the school's Area(s) of Focus will be monitored for the desired outcomes. Include a description of how ongoing monitoring will take place with evaluating impact at the end of the year.

Monitoring will occur through involvement by the administrative team and the Reading Coach in PLCs while planning for standards-based instruction. Student engagement in standards-based instruction will be monitored via walk-throughs and feedback provided by the administrative team. Formative and summative assessment data will be used to monitor students as they move towards proficiency.

Person responsible for monitoring outcome:

Select the person responsible for monitoring this outcome.

Roth, Lisa, rothli@pcsb.org

Evidence-based Practices/Programs:

Describe the evidence-based practices/programs being implemented to achieve the measurable outcomes in each grade and describe how the identified practices/programs will be monitored. The term "evidence-based" means demonstrating a statistically significant effect on improving student outcomes or other relevant outcomes as provided in 20 U.S.C. Â§7801(21)(A)(i). Florida's definition limits evidence-based practices/programs to only those with strong, moderate or promising levels of evidence.

- Do the identified evidence-based practices/programs meet Florida's definition of evidence-based (strong, moderate or promising)?
- Do the evidence-based practices/programs align with the district's K-12 Comprehensive Evidence-based Reading Plan?
- Do the evidence-based practices/programs align to the B.E.S.T. ELA Standards?

We will implement the district provided module curriculum in grades K through 5. The curriculum is aligned to the BEST ELA Standards.

Rationale for Evidence-based Practices/Programs:

Explain the rationale for selecting the specific practices/programs. Describe the resources/criteria used for selecting the practices/programs.

- Do the evidence-based practices/programs address the identified need?
- Do the identified practices/programs show proven record of effectiveness for the target population?

The district provided module curriculum addresses areas of identified literacy needs.

Action Steps to Implement:

List the action steps that will be taken to address the school's Area(s) of Focus. To address the area of focus, identify 2 to 3 action steps and explain in detail for each of the categories below:

- Literacy Leadership
- Literacy Coaching
- Assessment
- Professional Learning

Action Step	Person Responsible for Monitoring
Ensure teachers have a clear understanding of the K-5 B.E.S.T. ELA Standards	Roth, Lisa, rothli@pcsb.org
Increase teacher knowledge of the science of reading & evidence-based practices.	Roth, Lisa, rothli@pcsb.org
Implement a plan for identifying students not meeting benchmark in the early grades, including targeted instruction, and frequently monitoring progress to ameliorate gaps early.	Roth, Lisa, rothli@pcsb.org
Engage in ongoing professional development on the implementation of the high-quality curricular materials, including norming walks for excellence, studying student responses, and robust & constructive feedback.	Roth, Lisa, rothli@pcsb.org
Implement RAP Tutoring in grades K and 1	Paetzold, Shannen, paetzolds@pcsb.org

Positive Culture & Environment

A positive school culture and environment reflects: a supportive and fulfilling environment, learning conditions that meet the needs of all students, people who are sure of their roles and relationships in student learning and a culture that values trust, respect and high expectations. Consulting with various stakeholder groups is critical in formulating a statement of vision, mission, values, goals, and employing school improvement strategies that impact the school culture and environment. Stakeholder groups more proximal to the school include teachers, students and families of students, volunteers and school board members. Broad stakeholder groups include early childhood providers, community colleges and universities, social services and business partners.

Describe how the school addresses building a positive school culture and environment.

For the 2020 - 2021 school year, Blanton earned the PBIS Resilience Award. For the 2019-2020 school year, Blanton was a Gold Level PBIS Model School. During the 2021 - 2022, the PBIS Team engaged in monthly trainings provided by the FLPBIS Project. During the 2020-2021 school year, the PBIS Team was fully re-trained by the FLPBIS Project. Blanton incorporates Restorative Practices, Positive Behavior Intervention Systems, Social-Emotional Learning, Equitable Instructional and Grading Practices, and Olweus Bullying Prevention. Our four Guidelines for Success are Believe, Engage, Self-Motivate, and

Teamwork. They are introduced and explicitly taught to students during the first week of school and refreshers are provided on an as-needed basis. Families and Community Members are taught the Guidelines during Back to School Night and the first SAC and PTA Meetings for the year. The Guidelines are also posted on the school website, Dojo, and PTA Facebook page. Staff members are reminded of the Guidelines and provided with lesson plans during pre-school each year and are provided with reminders from administration throughout the year to keep them at the forefront of culture and climate discussions and instruction. Several staff members are AVID trained and Olweus Bullying Prevention trained. We plan to increase the number of staff trained. The PBIS/Olweus Committee meets monthly to discuss our plan and make revisions. We will continue to research and implement unique ways to engage stakeholders throughout the school year.

Goal: Our number of Office Discipline Referrals at the end of the 21-22 school year was 68, as evidenced in School Profiles. We expect our number of ODRs to decrease to 60 or less at the end of the 22-23 school year.

Our action steps related to this goal are:

1. The PBIS Team will train new staff on Blanton's PBIS Plan and provide a refresher to returning staff.
2. Teachers will utilize the PBIS Lesson Plans to explicitly teach the expectations to students.
3. Monitor call logs to identify students in need of behavior intervention.
4. Assign intervention/interventionist to students in need of support based on identified behavior.

Identify the stakeholders and their role in promoting a positive school culture and environment.

Staff promote a positive culture and environment via the implementation of Restorative Practices, Positive Behavior Intervention Systems, Social-Emotional Learning, Equitable Instructional and Grading Practices, and Olweus Bullying Prevention.

Students promote a positive culture and environment by following the schoolwide Guidelines for Success and engaging in Restorative Practices.

Families promote a positive culture and environment by discussing their children's academic and behavioral progress with them at home as well as during check-in's and/or conferences with the teachers.

Community Members promote a positive culture and environment by engaging with students as mentors and discussing their academic and behavioral progress with them.
