

Executive Summary of Fuguitt Elementary's School Improvement Plan for 2015-16

Fuguitt Elementary School has 556 students grades Pre-k to 5th, two administrators, 55 teachers, and 43 staff members. The mission of **Fuguitt Elementary** is "Preparing tomorrow's leaders today".

To accomplish this mission, Fuguitt has 5 Goals:

- 1) Increase Reading scores to 70% students achieving at proficiency levels as measured by Florida Standards Assessment;
- 2) Increase Mathematics scores to 70% students achieving at proficiency levels as measured by Florida Standards Assessment;
- 3) Increase Science scores to 70% students at proficiency levels as measured by the Florida Comprehensive Assessment Test;
- 4) Close the achievement gap between Black and non-black students to our AMO 2015 targets; Reading to 74%, Math to 51% and Science to 51%.
- 5) Increase parent involvement hours by 10% representing 55% of our parent population.

The core instructional and monitoring strategies included in our action plans are:

- Utilizing goals and scales aligned to the learning goal for both teachers and students to understand the standards
- Providing small group instruction to differentiate instruction
- Using classroom and school-wide behavior management procedures to provide a safe and effective learning environment conducive to learning
- Using collaborative planning of core instruction through the review of student data and district provided materials within all grade levels during weekly PLC's
- Using teacher created assessments, formative and summative assessments, district common assessments, teacher observation, and state assessments to monitor student progress and differentiate instruction

The professional development efforts include the use of the literacy team and LLC to guide teachers in differentiating and scaffolding instruction, effective planning, the continued full implementation of the Leader in Me program, decision making based on analyzing data; Teachers meet weekly in Professional Learning Communities (PLC's) conducting data chats regularly to review student responses to tasks and plan for instruction based on data.

The parent involvement efforts are a challenge for our school as many parents work during the school. As a strategy to increase volunteer hours, the school is hosting monthly Title I meetings revolved around our Leader in Me student leadership program that also features student led conferencing, parent academies with featured speakers, and routine evening hours for various volunteer activities benefiting the students.
