## Continuous Improvement

A school does not achieve its goals by good fortune or hard work alone, but by prioritizing efforts. Improvements are made by focusing intensely on the priorities, while maintaining high service levels for ongoing work. The School Improvement Plan (SIP) is based on the Plan, Do, Study, Act (PDSA) process, which manages and supports effective and efficient planning, implementation, monitoring, revising, and oversight.

A fully developed SIP places the management of priorities and strategies in the context of planning, accountability and support at the school level. School SIP teams ensure these priorities are supported through:

- clearly defined priorities and strategies that are aligned to district strategic goals,
- oversight throughout the planning, implementation and monitoring process, and
- reflection and adjustment to meet school, department and student needs.

Plans succeed because they are well developed, implemented and monitored, and align with the overall goals and objectives of the school and district. The benefits of a good SIP process include achievement of the desired results that positively impact staff growth and student achievement.

## B. Improvement Priorities

Choose three priorities for improvement (“Big Rocks”) that you will focus on for the school year. Following the priority, complete the theory of action statement using your current data and results from your problem-solving process.

**EXAMPLE THEORY OF ACTION:** If we effectively implement high-leverage strategies which support standards-based instruction, then the percent of all students achieving proficiency will increase from 77% to 89%.

### 1. Priority 1: Standards-based planning

**Priority 1 Theory of Action:** If we effectively implement high-leverage strategies which support standards-based planning, then the percent of all students achieving proficiency will increase from 53% to 70%

### 2. Priority 2: Student-Centered with Rigor

**Priority 2 Theory of Action:** If we effectively implement high-leverage strategies which support student-centered with rigor, then the percent of all students achieving proficiency will increase from 53% to 70%

### 3. Priority 3: Conditions for learning

**Priority 3 Theory of Action:** If we effectively implement high-leverage strategies which support conditions for learning, then the percent of all students achieving proficiency will increase from 53% to 70%

## C. Monitoring and Achieving Improvement Priorities

School Improvement is best achieved when a school—in its totality—works together to achieve the school’s common goals. The table below is the framework for planning how everyone in your school will be an active, engaged participant in the achievement of your school’s improvement priorities.

How do you plan to implement and monitor the progress of your improvement priorities as a school-wide system? Complete the table below for each school-based team listed, use the blank rows and add rows for additional teams, as needed.

	School-based Team	Priority Alignment	Why are you doing it?	How are you executing?	Who facilitates?	Who participates?	When does it occur?	Evidence that it is occurring
	<i>The teams responsible for implementation and monitoring</i>	<i>Identify the priorities above for which each team is responsible</i>	<i>The problem you are trying to solve</i>	<i>Major actions taken to execute the improvement with fidelity</i>	<i>List the title of who is leading the work of each team</i>	<i>List the titles of those who participate on each team for implementation and monitoring</i>	<i>State how often you are monitoring</i>	<i>Describe what it looks like and what artifacts are available when this is implemented with fidelity</i>

## Goals

### *Instructions*

Refer to your plan for Monitoring and Achieving Improvement Priorities as a school-wide system (above). In the sections below, identify specific academic goals and strategies that you will implement in support of achieving those priorities.

These goals, strategies and professional development should align directly to the Monitoring and Achieving Improvement Priorities table in the Continuous Improvement section above. The table above describes how you are monitoring the implementation of these strategies, as well as the progress of these goals.

**REFLECTION:** Review your data, and work through the problem-solving and gap analysis processes.

**SMART GOALS:** Use the optional Goal Calculator to determine your targets. Write your goals as SMART goals (Specific, Measurable, Actionable, Realistic, and Timely).

**STRATEGIES:** Identify the high-leverage strategies your school will employ to support improvement. You may choose from the drop-down menu provided by your level content specialists or write your own.

**ACTION STEPS:** Articulate what your school is doing to implement these strategies and achieve the goals. Identify who is responsible and when is it occurring.

**MONITORING:** Monitoring should be included in the Monitoring and Achieving table at the beginning of the document.

**PROFESSIONAL LEARNING:** List the professional learning your staff needs to effectively implement the strategies and progress toward the goal.

## Conditions for Learning

### A. Climate and Culture

**DATA SOURCES TO REVIEW:**

**REFLECTION (4-Step Problem-Solving):**

1. Our current level of performance in school-wide behavior is an increase in trauma students school wide. We expect our performance level to be decrease of school-wide behavior outcomes by May of 2019.
2. The problem/gap in behavior performance is occurring because increase of students who are coming from trauma backgrounds.
3. If (Increase of awareness of students who come from traumatic backgrounds with a focus on social emotional learning (SEL) would occur, the problem would be reduced by holding daily class meetings with a focus on restorative practices strategies, as evidenced by student behavior data collection. *(include data to validate your hypothesis.)*
4. We will analyze and review our data for effective implementation of our strategies by through monthly PBIS meetings and grade level PLC's.

**5. SMART GOAL:**

EXAMPLE: The percent of all students receiving referrals will decrease from 31% to 25%, as evidenced by restorative practices research from IIRP. *(include data or research to validate your hypothesis.)*

The percent of all students will show growth in awareness of students who come from traumatic backgrounds with a focus on social and emotional learning strategies will decrease from lack of awareness to an increase of awareness and implication of strategies, as measured by implementation of daily restorative circles and pre-school instructional training.

**6. STRATEGIES:**

List the specific strategies your school uses to implement a seamless multi-tiered system of supports (MTSS) that is focused on an integration of behavioral and academic supports to meet the needs of all students.

- Strengthen the implementation of research-based practices that communicate high expectations for each student.
- Support the implementation engagement strategies that support the development of social and instructional teaching practices.
- Choose Climate and Culture Strategy

**7. ACTION STEPS:** *(Complete the action steps to the needs of your school to meet this goal for each area. District-wide actions have been inserted for ease of completion; adapt and tailor to meet your school needs.)*

Action Steps to implement these strategies	WHO is leading each strategy?	WHEN is it occurring?
<i>Attend district-led, two-day team training for Restorative Approaches and SEL</i>	• Karen Buckles; Erica Pollick; Renee Hoops, Cindi Webster	• June 2018
<i>Ensure at least one staff member attend and becomes is a certified Trainer of RP</i>	• Karen Buckles; Erica Pollick, Renee Hoops, Cindi Webster	• June 2018

## B. Conditions for Learning: Attendance

### REFLECTION (4-Step Problem-Solving):

1. Our current attendance rate is 9 -11%. We expect our performance level to be below 10% by May of 2019.
2. The problem/gap in attendance is occurring because family dynamics and socio-economic backgrounds.
3. If Celebrating student’s attendance monthly during whole school celebrations would occur, the problem would be reduced by 3 – 5%.
4. We will analyze and review our data for effective implementation of our strategies by at by-monthly child study team data will be discussed and parent communications and conferences will be planned to help students be more successful in attendance to school.

### 5. SMART GOAL:

EXAMPLE: The percent of all students missing more than 10% of school will decrease from 31% to 25%, as evidenced by attendance dashboard data.

The percent of all students missing more than 10% will decrease from 11% to below 10%, as measured by data collected from attendance dashboard.

### 6. STRATEGIES: (Choose, or enter, the number of high-leverage strategies that your school is action planning to support.)

- Strengthen the attendance problem-solving process to address and support the needs of students across all Tiers on an ongoing basis.
- Strengthen the implementation of Tier I interventions to address and support the needs of students.
- Choose Content Strategy

### 7. ACTION STEPS: (Adapt and tailor the action steps to meet the needs of your school to meet this goal.)

WHAT are you doing to implement these strategies?	WHO is leading this step?	WHEN is it occurring?
<i>Review attendance taking process and school-wide strategies for positive attendance with all staff.</i>	Karen Buckles Erica Pollick Cindi Webster Chrissy Pagano	<ul style="list-style-type: none"> <li>• Monthly Professional Learning meetings</li> </ul>
<i>Asset map the attendance resources, interventions and incentives at our school to support increased attendance for each Tier.</i>	Cindi Webster	<ul style="list-style-type: none"> <li>• Lunch Bunch incentives</li> <li>• Small Group Game time</li> <li>• Perfect attendance tickets</li> <li>• Acknowledgment at monthly Round-Up celebration of perfect attendance students</li> <li>• Celebrating student success</li> </ul>
<i>Develop and implement attendance incentive programs and competitions.</i>	Cindi Webster	<ul style="list-style-type: none"> <li>• Perfect attendance acknowledgment at monthly Round-Up school wide celebrations</li> </ul>
<i>Engage students and families in attendance related activities to ensure they are knowledgeable of the data and aware of the importance of attendance.</i>	Karen Buckles	<ul style="list-style-type: none"> <li>• Monthly newsletter</li> <li>• Pinellas County supports attendance banner displayed in front of school</li> </ul>
<i>Review data and effectiveness of school-wide attendance strategies on a bi-weekly basis.</i>	Cindi Webster Karen Buckles Erica Pollick Chrissy Pagano	<ul style="list-style-type: none"> <li>• Bi-monthly child study meetings</li> </ul>
<i>Implement Tier 2 and 3 plans for student specific needs and review barriers and effectiveness on a bi-weekly basis.</i>	Cindi Webster Karen Buckles Erica Pollick Chrissy Pagano	Scheduling parent communications and parent conferences to discuss attendance concerns
<i>Ensure attendance is accurately taken and recorded on a daily basis and reflects the appropriate entry codes (e.g. Pending entries cleared).</i>	Chrissy Pagano	Teachers will take attendance daily prior to 9 a.m.

### 8. MONITORING:

These are being monitored as part of the *Monitoring and Achieving Improvement Priorities* plan for the selected Improvement Priority(ies):     Priority 1                       Priority 2                       Priority 3

### 9. PROFESSIONAL LEARNING: *(Outline the school-based learning opportunities that support this goal. Add rows as needed.)*

**A. ELA/Reading Goal**

**DATA SOURCES TO REVIEW:**

**REFLECTION (4 Step Problem-Solving):**

1. Our current level of performance is 53% proficiency in ELA, as evidenced in 2017-2018 FSA scores. We also at 37% learning gains in ELA, and 36% for our L25.
2. We expect our performance level to be 60% in ELA by May 2019 FSA data results. We would like to increase our learning gains from 44% to 60%, and our L25 proficiency in ELA to increase from 36% to 50% on the May 2019 FSA ELA results.
3. The problem/gap is occurring because decrease in proficiency in our ELA scores.
4. If an increase our ELA proficiency would occur, the problem would be reduced by an increase of focusing on instructional strategies to help increase our reading proficiency scores on our 2018-2019 ELA FSA results. An increased focus on independent reading across grade levels will allow for more differentiated learning for all students and an increase in reading stamina will help all groups to make learning gains and reach reading proficiency on the 2019 ELA FSA results.

**5. SMART GOALS:**

EXAMPLE: The percent of all students achieving ELA proficiency will increase from 77% to 89%, as measured by FSA.

The percent of all students making gains in their reading proficiency will increase from 53% to 60%, as measured by 2018-2019 ELA FSA scores. The percent of all students making learning gains will increase from 44% to 60%, as measured by the 2018-2019 ELA FSA scores. The percent of all L25 students reaching reading proficiency will increase from 36% to 50%, as measured by the 2018-2019 ELA FSA scores.

**6. STRATEGIES:** *(Choose, or enter, the number of high- leverage strategies that your school is action planning to support.)*

- Strengthen staff ability to engage students in complex tasks.
- Enhance staff capacity to identify critical content from the Standards in alignment with district resources.
- Support staff to utilize data to organize students to interact with content in manners which differentiates/scaffolds instruction to meet the needs of each student.

**7. ACTION STEPS:** *(Add as many rows as needed to thoroughly outline the steps to meet this goal.)*

WHAT are you doing to implement these strategies?	WHO is leading this step?	WHEN is it occurring?

D. Gender (As appropriate, based on school data)

DATA SOURCES TO REVIEW:

REFLECTION (4 Step Problem-Solving):

1. Our current level of performance is 47% learning gains, as evidenced in 2017-2018 ELA FSA results.
2. We expect our performance level to be 40% learning gains by May 2018-2019 ELA FSA scores.
3. The problem/gap is occurring because there was not a gap based on our ELA FSA results, we will be increasing our focus on flexible seating and enhancing classroom libraries with more books based on interests of the students.
4. If an increased focus on interest based classroom libraries and flexible seating arrangements would occur, the problem would be reduced by our male students make their learning and proficiency goals on the 2018-2019 ELA FSA .

5. SMART GOALS:

EXAMPLE: The percent of male students achieving ELA proficiency will increase from 77% to 89%, as measured by FSA.

The percent of male students achieving ELA proficiency will increase from 47% to 60%, as measured by May 2018-2019 FSA ELA results.

6. STRATEGIES: (Choose, or enter, the number of high-leverage strategies that your school is action planning to support. Keep in mind that these strategies are specific for gender learners and are in addition to the strategies and actions

- Provide a physical learning environment that is conducive for learning for both genders.
- Teachers utilize culturally relevant teaching.
- Invest in classroom libraries built with student interest in mind.

7. ACTION STEPS: (Add as many rows as needed to thoroughly outline the steps to meet this goal.)

WHAT are you doing to implement these strategies?	WHO is leading this step?	WHEN is it occurring?
Develop classroom environments that use flexible seating to offer student's choice.	Pam Hardy Lorena Kogan Missy Barrs	<ul style="list-style-type: none"> <li>• Daily</li> <li>• Planning for scaffolding during the first 6 weeks of school</li> </ul>

## E. Gifted (As appropriate, based on school data)

### DATA SOURCES TO REVIEW:

### REFLECTION (4 Step Problem-Solving):

1. Our current level of performance is 38% of gifted learners mastered proficiency, as evidenced in 2017-2018 FSA ELA results.
2. We expect our performance level to be 60% gifted learners showing mastery of proficiency by May 2018-2019 FSA ELA results.
3. The problem/gap is occurring because there was an increase in the gifted learners learning gains in ELA; however, we will be focusing on an increase of level 5 scores for the 2018-2019 school year.
4. If implementation of complex tasks would occur, the problem would be reduced by the learning barrier to help the students reach a goal of a 5 on the 2018-2019 FSA ELA assessment.

### 5. SMART GOALS:

EXAMPLE: The percent of all students achieving ELA proficiency will increase from 77% to 89%, as measured by FSA.

The percent of gifted students making learning gains will increase from 38% to 70%, as measured by May 2018-2019 FSA ELA results. The percent of gifted learners making a level 5 on the ELA FSA will increase from 38% to 70%, and level 5 on mathematics will increase from 13% to 70% on the 2018-2019 FSA Assessment in May.

6. **STRATEGIES:** *(Choose, or enter, the number of high-leverage strategies that your school is action planning to support. Keep in mind that these strategies are specific for gifted/talented learners and are in addition to the strategies and actions articulated with the content specific goals.)*

- Strengthen staff ability to engage students in complex tasks.
- Support staff to utilize data to organize students to interact with content in manners which differentiates/scaffolds instruction to meet the needs of each student.
- Enhance staff capacity to support students through purposeful activation and transfer strategies.
