*Informational Baseline School Grade*

**Note:** The school grades calculation was revised substantially for the 2014-15 school year to implement statutory changes made by the 2014 Legislature and incorporate the new Florida Standards Assessments. The 2014-15 school grades serve as informational baseline data that schools can use to improve in future years.

School Board Approval

This plan was approved by the Pinellas County School Board on 9/27/2016.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F or a monitoring status of "Former F" (see page 4). For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education’s school improvement planning web application located at [https://www.floridaCIMS.org](https://www.floridaCIMS.org).

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a "living document" by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify barriers that could hinder achieving those goals and resources that could be used to eliminate or reduce barriers (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies
Differentiated Accountability

Florida's Differentiated Accountability (DA) system, established in section 1008.33, Florida Statutes, is a statewide network of strategic support, differentiated by need according to performance data, provided to districts and schools in order to improve leadership capacity, teacher efficacy, and student outcomes. Through a data-driven planning and problem-solving process, DA field teams collaborate with district leadership to design, implement, and refine strategic goals and action plans that are documented in the SIP.

DA Regions

Florida's DA network is divided into four geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

At the start of each academic year, traditional schools are classified for DA support in three categories based on the most recent school grades data available. Descriptions of each DA category along with the state support and interventions provided are set forth by Rule 6A-1.099811, Florida Administrative Code:

- Not in DA – currently A, B, or C and not Monitoring Only; charter schools; ungraded schools
- Monitoring Only – currently A, B, or C that improved from a previous grade of F
- Focus – currently D
- Priority – currently F

DA Turnaround and Monitoring Statuses

Additionally, schools in DA may be subject to a turnaround status of “Planning” or “Implementing” or a monitoring status of "Former F." These statuses are based on a school's grades history, including the current school grade:

- Former F - A school with a status of "Former F" requires the department to monitor the implementation of strategies and progress toward the goals outlined in the school improvement plan for three years following the school's improvement from a grade of F to a C or higher.
- Planning - A school with a status of "Planning" requires the district to engage stakeholders in the development of a turnaround option plan to be implemented in the following year should the school grade not improve to a C or higher.
- Implementing - A school with a status of "Implementing" requires the district to submit a turnaround plan to the State Board of Education for approval and implementation. A school remains in "Implementing" status until its school grade improves to a C or higher.

I. Part I: Current School Status

A. Supportive Environment

1. School Mission and Vision

   a. Provide the school’s mission statement

   The mission of Campbell Park Elementary is to create a high performing school which produces scholars that are critical thinkers, excellent communicators and globally competitive in an international and technical society.

   b. Provide the school’s vision statement

   100% student success!

2. School Environment

   a. Describe the process by which the school learns about students’ cultures and builds relationships between teachers and students

   The school learns about student’s cultures and builds relationships with teachers and students through daily morning meetings, weekly school wide positive behavior incentives, school wide clubs such as Girlfriends and STEP, and monthly family nights. Teachers are also communicating with parents on the positive things that their child is doing during school on a regular basis.

   b. Describe how the school creates an environment where students feel safe and respected before, during and after school

   Campbell Park has created a consistent and systematic school wide behavior system that includes expectations and consequences which creates an environment where students feel safe and respected before, during and after school.

   School-wide expectations are taught throughout the school day. They are modeled during the first ten days and repeated daily during morning announcements. Home visits, positive parent phone calls, a school wide anti-bullying program, and morning meeting are also used to create a safe and civil environment.

   c. Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

   Each week students are taught a different social skill through the announcements and given a chance to practice it during morning meeting. These pro social skills such as listening, following instructions, and accepting no are designed to teach student to make positive choices during instructional times.

   We use a school wide 1-5 point behavior system on a daily basis with students. Students start each day on level three and move up for making positive behavioral choices and down for make negative behavioral choices. At the end of each day the number earned by the student is put in their agenda book to take home to show parents. Teachers also enter these numbers into a spreadsheet that details the amount of each 1-5 given. These numbers are monitored with the goal of having a bell curve in each class with the amount of numbers given with three being the most and 1 and 5 being
the least. To encourage students to earn 3-5’s a grade level celebration is hosted each week for those students with a 3 or above average. These celebrations are for 30 minutes at designated times. Students who do not earn the celebration stay with one or two teachers from the same grade.

Campbell Park is also utilizing cool down corners in each classroom. The cool down corner is a designated place, different from timeout, that students are allowed to access when upset or angry. This provides an outlet for our students to take a few minutes away from the source of their anger or whatever is upsetting them while still being in class.

In all common areas are students are expected to follow specific school wide expectations that follow the CHAMPS guidelines. Signs are posted around the school detailing these expectations and teachers hold all student accountable for meeting the expectations. Meeting these expectations helps create better environments out of the classroom and in turn makes for quicker transitions to instructional time.

Teachers will continue to receive professional development on behavioral skills and classroom management. They will also attend a two day PD prior to returning to school.

d. Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The Student Services team will be providing individual and small group counseling as well as mentoring to students identified through school data as needing extra support in social-emotional needs. All students will have access to a calm down corner in the classroom and morning meetings will be conducted daily. Any student needing further assistance will have access to a Student Services representative in crisis situations. In addition to our student service team members Campbell Park also has a mental health counselor which is provided through a partnership with Suncoast.

3. Early Warning Systems
The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(i)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

a. Describe the school’s early warning system and provide a list of the early warning indicators used in the system

Campbell Park Elementary utilizes the Pinellas County's Early Warning Tracking system where we monitor:
- attendance below 90%
- one or more suspension (in or out of school)
- students that score level 1 on state assessments
- previous retentions
- multiple schools in one school year

b. Provide the following data related to the school’s early warning system

1. The number of students by grade level that exhibit each early warning indicator:
### Grade Level Indicator

**c. Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system**

There are several committees that are in place at Campbell Park Elementary that look at interventions help to improve academic performance of students: They are Child Study Team (CST), School Based Leadership Team (SBLT) & Behavior Committee. The child study team reviews all attendance with a focus on students who have habitual attendance problems. The AP, guidance counselor and the social work in collaboration to determine specific interventions with students that are experiencing difficulty coming to school such as check in, mentoring, and various incentives. The SBLT team looks at both academic and behavior data to determine areas of concern school wide and identify students that need interventions. Interventions are discussed and implemented for those students that are identified. Some interventions include counseling, small group counseling, level literacy instruction, and guided reading.

### B. Family and Community Engagement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

1. Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school’s mission and vision, and keep parents informed of their child's progress

   **Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).**

   **a. Will the school use its PIP to satisfy this question?**

   Yes

   **1. PIP Link**

   The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at [https://www.floridacims.org/documents/307099](https://www.floridacims.org/documents/307099).

   **2. Description**

   A PIP has been uploaded for this school or district - see the link above.

2. Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

   We have developed a systematic way to communicate with families this year. Every staff member is to make contact with families to highlight positive things happening at school on a bi-weekly basis. We regularly use our facebook page to highlight information. Student agendas and class newsletters are
also used for communication purposes. We have adopted the policy that if we feel the information is important for our families we make sure to place the information in at least two places (website, facebook, school messenger, etc.). All family engagement activities or events provide our community with meaningful strategies that can be used at home to improve student learning. Our Family & Community Liaison reaches out to businesses within the community to build and foster partnerships. We currently have a school partnership with the United Way, Jabil, and the Tampa Bay Rays. We have also developed partnerships with some of the local churches in the community.

C. Effective Leadership
The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

1. School Leadership Team

a. Membership
Identify the name, email address and position title for each member of the school leadership team:

<table>
<thead>
<tr>
<th>Name</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hoffman, Christine</td>
<td>Principal</td>
</tr>

<td>Guidance Counselor</td>
</tr>
<tr>
<td>Sharp, Melissa</td>
<td>Instructional Coach</td>
</tr>
<tr>
<td>Lewis, Dawn</td>
<td>Assistant Principal</td>
</tr>
</tbody>
</table>

b. Duties

1. Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

All members of the leadership team serve on the School Based Leadership Team (SBLT) that meets biweekly to discuss trends observed throughout the school. Administration and Instructional Coaches do daily observations in classrooms. The data collected from observations is discussed and if necessary tiered coaching support is implemented. The guidance counselor serves as a liaison between SBLT and other student service personnel. She helps identifies students that may need additional support or enrichment through interventions.

2. Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The MTSS will be responsible for managing and coordinating the efforts between all school teams as well as reviewing and revising core instruction at all grade levels. The academic coaches will work closely with our student services team to ensure that students are making academic and behavioral progress. The SBLT team will meet with each grade level monthly to discuss grade level progress.

Our SIP focuses on key elements in which our school was deficient for the 2014-15 school year. A focus on increasing the rigor of reading, writing, math and science has been determined as our focus for this school year. With regards to how federal, state and local funds have been allocated to support the needs of our four core areas. The majority of our federal funds are allocated to hire Highly Qualified Instructional Coaches, two hourly teachers, and three Leveled Literacy Intervention
Teachers.

Our extended day funds are being allocated to focus on math and reading instruction. We are using these funds to hire additional support after school to work on instructional strategies for identified students.

Title I, Part A
Title I, Part A funds are utilized, in conjunction with various other federal, state, and local funds, to support high quality instruction, parental engagement, and professional development for highest student achievement. Title I services are coordinated and integrated with other resources through collaboration of staff in various offices and departments, including: School and Community Support, Teaching and Learning, Assessment, Accountability, and Research, Professional Development, Strategic Communications, Strategic Partnerships, Human Resources, and Transportation. Title I staff monitor expenditures of Title I, Part A funds to ensure that they supplement rather than supplant other funds available to schools.

Title I, Part D
The district receives Title I, Part D funds which provide transition services for students entering or returning to their zoned schools from alternative education programs or juvenile detention facilities. Support for initial intake and ongoing transition support are provided by Title I, Part D funds and a portion of Title I, Part A funds reserved for services to neglected and delinquent youth. Credit recovery through mobile labs and the NovaNet program is a critical support provided for students. Title I, Part D funds are also targeted to support continuous education services for students through tutoring, instructional materials and resources, and technology.

Title II
Title II Part A funds professional development to increase the academic achievement of students by improving teacher and principal quality and increasing the number of infield and effective teachers in the classroom and highly effective principals and assistant principals in schools. Title II supports professional development for content areas, common core, leadership development, and early career teachers. Funds are also used for recruitment and retention activities and bonuses for high need schools.

Title III
Title III funds are utilized to provide a variety of educational resources and support services to improve the education of immigrant and English Language Learners. Bilingual translators provide assistance with parent workshops and dissemination of information in various languages for Title I schools. The district’s ESOL web page makes relevant information and resources available for families, including a schedule of parent workshops and other activities. Support is also provided for teachers who need to obtain their ESOL endorsement, giving them options for successfully completing this requirement.

Title X- Homeless
The district receives funds to provide resources for students identified as homeless under the McKinney-Vento Act, to eliminate barriers (such as lack of transportation or required immunizations) to a free and appropriate education. A portion of Title I, Part A funds is also reserved to provide services to homeless students (social workers, a resource teacher, tutoring, and technology).

Supplemental Academic Instruction (SAI)
SAI funds are coordinated with Title I, Part A funds to provide extended learning enrichment opportunities for students during the school year and during the summer. SAI funds are also used, in conjunction with Title I, Part A funds, to provide ongoing instructional support for teachers through
professional development by highly skilled content area specialists and staff developers.

Nutrition Programs
Title I coordinates with district Food Services staff members to monitor poverty rates at schools and determine Title I eligibility. Title I and Food Services also collaborate to implement the Community Eligibility Option in schools with poverty rates of 40% or greater, so that all students receive free breakfast and lunch during the school year and during extended year/summer programs.

Head Start
Title I, Part A funds are used to provide Pre-Kindergarten to Kindergarten transition services. Title I schools coordinate with staff from public and private preschool programs, including Head Start, to prepare students for a successful start to school. A portion of Title I, Part A funds is used to provide classes for 3 year olds at targeted elementary schools to support early literacy.

2. School Advisory Council (SAC)

a. Membership
Identify the name and stakeholder group for each member of the SAC:

<table>
<thead>
<tr>
<th>Name</th>
<th>Stakeholder Group</th>
</tr>
</thead>
<tbody>
<tr>
<td>Christine Hoffman</td>
<td>Principal</td>
</tr>
<tr>
<td>Mamie Jackson</td>

<td>Teacher</td>
</tr>
<tr>
<td>Deane Sweat</td>
<td>Parent</td>
</tr>
<tr>
<td>Elvert Stephens</td>
<td>Education Support Employee</td>
</tr>
</tbody>
</table>

b. Duties

1. Provide a description of the SAC’s involvement with the following activities, as required by section 1001.452(2), Florida Statutes

a. Evaluation of last year's school improvement plan

Campbell Park Elementary School Advisory Council (SAC) committee worked on two major initiative last year, which were reducing the number of students that were tardy to school and developing family nights. We identified possible barriers and solutions and implemented those strategies last year.

b. Development of this school improvement plan

The SAC collects and analyzes information about the community and the school. SAC receives public input regarding needs (needs assessment) of the school. SAC provides ongoing review of the progress being made toward implementation of the School Improvement Plan. SAC also evaluates success by monitoring short and long term outcomes. SAC members are given the opportunity to provide feedback and input on goals of the school.

c. Preparation of the school's annual budget and plan

The annual school budget is shared with SAC members for input and revisions.

2. Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

No school improvement funds were used last year.
3. Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

a. If the school is not in compliance, describe the measures being implemented to meet SAC requirements

3. Literacy Leadership Team (LLT)

   a. Membership
      Identify the name and position title for each member of the school-based LLT or similar group, if applicable:

      | Name                  | Title                |
      |-----------------------|----------------------|
      | Hoffman, Christine    | Principal            |
      | Katz, Christie        | Instructional Coach  |
      | Windheim, Abigail     | Instructional Media  |

   b. Duties

1. Describe how the LLT or similar group promotes literacy within the school, if applicable

Literacy Leadership Team promotes literacy within the school by focusing on the following areas of literacy:
- text complexity—ensuring that all students are reading complex text everyday
- instructional strategies to improve reading comprehension without preempting or replacing text reading by students.
- emphasizing students support their answers based upon evidence from the text

D. Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

1. Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Classroom teachers meet with the all the instructional coaches on a weekly basis, reading, math and science, to collaborate and plan standard based lessons on a weekly basis. A schedule has been created with specific dates and times. Teachers and coaches have expectations of the collaborative planning sessions and the expected outcomes.

2. Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Our goal at Campbell Park is to establish a culture of learning by all staff members. We are constantly seeking to become learners by utilizing our coaches to increase our professional development. A consistent, weekly feedback system has been developed for our teachers.

A partnership has been developed with the Urban Schools Human Capital Academy that develops recruitment strategies for high poverty schools with low academic performance.

The sign on/retention bonus had increased this year from $3000 to $5000.
3. Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Each new teacher to Campbell Park will have a mentor from our school that will check in with the new teacher on a weekly basis. The assistant principal will facilitate new teacher training throughout the year. Campbell Park's master teachers will also support new teacher through a coaching model.

E. Ambitious Instruction and Learning

1. Instructional Programs and Strategies

   a. Instructional Programs

   1. Describe how the school ensures its core instructional programs and materials are aligned to Florida’s standards

   Campbell Park Elementary works in conjunction with the members of the Transformation Zone, Teaching and Learning Department, embedded coaches and administration to ensure that our core instructional programs and materials are aligned to the Florida Standards. Embedded coaches assist teachers in aligning instruction to meet the Florida Standards in all content areas during collaborative planning. Bi-weekly assessments are delivered and analyzed to ensure progress in short cycles. Map Assessment will be used quarterly to monitor academic progress over a period of time and track academic growth. Teachers will attend monthly content collaboration lead by the transformation team coaches which will focus on key areas of school turnaround.

   Administration and coaches will monitor instructional practices through the use of a weekly feedback cycle. The feedback cycle includes two weekly observations with feedback from both the instructional coach and administrator.

   b. Instructional Strategies

   1. Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

   Based upon the analysis of our bi-weekly formative assessment data, classroom teachers and coaches will adjust their instruction and plans for whole and small group instruction. The formative assessments will be created, and closely aligned to the FSA specifications. Teachers and coaches will collaborate in the creation of these formative assessments as indicated by our Title One ten components.

   Anchor texts will be used for each module to meet the needs of our students. The texts will be within each grade level band and meet text the complexity requirements, qualitatively and quantitatively. Bi-weekly formative assessment questions will mirror the content limits for each standard as listed in the FSA specifications document. During PLCs, teachers and coaches will look for patterns across their grade level data and plan for next instructional steps.

   2. Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:
**Strategy:** Extended School Day  
**Minutes added to school year:** 16,200

Since Campbell Park Elementary is part of the Transformation Zone we have a lengthened school day for students. Content area block are lengthened and there is time to provide intensive academic enrichment/intervention to targeted students.

**Strategy Rationale**

Students need a longer school day to accelerate their progress.

**Strategy Purpose(s)**

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

*Person(s) responsible for monitoring implementation of the strategy*

Hoffman, Christine, hoffmanc@pcsb.org

*Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy*

We will use bi-weekly assessments to measure growth in short cycles and MAPs assessment to monitor academic progress over a period of time and track academic growth.

2. Student Transition and Readiness

   **a. PreK-12 Transition**

   The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

   **1. Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another**

   Campbell Park currently serves three classrooms of Pre-Kindergarten education. We assist our teachers in providing quality instruction for their students in order to have a smooth transition into Kindergarten. The Pre-K teacher will meet regularly and attend Kindergarten professional development in order to better meet the needs of their students.

   We provide a Kindergarten Round Up Day, that allows future kindergarten parents to experience and visit our current kindergarten classrooms.

   We also offer an opportunity for our fifth graders to experience middle school life. The classroom switch classrooms the last month of school to give our students the experience of switching classrooms and having multiple teachers.

   **b. College and Career Readiness**

   **1. Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations**

   **2. Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs**
3. Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement.

4. Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the High School Feedback Report, as required by section 1008.37(4), Florida Statutes.

II. Needs Assessment

The school's completion of this section may satisfy the requirements of 20 U.S.C. § 6314(b)(1)(A).

A. Problem Identification

1. Data to Support Problem Identification

   b. Data Uploads
   Data uploads are not required by the Florida Department of Education but are offered as a tool for the needs assessment. In this section, the school may upload files of locally available data charts and graphs being used as evidence of need.

   The following documents were submitted as evidence for this section:

   No files were uploaded

2. Problem Identification Summary
   This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the points of strength and areas of need that have been identified in the data.

B. Problem Analysis Summary
   This section is not required by the Florida Department of Education but is provided as an opportunity for the school to summarize the underlying "why"? or root causes for the areas of need identified in the data, as determined by situational awareness of, and research conducted by, the stakeholders involved in the needs assessment.

C. Strategic Goals
School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal
B = Barrier
S = Strategy

1 = Problem Solving Step
S123456 = Quick Key

Strategic Goals Summary

G1. Increase proficiency rates in reading, math, and science by 15% as measured by the required Spring 2017 Florida assessments.

G2. Increase the percentage of African-American or Black students meeting or exceeding state averages across all content areas based on state academic standards, resulting in closure of the achievement gap between Black and Non-Black students as measured by required Florida state assessments.

G3. Reduce the number of office referrals, in school suspensions, and out of school suspensions by 50% based upon the 2015-16 school year.

G4. Increase parent satisfaction with Campbell Park from the beginning of 16/17 school year to the end as measured by parent surveys.

G5. Healthy School Goal-Campbell Park Elementary will work toward bronze level recognition with the Alliance for a Healthier Generation.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., “SMART goals”), targeted barriers to achieving the goal, resources available to help reduce or eliminate the barriers, and the plan for monitoring progress toward the goal.

### Plan to Monitor Progress Toward G5.

By April 1, 2017, the Healthy School Team will edit the school's Healthy Schools Program Assessment in the action plan items to document improvement/achievement of one module that is eligible for national recognition.

**Person Responsible**

Cory Reiss

**Schedule**

On 3/31/2017

**Evidence of Completion**

Action plan items documented on assessment.
**Action Plan for Improvement**

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
