

Kindergarten Winter Holiday Bingo Challenge

Learning is FUN! Complete as many learning activities as you can over the winter break. Ask an adult to initial each box once completed. Then return the Bingo Challenge and evidence to your teacher.

<p>After reading a book with your child, ask them to retell it back to you. Make sure they include characters, settings and major events.</p>	<p>Look at a calendar and count the days in December.</p> <p>How many days are there? _____</p>	<p>Arrange and count 17 objects.</p> <p>Then, arrange them differently and count them again.</p>	<p>Make a shopping list! Give your child their own notepad and pen and have them make a shopping list.</p>	<p>Make something from paper. Notice how crumpling, rolling, tearing, cutting or smashing changes the shape of the paper.</p>
<p>Use objects to show this addition situation: The children made 3 small snowballs and 2 large snowballs. How many snowballs did they make? _____</p>	<p>Play a board game with your child! Any board game is great for early literacy as it involves oral language.</p>	<p>Draw a picture to show this subtraction situation: There were five snow people. Two of them melted. How many are there now?</p>	<p>Create building ramps from boxes or blocks. Explore how different objects move on and off the ramps.</p>	<p>Start at 7 and count to 20 out loud.</p>
<p>Alphabet Books Make a book that has a page for each letter of the alphabet. Your child can draw or find a picture for each letter and paste it on the page. Read the book from time to time.</p>	<p>Draw a picture to show this subtraction situation:</p> <p>4 cookies were on a plate. Someone ate 3 of the cookies. How many cookies are left?</p>		<p>Read to your child daily and talk about it!</p> <p>Talking about what you read is another way to help children develop language and thinking skills</p>	<p>Play a game that requires counting skills.</p>
<p>Count to 100 by tens.</p>	<p>Draw and label a picture of something that moves slow.</p>	<p>Make Words Make magnetic letters available and play with them on a surface such as the refrigerator. Spell simple words for your child and have him or her repeat them.</p>	<p>Start at 12 and count to 50 out loud.</p>	<p>Make up an addition story and show it with objects.</p>
<p>Visit the library. Let your child pick out a book to read to you.</p>	<p>Find 4 things that are shaped like a square.</p>	<p>Observe the weather outside and describe it to someone.</p>	<p>Describe an example of something that moves from a push.</p>	<p>Nursery Rhymes Read, sing, or say nursery rhymes from your childhood. Point out the parts that rhyme or have words you like to say or hear.</p>
