## Volunteer Programs

Volunteers are making a big difference in Pinellas County Schools by helping students develop skills, knowledge and positive attitudes that are attributes of productive citizens. They provide enrichment opportunities; build a strong foundation for students and encourage them to make choices about colleges, careers or post-secondary training programs. This booklet will provide information about the volunteer opportunities, district policy and procedures, and the roles/responsibilities of a volunteer. We urge you to become a strong advocate for volunteerism by sharing your positive experiences with others and encouraging them to become involved.

## Volunteer Opportunities

Volunteers and community partners are making a difference by helping students develop the skills, knowledge and attitudes that are the hallmark of a quality education. Lending a hand, listening, offering encouragement and a smile, can help shape a child's future. From elementary to high school, volunteers are sharing their time and talents and are welcome in the classroom. All volunteers must complete a volunteer registration form and pass a background check prior to volunteering.

## Why Mentor?

### Mentoring Supports Education

- Students who meet regularly with their mentors are 52% less likely than their peers to skip a day of school and 37% less likely to skip a class (*Public/Private Ventures study of Big Brothers Big Sisters*).

- Mentors provide teens with a safe place to share.
