**This form is due back to your 5<sup>th</sup> block teachers by 12/5/2014. If you do not return this form, your elective classes will be chosen for you.**

**Please read these important notes.** Your child will be placed in the appropriate content area classes based on test scores, teacher input, past coursework and grades. Please note that certain high school programs require advanced coursework in middle school for acceptance. Your child may require intensive classes, which will limit their elective course options. This form is to indicate which elective classes your child is requesting for next year. Parental involvement and guidance are a very important part of the course selection and planning process. A brief description of the elective courses follows the list. **Placement into elective courses cannot always be guaranteed because space is limited.** Course selections could change. We will TRY to honor elective choices. Advanced electives require teacher approval. Certain choices require auditions.

Please rank your top four elective choices as follows: 1 (your first choice), 2 (your second choice), 3 (your third choice) and 4 (your fourth choice).
