TRANSITION ACTIVITIES CHECKLIST

The following is a checklist of transition activities that you and your daughter or son may wish to consider when preparing transition plans with the transition IEP team. Your student's skills and interests will determine which items on the checklist are relevant. Use this checklist to ask yourself whether or not these transition issues should be addressed at transition IEP meetings. The checklist can also help identify who should be part of the transition IEP team. Responsibility for carrying out the specific transition activities should be determined at the transition IEP meetings.
