A MESSAGE FROM THE SUPERINTENDENT

I am pleased to present the Approved 2004-05 Budget Summary for Pinellas County Schools.

A budget is a financial and operational plan that shows how an organization intends to allocate its resources to achieve its priority objectives. This budget of anticipated revenues and planned expenditures reflects the strategic directions and goals first adopted by the School Board. The guidelines for the planning and budgeting process are the vision, mission and core values of the district that have been developed over the past several years. These principles serve as the guideposts for directing our efforts in a consistent and constructive process of Continuous Quality Improvement. This vision statement defines the essence of our organization:

Pinellas County Schools unites with the community to provide a quality education enabling each student to succeed.

In pursuing this vision, the district has undertaken a variety of innovative measures, including business partnerships, instructional technologies, and numerous options for school choice such as fundamental and magnet schools. We continue to encourage creative and positive solutions to all of our educational challenges.

Our goals are consistent with the State Education Goals. School improvement plans have been developed in accordance with Florida's System of School Improvement and Accountability, and the 2004-05 budget reflects continuing efforts toward implementing those plans. This process is constrained by the fact that the state has not fully funded mandates addressing these goals.

Our focus is on highest achievement for each student. Pinellas students consistently have achieved above the national and state averages on such tests as the Comprehensive Tests of Basic Skills (CTBS) in grades three through eight, now replaced by the FCAT, and the Scholastic Aptitude Test (SAT) for college-bound high school students. We are proud of our students' accomplishments and are committed to continuing our efforts to help maximize student achievement.

These results have been achieved through a true team effort. In 1996-97, we revised our planning process and developed a strategic plan. This plan has been continuously revised and been replaced with a new strategic plan for 2004-09. Coordinated with the school improvement process, we have a solid process and plan in place. All district divisions and departments develop improvement plans to support the strategic plan, with systematic alignment of all our planning and budgeting processes an ongoing goal.

Budget preparation for 2004-05 presented a unique challenge. Total revenues increased 4.2% or \$28.6 million. Most of the increase was earmarked for class size amendment needs. It was, for the second year, difficult to balance class size requirements with on-going operational needs.

2004-05 is the second year of the Choice plan implementation. The school staffing model was revised to reflect parent choices and school capacities without significant financial impact in 2003-04. This process will continue in 2004-05. As predicted, transportation costs have increased to

accommodate much wider geographical choices for students. The additional buses and longer routes to transport students are reflective of these choices. The district used \$7.5 million of the Choice reserve in 2003-04 and plans to use up to \$7.0 million in 2004-05. This use of the Choice reserve was a planned activity to lessen the financial impact of the Choice plan on the General Fund budget.

The rising cost of health insurance continues to be an issue for the district. After redesign of plan offerings, the district reduced its share of the overall health insurance increase to \$3.3 million. This action freed up dollars for salary increases and aligned the contribution from the Board with that of other districts.

The financial impact of McKay scholarships continues to be a challenge. Some students leave throughout the year while others return to the district periodically. The "ebb and flow" of students with very different needs makes planning difficult while the number of applications has continued to increase each year.

Our budget also includes an ambitious capital outlay plan for the construction of new schools and renovation of existing facilities to increase their capacity, provide for a modern educational program, and construct student stations in accordance with the court order granting unitary status. Our capital program includes the acquisition of school sites to meet our long-range needs before costs and availability become prohibitive. This is critical because Pinellas County is by far the most densely populated in the state and available land is an increasingly scarce commodity.

The Budget Process

The 2004-05 budget process began soon after the 2003-04 budget was approved by the School Board in September 2003. Many persons were involved in identifying needs and requirements of our schools, departments, programs and district, along with ways to fund the budgetary requests required to meet those needs.

In November 1996, I presented the proposed budget parameters to the School Board for consideration. The parameters were approved in December 1996 and subsequently included in the fiscal policies. These parameters were reviewed in January 2004 and became the basis for the 2004-05 budget. Each Board workshop included discussion of budget issues including a review of available resources and projected costs for budget requests. These reviews continued through June 2004.

To assist the District in evaluating the long term economic effects of budget decisions, the District developed a Comprehensive Accounting Budget Model (CABM) almost three years ago which was used to build the budget. This model uses two prior years, the present year, and five future years to project financial results. Continuous utilization of the "CABM" model is critical as we are asked to do more with less.

The Budget Steering Committee met once to review capital outlay requests for submission to the Capital Outlay Committee. Thereafter the members met semi-monthly as the Superintendent's cabinet to discuss budget issues as part of the regular cabinet agenda. As in previous years, the Capital Outlay Committee reviewed the capital needs of the district and recommended capital improvements projects for 2004-05.

A final workshop on budget issues was held June 22, 2004 to consider budget recommendations and to review the latest available revenue projections. This workshop was followed by the formal required public hearings on July 27, 2004 and September 14, 2004. The original budget received final approval at the conclusion of the September hearing. Throughout the fiscal year, adjustments

are made to the budget to respond to changing conditions. These adjustments are included in monthly budget amendments, which are submitted to and approved by the School Board.

2004-05 Budget Issues

The Legislature increased the statewide base student allocation (BSA) by \$40.23 or 1.11%. The District received only 4.76% new money from all legislative sources to address District needs including Choice, Class Size and employee compensation.

The School Board has limited control over the millage rate with approximately 68 percent of the rate being mandated by state policy. The actual rate decreased 1.5% from last year to a total of 8.122 mills of which 6.122 is for operations and 2.000 for Capital Outlay. The decrease in the 2004-05 rate is due primarily to an increase in the state-wide property tax roll.

The process to align the school staffing model to available resources merits additional discussion. The key concept is to provide a standard of service in programs and staff within available resources that supports the primary goal of maximizing student achievement.

Staffing Model Alignment

The staffing model used for 2004-05 was adjusted to reflect staffing needs for Choice and to meet class size requirements. Sufficient staffing was provided to serve established individual school capacities under Choice. In addition, the District allocated 100 new units specifically for class size reduction.

The district maintains a "stretch goal", within the operating budget parameters, of at least 63% of resources for direct instruction to help ensure that resources continue to be focused on the classroom to the greatest extent possible. The budgeted 2004-05 percentage is 64.8% while the expenditure percent for 2003-2004 was 61.6%

The indirect category includes many costs at the schools and many activities that directly impact students. Among these are psychologists, social workers, media specialists, transportation, and school-based administrators, as well as data processing, finance, budget, personnel, and a host of other essential district functions. District-level administrators represent less than 1% of the total number of budgeted positions.

Other Funds

The district's Capital Outlay Fund, encompassing the major construction and renovation projects as well as purchases of school buses, technology and other equipment, continues to rely on the two mill capital outlay levy. The District Facilities Work Program was updated as required and approved by the Board on August 24, 2004.

The District participated in State bond issues in February 2000 and July 2001, which pledged recurring state capital outlay funds and will be retired in twenty years. The district also bonded our "Classrooms First" funds to complete the facilities agreed to in the stipulations on the district's Unitary Status.

The Food Service Fund continues on a self-supporting basis, with meal prices remaining the same as last year.

Conclusion

The budget process, as with all of our activities, is subject to continual improvement. As we strive to meet the needs of students in an increasingly complex world, we must make sure all of our resources are used most effectively to their benefit.

The budget is an important tool to assist us as we work together to make Pinellas County Schools an outstanding school district. I invite you to become more familiar with our financial plan and our organizational structure. We need your support and involvement as we seek to improve the quality of our daily lives. Positive things are happening each day in Pinellas County Schools due to the dedication and teamwork of parents and concerned citizens who share a common commitment to quality education for our students. On behalf of all the students, teachers and staff of Pinellas County Schools, I thank you for your continued interest and support.

VISION

Pinellas County Schools unites with the community to provide a quality education enabling each student to succeed.

MISSION

The mission of Pinellas County Schools is to create systems that align all resources to assure that each student achieves at her or his highest level.

GUIDING PRINCIPLES

The following guiding principles represent the underlying basis for integrating the overall customer and district's operational performance.

- Constancy of Purpose
- Commitment to Success for Each Student
- Celebration of Diversity
- Community of Lifelong Learners
- Innovation Through Continuous Improvement
- Commitment to Stakeholder Satisfaction
- A Meaningful Workplace Through Team Loyalty
- Highest Standards of Integrity

2004-05 DISTRICT COMPREHENSIVE PLAN STRATEGIC DIRECTIONS / GOALS

HIGHEST STUDENT ACHIEVEMENT

I. Each student will demonstrate proficiency in reading, writing, mathematics, and science and meet district graduation requirements.

SAFE LEARNING ENVIRONMENT

II. The district, schools, and community will work together to provide a safe learning environment.

EFFECTIVE AND EFFICIENT OPERATION

CORE PROCESSES

Partnerships

III. The district, schools and community will be actively involved to attain highest student achievement.

Integrated Management System

IV. The district and schools will use the Integrated Management System as the strategic framework for building effective and efficient operations.

Accountability Systems

V. The district will provide systems to ensure equality of opportunities for student learning, facilities, resources, student assignment, extra-curricular activities, transportation and administrative staff and faculty.

PINELLAS COUNTY SCHOOL BOARD OPERATING BUDGET PARAMETERS

I. Planned expenditures will be aligned with projected available revenue sources, excluding fund balances and reserves. We must commit to live within our means (applicable revenues) on an annual basis.

A. The target for total direct instructional expenditures will be 63% of the resources appropriated/available within the operating budget. Research indicates that Pinellas should be able to maintain its position in the upper ten percent of Florida school districts by focusing on this target for expenditures at the classroom level.

B. Ranges of direct costs for each specific program and/or program groups will provide for variations among schools and will be developed utilizing appropriate FEFP program cost data as required.

C. Programs funded through grants and fund raising activities will be expected to live within the funds available. Affected programs will be systematically reviewed to determine whether programs no longer funded from their original source are to be continued, modified, or eliminated. This review will utilize the three strategic directions (see IV below) as priorities in making this determination.

- II. To the extent resources are available; the operating fund unobligated contingency should be incrementally increased by approximately 1/2% each year until it reaches a level of 3% of the proposed operating budget. This reserve should be utilized as a "rainy day fund" to offset potential fluctuations in revenue and unanticipated/extraordinary expenditure needs.
- III. The district should maintain a reserve for continued implementation of the Unitary Plan.
- IV. The district's core curriculum needs to be preserved and related needs should be prioritized utilizing our three strategic directions:
 - A. Highest Student Achievement
 - B. Safe Learning Environment
 - C. Effective and Efficient Operation
- V. The School Board will continue its commitment to adequately and fairly compensate its employees. To the extent resources are available, budget plans will be developed on the basis of at least keeping pace with the cost of living with respect to salaries, and remaining competitive within the Tampa Bay area. A high performing workforce can only be maintained when the importance of positive employee morale is recognized and reinforced by the system.

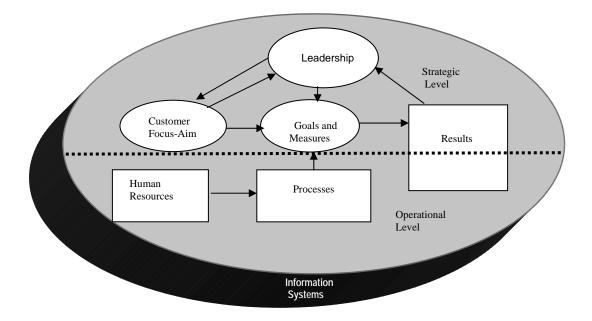

- VI. Given that the State of Florida funds less than sixty percent of our operating budget from state sources, the district will continue to levy the maximum allowable non-voted (required and discretionary) ad valorem taxes consistent with all requirements of the FEFP, and identified district needs.
- VII. Budget planning must take any form of "administrative redirection" as imposed by the Florida Legislature into consideration. Expenditures must continually be monitored and aligned to prevent a penalty for not meeting redirection guidelines.

LINKAGES SYSTEM

Linkages is a planning format fashioned after the Malcolm Baldrige Award categories used in the Superintendent's Assessment. Planning, training and conversation throughout the district use the Linkages system to insure an integrated approach to doing business. This common planning model is used consistently for all planning needs related to:

- Florida's System of School Improvement and Accountability
- District Comprehensive Plan
- Superintendent's Quality Challenge
- School Improvement Plans
- Division and Department Improvement Plans

School Board of Pinellas County

Explanation of Rolled-Back Millage Rate

In an effort to eliminate automatic revenue growth due to increasing property values, the Florida Legislature enacted statutes known as **Truth-in-Millage (TRIM)**. TRIM requires a calculation of the change in millage rates from one year to the next called the **"Rolled-Back Rate"**. The "rolled-back rate" is the millage that would be necessary to generate the **same amount of dollars** as the previous fiscal year, after adjusting for new construction. The proposed millage rate is compared to the "rolled-back rate" and translated into a percentage of increase that **must** be used in the published advertisements of the proposed School Board budget.

Since the county-wide property value generally increases from year to year due to increased assessments, the "rolled-back rate" will **normally** be less than the proposed millage levy. It is also important to note that maintaining revenue at the same level as the previous year does **not** provide for funding new student growth or basic inflationary cost increases.

The TRIM statutes also dictate the form and placement of the budget advertisements, as well as the order of business during the budget hearings.

PINELLAS COUNTY SCHOOL BOARD SUMMARY OF PROPERTY TAX RATES 1970/71 to 2004/05

SUMMARY OF PROPERTY TAXES

2004-05

- A. The value placed on real property for tax purposes is known as "assessed valuation". The total taxable assessed valuation in Pinellas County, as certified by the Pinellas County Property Appraiser as of June 23, 2004, was \$ 54,946,057,068.
- B. Millage -- One mill is equal to one tenth of one cent.
 - (1) The value of a mill is based on the total taxable assessed valuation of property in Pinellas County.
 - (2) When taxes are levied, one mill is to be paid for each \$1.00 of taxable assessed valuation. This is more commonly known as \$1.00 for each \$1,000.00 of taxable assessed valuation.
 - (3) The total value of one mill in Pinellas County, as of June 23, 2004, was \$ 54,946,057.
 - (4) The School Board must budget at least 95% of the value of each mill levied for schools. Thus, the value of one mill for School Board budgeting purposes is: $95\% \times $54,946,057 = $52,198,754$.
- C. The following chart provides historical information on School Property Taxes levied in Pinellas County by year since 1970/71.

How To Read The Budget

The terminology and coding in this document are based on the guidelines and requirements of the Florida Department of Education's *Financial and Program Cost Accounting and Reporting for Florida Schools* ("Redbook"). The Redbook requires that the District budget and monitor its activities by a *Fund* accounting system; and within each fund, maintain accounts by *Function*, *Cost Center*, and *Object*. The following definitions outline the basics of the fund accounting system; please see the Appendix of this document for explanations of other terms.

Fund

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other resources together with liabilities, equities, and balances, which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

The School District's budget is divided into the following funds, based on formats prescribed by the Florida Department of Education.

Operating Fund

Represents the budget for day-to-day operation of the School District. Also known as the **General Fund.**

Capital Outlay Fund

Concerns the purchase of school sites, construction of buildings, remodeling and renovation of existing facilities, and the equipment, library books and audiovisual materials needed to equip these capital projects. Also includes certain types of maintenance projects, school buses, equipment and, under specific conditions, instructional materials needed by the District.

Debt Service Fund

Concerns the payment of long-term debts incurred in prior years by the School District.

Contracted Programs Fund

(A Special Revenue Fund)

Concerns funds provided to the School District to accomplish particular projects. The source of such funds is usually the Federal Government. These funds may come either directly to the School District or through a State Agency. This budget is typically at its lowest point at the beginning of the fiscal year, since the District is permitted to budget grant balances only and cannot budget anticipated new contracts or projects until they are actually awarded.

School Food Service Fund

(A Special Revenue Fund)

Concerns the revenues and expenditures related to the operation of the District's School Food Services Program.

Internal Services Fund

Internal Service. These funds are used to account for the financing of goods or services provided by one department to other departments on a cost reimbursement basis. Self-insurance funds are included in this Fund.

Trust & Agency Fund

With the implementation of GASB 34 the Trust and Agency fund has been eliminated. The Trust portion is now part of the operating fund. The Agency portion is reflected as an Agency fund. This fund accounts for money and property received from non-enterprise fund sources held by a governmental unit in the capacity of trustee, custodian, or agent for other governmental entities, individuals, and non-public organizations.

Function

The action or purpose for which a person or thing is used or exists. Function includes the activities or actions, which are performed to accomplish the objectives of the enterprise. The activities of the school system are classified into five broad areas: *Direct Instruction, Instructional Support, General Support, Maintenance,* and *Community Service/Debt Service/Transfers.* The following lists the functions and their codes used in the Pinellas County School District.

5000 Direct Instruction

- 5100 Basic or Regular (K 12) Instructional Programs
- 5200 Exceptional Student Education Programs
- 5300 Vocational-Technical Education Programs
- 5400 Adult General Education Programs
- 5500 Other Direct Instruction Programs (such as Pre-Kindergarten)

6000 Instructional Support Services

6100 Pupil Personnel Services, including:

- 6110 Attendance and Social Work
- 6120 Guidance Services
- 6130 Health Services
- 6140 Psychological Services
- 6190 Other Pupil Personnel Services
- 6200 Instructional Media Services
- 6300 Instruction and Curriculum Development Services
- 6400 Instructional Staff Training Services

7000 General Support Services

- 7100 School Board
- 7200 General Administration (including Superintendent)
- 7300 School Administration (including Principals)
- 7400 Facilities Acquisition & Construction
- 7500 Fiscal Services
- 7600 School Food Services
- 7700 Central Services, including:
 - 7710 Planning, Research, Development, and Evaluation Services
 - 7720 Information Services
 - 7730 Staff Services
 - 7740 Statistical Services
 - 7750 Data Processing Services
 - 7760 Internal Services
 - 7790 Other Central Services
- 7800 Pupil Transportation Services
- 7900 Operation of Plant

8000 Maintenance

8100 Maintenance of Plant

9000 Community Services, Debt Service, & Transfers

- 9100 Community Services
- 9200 Debt Service
- 9700 Transfer of Funds

Cost Center

A school, department or location to which fiscal responsibility is assigned. Cost centers are assigned a four-digit number in the district's accounting system. Generally, school cost centers end in "1"; departmental cost centers end in "0".

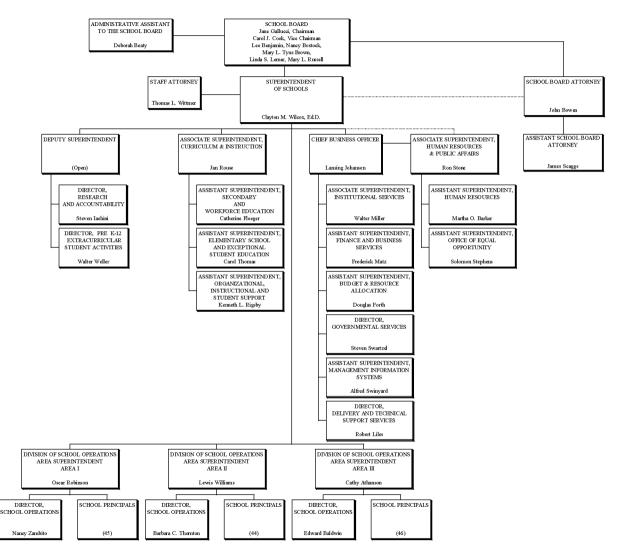

Cost center accounts may include various functions and objects, depending on the mission of the unit.

Object

The service or commodity obtained as the result of a specific expenditure. The following list of objects provides the major object codes used in the Pinellas County Schools; however, it is not a complete listing of all object codes used.

OPERATING FUND BUDGET

ANNUAL BUDGET

OPERATING (GENERAL) FUND

The Operating Fund, also known as the General Fund, is the primary budget for the day-to-day operations of the School District. The main revenue source for the Operating Fund is the **Florida Education Finance Program (FEFP).** This system of financing the operation of Florida public schools bases funding allocations on the number of students (**FTE**), rather than on the number of teachers or school facilities. The FEFP includes both state and local revenue. The major source of state FEFP revenue is **sales taxes**. The main source of local FEFP revenue is **property taxes**. The FEFP defines a number of instructional programs that are used to account for and distribute funds. The *Base Student Allocation* revenue amount set by the Legislature is multiplied times a *District Cost Differential* to determine the **value of one FTE** for each program is multiplied times this value to arrive at the FEFP revenue. Other major revenue sources for the Operating Fund include state **categoricals**, which are restricted in their use to certain types (categories) of expenditure. Examples of 2004-05 state categoricals are Instructional Technology, Transportation, and Instructional Materials funds. Adult programs are funded by the **Workforce Development** allocation as part of a move toward performance based program budgeting.

*Includes Base FEFP Revenue, Safe Schools Allocation, the ESE Guarantee, and the Supplemental Academic Instruction allocation.

The most significant expenditures in the Operating Fund are for the **Direct Instruction** function, which includes teacher salaries and classroom materials. The **Instructional Support** function, including guidance, instructional media, attendance and other services, is another major expenditure group. The appropriations presented in this document summarize the budget by function and major object of expenditure.

PINELLAS COUNTY SCHOOLS 2004/05 OPERATING FUND RESOURCES \$ 779.827 Million

The primary sources of revenue for the Operating Fund are provided through the Florida Education Finance Program (FEFP). The FEFP was instituted by the Florida Legislature in 1973 to fund public schools education based on the number of students participating in a particular educational program rather than upon the number of teachers or classrooms. In 1997/98, the funding for adult education programs was removed from the FEFP and allocated through a new formula called Workforce Development.

The State provides approximately two-fifths of the 2004/05 Pinellas District resources from the State's general revenue (mainly sales tax) and about 15% from other sources including Lottery funds.

In order to receive the State FEFP funds, the District must levy property taxes at a required level; in 2004/05 this is 5.504 mills. The District may also levy a '"discretionary'" property tax for operations. The '"regular'" discretionary property tax has been capped at 0.510 mills since fiscal year 1992. In 1995, the legislature enacted authority for an additional levy; the 2004/05 supplemental authorization is 0.108 mills. (The District also levies 2 mills in property taxes for capital improvements, not shown on this chart.)

Other resources for the Operating Fund include adult vocational course fees, interest earnings, transfers from other funds such as capital outlay, and uncommitted funds in the Operating Fund balance. Less than 1% of the resources in this fund are received from the Federal government.

* FEFP Revenue is computed by multiplying weighted FTE times Base Student Allocation (BSA), times District Cost Differential (DCD). For fiscal year 2004-05, the proposed BSA is \$ 3,670.26; the DCD is 1.0110 This means that each weighted FTE generates \$ 3,710.63 in FEFP revenue for Pinellas.

PINELLAS COUNTY SCHOOLS 2004/05 OPERATING FUND APPROPRIATIONS BY FUNCTION \$ 779.827 Million

Approximately 65% of the Operating Fund is required for Direct Instruction expenditures. Instructional Support, which includes guidance, instructional media, and curriculum and instruction, accounts for 7% of Operating Fund requirements. More than three-fourths of the other support expenditures, which make up about 28% of the Operating Fund budget, are for operation of facilities, school administration and pupil transportation. The remainder provides for central administration and support services such as data processing, accounting and purchasing. The estimated fund balance at the end of fiscal year 2005 is not included in these figures.

PINELLAS COUNTY SCHOOLS 2004/05 OPERATING FUND APPROPRIATIONS BY OBJECT \$ 779.827 Million

This chart presents another view of the District's Operating Fund requirements (excluding Fund Balance), categorized by object of expenditure. About 86% of the operating appropriations are for personnel - related costs. Nearly two-thirds of the appropriations are for salaries. Another 28% is needed for the District's share of employee benefits such as health insurance and pension contributions. The "other" expense category is primarily salary allocations between cost centers for maintenance and other activities. Only about 14% of the District's Operating appropriations are for services, supplies and other expenses. About 1% of the appropriations are for capital outlay, such as equipment. Some of these expenditures are supported by transfers from capital outlay fund.

GENERAL FUND APPROPRIATIONS SUMMARIES:

OBJECT CATEGORY BY COST CENTER

MAJOR FUNCTION BY COST CENTER

PROJECT ACCOUNT

The following tables present three views of the operating fund budget in more detail.

The first part of this section lists the amount budgeted for each cost center by **major object category** (e.g., salaries). School cost centers are grouped and summarized by level. Other cost centers are grouped according to the district organization. It should be noted that the budgets for each center may include categorical or other restricted funds (e.g., instructional technology). Non-school cost centers may also include costs which are initially budgeted on a district-wide level (e.g., substitute teachers) but are actually school-level expenditures.

The second part of this section lists the amount budgeted for each cost center by **major function** (e.g., direct instruction). The same levels of summarization, and the same cautions regarding school vs. district budgets, noted for the object category table also apply to this table.

The third part of the section is a summary of the operating fund by **project account**. This dimension of the district's accounting system is used to allocate and control budgets across cost centers. Project accounts do not necessarily include all expenditures which could be related to the subject. The term "project accounts" in this fund does not refer to specific construction or renovation projects, although some of the latter are budgeted in this fund.

SCHEDULE OF BUDGETED POSITIONS BY COST CENTER

ANNUAL BUDGET

SCHEDULE OF BUDGETED POSITIONS BY COST CENTER

This section presents an overview of the personnel positions budgeted by the district in the operating (general) fund. It should be noted that these are approved authorizations, not actual filled positions.

This is a listing, by cost center, of the number of full time units and equivalent "partial unit" hours budgeted in fiscal 2003-04. The first column following the cost center number and name for school centers shows the unofficial enrollment as of the "ten day count" on August 18, 2003. The following columns are grouped by function. The heading *DIRECT INSTRUCTION* shows units in the "5000" series of functions, *Basic, Exceptional, Vocational, and Adult*. Positions in this group are further divided into *Instructional* (positions under object code 0120, Teachers) and *Others* (all other object codes). Under the heading *INSTRUCTIONAL SUPPORT* are the positions in the "6000" series of functions. Positions in this group are further divided into *Administrative* (object code 0110), *Instructional* (object code 0130, Other Certificated Personnel), and *Others* (all other object codes). Finally, the heading *GENERAL SUPPORT* includes positions in the "7000", "8000", and "9000" functions. Positions in this group are further divided into *Administrative* (object code 0110) and *Others* (all other object codes).

A total number of full time equivalent units is shown for each cost center, with subtotals by organizational grouping, totals for each column, and a grand total.

Non-operating fund positions, such as those funded by federal grants, are not included in this section. Please see the Appendix or the Budget Summary discussion "How to Read the Budget" for an explanation of function and object codes.

CAPITAL OUTLAY FUND BUDGET

ANNUAL BUDGET

CAPITAL OUTLAY FUNDS

Capital Outlay Funds are used to account for major construction, renovation and remodeling projects and for certain types of major equipment purchases. There are significant legal restrictions on the uses of capital outlay funds. For the last two decades, the Pinellas County School District has financed capital projects on a "pay-as-you-go" basis; that is, without borrowing (issuing bonds). In February 2000, the district participated in a state bond issue pledging its capital outlay and debt service (CO&DS) revenue. In addition, the District has bonded its annual distribution from "Classrooms First" allocations as funds are needed to complete planned projects. The District maintains a multi-year capital outlay plan which is updated and approved annually by the School Board. This plan is primarily based on a comprehensive Educational Plant Survey which is conducted every five years by each district in the state. The District is required each year to prepare a tentative district facilities work program prior to adoption of the district school budget. The tentative district facilities work program must include: major repairs and renovations; construction projects to ensure available student stations; projected costs of projects; estimated capital outlay revenues; projects to be funded from current revenues; options for generating additional revenues; and other data related to the capital program. The District is required to provide opportunity for public comment on the tentative district facilities work program prior to approval of the work program and school budget. Pinellas County Schools is in the process of updating its tentative district facilities work program. The projects reflected in this document are based on a draft of the work program. The work program will be finalized and presented to the School Board for public comment on August 24, 2004 prior to the adoption of the final budget on September 14, 2004.

Capital Outlay funds available to the Pinellas District are primarily five types:

Local Option Property Taxes, also known as Two-Mill Funds or 1011.71(2) Funds.

The District is permitted to levy property taxes in support of capital outlay projects. This levy has been capped at two mills since 1989-90. Before these funds can be expended on a project, the public must be notified through newspaper advertisements which follow prescribed statue formats. Projects are advertised as part of the TRIM budget hearing and approval process. In addition, changes to the advertised list of projects may subsequently be made by means of additional advertisements and public hearings.

Public Education Capital Outlay, or PECO, Funds

These funds are allocated by the State of Florida to the various school districts based on formulas which take into consideration both student enrollment growth and the amount and age of facilities. The main source of PECO is the gross receipts tax on utilities. In recent years, the state issued bonds to accelerate the availability of PECO funds. The state-level commitment to repay this debt reduced the amount of new PECO dollars allocated to school districts beginning with fiscal year 1994-95.

Classrooms for Kids

These funds are allocated by the State of Florida to the various school districts based on formulas which take into consideration both student enrollment growth and the amount and age of facilities. The funds are allocated pursuant to Section 1013.735(1) F.S., and are provided thru the issuance of Lottery Revenue Bonds. These funds are to be utilized by the District in order to increase capacity to reduce class size.

District Effort Recognition

The District is eligible for this funding because of its involvement with the County through the "Penny for Pinellas" sales tax agreement. The funds are allocated pursuant to Section 1013.736(1),F.S., and are provided through the issuance of Lottery Revenue Bonds. The allocation is based on a formula that considers the amount of revenue levied and the number of months remaining. These funds must be used for capital outlay to reduce class size.

Other Capital Funds

Other resources for capital outlay projects include State Capital Outlay and Debt Service (CO&DS) allocations of motor vehicle license revenues; Classroom First funds; "Penny for Pinellas" funds and Racing Commission funds.

MAJOR NEW CAPITAL OUTLAY REVENUES

NOTICE OF TAX FOR SCHOOL CAPITAL OUTLAY

The Pinellas County School Board will soon consider a measure to continue to impose a 2.000 mill property tax for the capital outlay projects listed herein.

This tax is in addition to the school board's proposed tax of 6.122 mills for operating expenses and is proposed solely at the discretion of the school board.

THE PROPOSED COMBINED SCHOOL BOARD TAX INCREASE FOR BOTH OPERATING EXPENSES AND CAPITAL OUTLAY IS SHOWN IN THE ADJACENT NOTICE.

The capital outlay tax will generate approximately \$104,397,508 to be used for the following projects:

DEBT SERVICE FUND BUDGET

ANNUAL BUDGET

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the payment of principal and interest on bonds or other long-term debt instruments issued by the school district, or on debt instruments issued by the State of Florida in which the district participated. These bonds are used to finance capital improvements. For the last two decades the Pinellas County School District has financed capital projects on a pay-as-you-go basis; that is, without borrowing (issuing bonds). In February 2000, the district participated in a state bond issue pledging its capital outlay and debt service (CO&DS) revenue. These bond proceeds will be used for construction projects found in the district facilities work program. In July 2001, the district participated in a supplemental bonding of additional CO&DS revenue.

There are presently two outstanding debt issues for the Pinellas District:

State Board of Education (SBE) Series 2000-A (issued 2000)

The district participated in this State bond issue. Capital Outlay and Debt Service (CO&DS) revenue from motor vehicle licenses is pledged to support the debt requirements. This is the first bond issue on behalf of the district since a similar issue in 1979.

State Board of Education (SBE) Series 2001-A (issued 2001)

The district participated in this State bond issue. Capital Outlay and Debt Service (CO&DS) revenue from motor vehicle licenses is pledged to support the debt requirements. This bond issue represents additional available motor vehicle license revenue, which was bonded upon the request of the state.

DEBT PER CAPITA

As of July 1, 2004 the total outstanding debt for the district, including principal and interest, was \$ 64,770,813. The estimated resident population of Pinellas County in 2002 was 932,844. This calculates to approximately \$ 69.43 in debt per capita. This does not include net overlapping debt from other governmental jurisdictions.

CONTRACTED PROGRAM FUND BUDGET

ANNUAL BUDGET

CONTRACTED PROGRAM FUNDS

Contracted Program Funds are used to account for activities funded by grants. The source of these funds is usually the Federal government, although some funds are passed through State agencies rather than being received directly by the district.

This budget is typically at its lowest point at the beginning of the fiscal year. The district is only permitted to include in the budget the balance of those funds that have been approved and are available as of July 1. Anticipated new contracts or projects cannot be budgeted until they are actually awarded. This situation results in misleading comparisons when the new year's budget is compared to the prior year's amended budget. While it is impossible for the district to accurately predict the amounts of grants which will eventually be awarded by the Federal government, at this time (July, 2004) it is anticipated that the eventual total will be similar to the \$31 to \$93 million received for fiscal years 1995 through 2004.

	Original Budget (Funds on Hand at July 1)	Final Budget

INTERNAL SERVICE FUND BUDGET

ANNUAL BUDGET

INTERNAL SERVICES FUND

Internal Service funds are used to account for the financing of goods or services provided by one department to other departments on a cost reimbursement basis. The district's self-insurance fund for Workers' Compensation and Liability Insurance is included in this fund group. Expenditures in these funds are supported by charges to the appropriate schools or departments in other funds. Due to the implementation of GASB 34, Central Printing, which was once a part of this fund, has been moved to the Operating fund. Central Printing will continue to function as it always has on a self-supporting basis.

Guiding Principles

The following core values and concepts represent the underlying basis for integrating the overall customer and district's operational performance requirements.

(1) Constancy of Purpose:

Pinellas County Schools maintains constancy of purpose through its Deming-based philosophy by focusing on continuity among beliefs, strategic directions, and goals. Through constancy of purpose, our vision remains a clear focal point for all stakeholders.

(2) Commitment to Success for Each Student:

A passion for the success of each student serves as the single most important driver of success for Pinellas County Schools.

(3) Celebration of Diversity:

Pinellas County Schools celebrates the diversity represented in our workforce and our classrooms. We are guided by the principle that in creating and maintaining a culturally sensitive environment, we honor the value, rights, and responsibilities of each individual.

(4) Community of Lifelong Learners:

By embracing a commitment to learning for all stakeholders, Pinellas County Schools enables each person who contributes to the success of our students to be prepared to use the most effective practices available and to satisfy the innate need to learn. This principle guides our work with students, suppliers, partners, employees, and all other stakeholders.

(5) Innovation Through Continuous Improvement:

Through systematic process improvement and a focus on innovation, Pinellas County Schools is continually renewed in its approaches aimed at achieving world-class education for its students.

(6) Commitment to Stakeholder Satisfaction:

The diverse needs and requirements of Pinellas County Schools' many stakeholders are continuously assessed and incorporated into our strategies for reaching unparalleled levels of satisfaction.

Guiding Principles

(7) A Meaningful Workplace Through Team Loyalty:

Workforce loyalty to the success of all workers in the system and a commitment to teamwork serve to support a culture of collegiality and positive development of the human dynamics within Pinellas County Schools.

(8) Highest Standards of Integrity:

The guiding principle of integrity is best defined by our desire to be known for the high value we place on a commitment to character, the development of a competent workforce, and a risk-free culture characterized by courageous, innovative thinking.

GLOSSARY

Ad Valorem Tax (property tax): A tax levied primarily on real property. The amount of tax is determined by multiplying the taxable assessed value of the property times the millage rate. Pinellas County property owners pay ad valorem taxes to the County, the Pinellas School District, municipalities, and a number of independent taxing authorities.

Appropriation: An authorization made by the School Board which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period in operating funds.

Assessed Valuation: The estimated value placed upon real and personal property by the County Property Appraiser as the basis for levying property taxes.

Bond (Debt Instrument): A written promise to pay a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures.

BSA (Base Student Allocation): The dollar amount of revenue allocated by the Legislature for one FTE in the FEFP program. This amount is *not* sufficient to fund the total cost of providing education for one FTE student; it is simply the basic dollar allocation from which the FEFP revenue is calculated. Also see *Value of One FTE*.

Budget (Operating): A plan of financial operation embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceilings under which the School Board and its schools and departments operate.

Budget Steering Committee: A group appointed by the Superintendent to review potential budget changes for the upcoming fiscal year. The Superintendent's Cabinet (Deputy and Associate Superintendents), including the Operations Team (Area Superintendents), and various financial and support staff are members. School Board members also participate on an individual basis.

Capital Outlay (object of expenditure): Expenditures for the acquisition of fixed assets or additions of fixed assets. These are expenditures for land or existing buildings, improvements of grounds, construction of buildings, remodeling of buildings, initial equipment, and additional equipment. Typically, new construction and land acquisition are budgeted in the Capital Outlay Funds. In the operating fund, typical capital outlay items include vehicles, library books, audio-visual equipment, computers, software, and furniture.

Capital Outlay Funds: A specific group of funds created to account for financial resources to be used for the acquisition or construction of major capital facilities. There are statutory and regulatory restrictions on the use of capital outlay funds. Major capital outlay fund sources include *PECO*, *CO&DS*, and *Two-Mill* funds.

Categoricals: State revenue sources which are restricted in their use to certain types (categories) of expenditure. Examples of state categoricals are Instructional Technology, Safe Schools, and Instructional Materials funds. The number of categoricals, their funding level, and the limitations on their use are subject to annual approval by the State Legislature.

C&I: Division of Curriculum and Instruction. The Pinellas district division with overall responsibility for coordinating curriculum and instruction programs.

CO&DS (Capital Outlay & Debt Service): A type of capital outlay revenue distributed to districts by the state. The primary source of CO&DS funding is motor vehicle license fees.

Contracted Program Funds: Special revenue funds used to account for activities funded by grants (usually federal).

Cost Center: A school, department or location to which fiscal responsibility is assigned.

DCD (District Cost Differential): The factor used to adjust funding to reflect differing cost of living in the various districts throughout the state. The DCD is calculated using the Florida Price Level Index. Over the past few years, the DCD has been indexed in differing ways, making historical comparisons difficult. See *Value of One FTE*.

Debt Service: Payment of interest and repayment of principal to holders of debt instruments.

DEES: Department of Education for Exceptional Students. The Pinellas district department responsible for coordinating exceptional education programs.

Discretionary Millage: The portion of the ad valorem (property) tax rate which is nominally a local school board decision. While technically a local option, discretionary millage revenues are often included in state totals of "total potential revenue". Discretionary millage rates are capped by annual legislative action.

DOE: Department of Education (generally refers to the Florida Department of Education unless otherwise specified).

DOR: Department of Revenue (a state agency).

Employee Benefits (object of expenditure): Amounts paid by the school system on behalf of employees. These are contributions made by the district to designated funds to meet commitments or obligations for employee fringe benefits and are not included in gross salary. Included are the district's share of costs for Social Security and the various pension, medical and life insurance plans.

Encumbrances: Obligations in the form of purchase orders, contracts or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when an actual liability is established.

Energy Services (object of expenditure): These expenditures include electricity and diesel fuel as well as heating oil, gasoline, and bottled and natural gas.

Expenditures: Where accounts are kept on the accrual or modified accrual basis of accounting, expenditures are the cost of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purposes have been made.

FEFP (Florida Education Finance Program): The system, established in 1973, of financing the operation of Florida public schools. The FEFP bases funding allocations on the number of students, rather than on the number of teachers or school facilities. The purpose of the FEFP is to provide a consistent, equitable source of funding for public education in Florida. The FEFP includes both state and local revenue. The major source of state FEFP revenue is sales taxes. The main source of local FEFP revenue is property taxes.

Fiscal Year (FY): The twelve month period beginning July 1st and ending the following June 30th. Commonly referred to by the calendar year in which it ends, e.g., the fiscal year ending June 30, 2004, is Fiscal Year 2004.

FTE (Full Time Equivalent): An FTE is defined as one student in membership in one or more FEFP programs for a school year or its equivalent. In a typical program, this would be 900 hours of instruction per year; equal to six 50-minute periods per day, five days per week for 36 weeks. The definition varies for double sessions and other circumstances. FTE is determined by surveys of student attendance. The main FTE surveys occur in October and February.

Function: The action or purpose for which a person or thing is used or exists. Function includes the activities or actions which are performed to accomplish the objectives of the enterprise. The activities of the school system are classified into five broad areas: Direct Instruction, Instructional Support, General Support, Maintenance, and Community Service/Debt Service/Transfers.

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

Fund Balance: The excess of a entity's assets over its liabilities. A negative fund balance is sometimes called a deficit. Portions of fund balance may be *committed* (e.g., encumbrances) or *designated* (e.g., contingency) for specific purposes.

General Fund: The fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund is supported by taxes, fees and other revenues that may be used for any lawful purpose. Also called the *Operating Fund*.

General Obligation Bonds: When the district pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligation (G.O.) bonds. In Florida, a G.O. bond issue must be authorized by a public referendum.

Intergovernmental Revenue: A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the State and Federal governments. Grants are usually made for specified purposes.

Internal Service Fund: Funds used to account for the financing of goods or services provided by one department to other departments or schools of the district, on a cost reimbursement basis.

Materials and Supplies (object of expenditure): Amounts paid for items of an expendable nature that are consumed, worn out, or deteriorated in use, or items that lose their identity through fabrication or incorporation into different or more complex units or substances. Such items as classroom supplies, repair and maintenance materials, cleaning supplies, textbooks, and office supplies are included.

Mill: One thousandth of a dollar (one-tenth of a cent). The ad valorem (property tax rate) is normally stated in mills. For example, a ten mill levy would be a tax of ten dollars for every thousand dollars of taxable assessed property value.

Millage Rate: The ad valorem (property) tax rate. See Mill.

Object of Expenditure: The service or commodity obtained as the result of a specific expenditure. Expenditure classifications are based upon the types or categories of goods and services purchased. Typical objects of expenditure include salaries, employee benefits, purchased services, materials, and capital outlay.

Operating Fund: See General Fund.

PECO (Public Education Capital Outlay): A type of capital outlay revenue distributed to districts by the state. The primary funding source for PECO is the gross receipts tax on utilities.

Program: The FEFP defines a number of instructional programs that are used to account for and distribute funds. These programs, such as *Basic Education Grades K through 3*, Vocational *Job Preparatory*, and *Exceptional Education Support Level IV*, are intended to allocate funding based on the relative cost of providing differing types of instruction. For 2004-05, the state has defined 10 FEFP programs.

Program Cost Factor (Program Weight): A numeric value of the relative cost of providing an instructional program. The "Base Program", *Basic Education Grades 4 through 8*, is assigned a value of 1.000. Cost factors for other programs express how much greater or less expensive these programs are when calculated on a statewide basis. These are relative weights, not adjustments to support actual district expenditures. Current practice in the FEFP is to use three years' historical data to calculate the cost factors; however, this practice can be, and has been, modified on occasion to reflect legislative priorities.

Purchased Services (object of expenditure): Amounts paid for personal services rendered by personnel who are not on the payroll of the district school board, and other services which the Board may purchase. Examples are the costs of repair and maintenance services (not materials), utilities, rentals, communications, training, travel, legal, and fiscal services.

Redbook: Officially titled *Financial and Program Cost Accounting and Reporting for Florida Schools*, this is the state DOE manual which provides the structure for a uniform database for public school accounting and budgeting. The most recent edition was released in 2001.

Revenue Bonds: When a government issues bonds which do not pledge the full faith and credit of the jurisdiction, it issues limited liability revenue bonds. Typically, pledges are made to dedicate one specific revenue source to repay these bonds. In Florida, revenue bonds do not require voter approval.

RLE (Required Local Effort): The combination of ad valorem (property) taxes and fees which the school district is required to impose in order to receive state FEFP funds.

Rolled-Back Rate: A calculation mandated by the state which produces a fictitious ad valorem (property) tax rate for comparison purposes. This rolled-back rate is the rate which would generate the same amount of revenue in the new fiscal year as was produced in the previous fiscal year, less new construction and other adjustments. The purpose is to illustrate the impact of increases in the tax base for the required TRIM advertisements and public hearings.

Salaries (object of expenditure): Amounts paid to employees of the school system who are considered to be in positions of a permanent nature, including personnel under written contract substituting for those in permanent positions. Costs include salaries, overtime, supplements, and other direct payments to employees.

SBE/COBI Bonds: State Board of Education / Capital Outlay Bond Indebtedness Bonds are issued by the state on behalf of a local school district.

Staffing Model: A tool for estimating requirements for instructional and other positions for the upcoming school year. The model is based on projected enrollment and other factors.

Supplemental Discretionary Millage: A portion of the ad valorem (property) tax rate which is nominally a local school board decision. Approval of this millage requires a separate vote by the board.

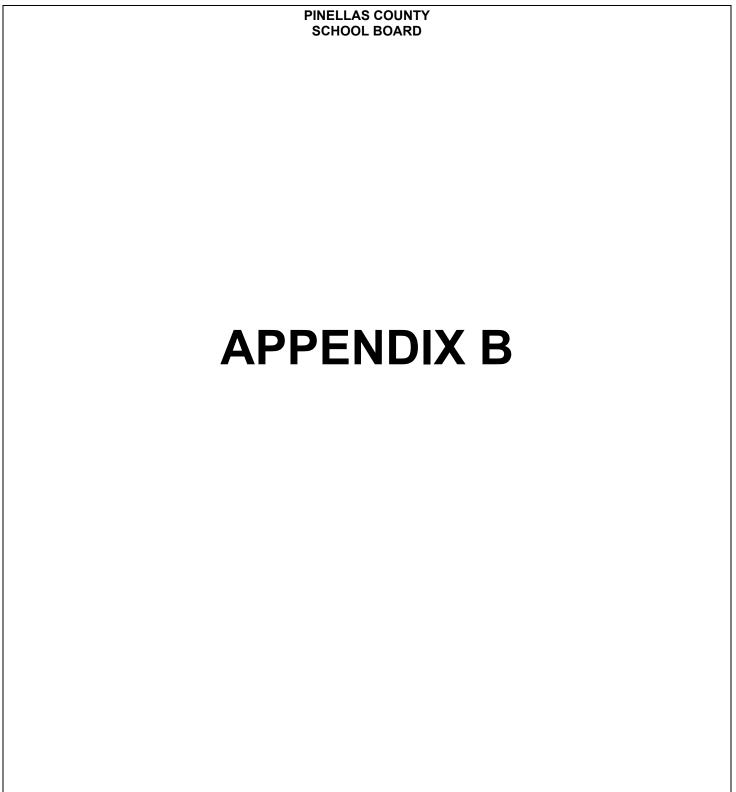

TRIM Act: The "Truth in Millage" Act, incorporated in Florida Statutes 200.065, requires that property owners be notified by mail of the proposed property taxes for the next fiscal year based on "tentative" budgets approved by the School Board, county, municipalities, and other taxing districts. The TRIM Act also includes specific requirements for newspaper advertisements of budget public hearings, and the content and order of business of the hearings.

Two Mill Funds: Revenue produced by an ad valorem (property) tax levy which may be authorized by the school board to support capital improvements. This levy has been capped at two mills since 1989-90 by the state legislature.

Value of One FTE: The amount of revenue which the district receives for one FTE can be calculated by multiplying the *Base Student Allocation* times the *District Cost Differential*. This value is then multiplied times the amount of *Weighted FTE* to arrive at the FEFP revenue for each program.

Weighted FTE: The amount of survey-determined FTE for a program, multiplied by that program's cost factor, yields the amount of weighted FTE.

Workforce Development: Formerly CTAE (Career, Technical, and Adult Education) department. The Pinellas District department responsible for coordinating vocational and adult education programs.

- A Pay-for-Performance Plan, consistent with Florida law, was implemented effective July 1, 2002, for eligible school-based administrative and instructional personnel. The plan provides a one-time 5% supplement applied to the base salary paid to qualifying employees during the 2004/05 school year.
- Late starters who are eligible for Level 2 or Level 4 must apply within thirty days of starting date.
- Placement on Level 4 of the Salary Schedule shall be made available to those teachers who have completed and verified all requirements for the Doctoral degree with the exception of the dissertation (ABD).

2004/05 INSTRUCTIONAL SALARY SCHEDULE

SALARY SCHEDULE CREDIT FOR EDUCATION LEVEL, EXPERIENCE, AND MILITARY SERVICE

All salaries are fixed according to Florida certificates and official college transcripts on file in the Personnel Office. Any change of salary resulting from a change in degree level prior to December 31 of the current school fiscal year will become effective on the date of degree shown on the official transcript. For non-degreed vocational teachers, the effective date will be the ending date of the term in which all course work is completed. Vocational course work requirements completed on or before September 1 will permit the salary adjustment as of the first day of duty in the current school fiscal year. If vocational course work is completed, or degree conferred after December 31 of the current school fiscal year, the salary adjustment will be made the next school fiscal year. It is the responsibility of the teacher to send to the Personnel Office an official college transcript reflecting the higher degree, in addition to the appropriate certificate application form, when applicable. All experience MUST be verified on a Pinellas County School Board form provided by the Personnel Department. Payment on the salary schedule is effective during the year verified and is not retroactive to previous school years. A degree utilized for salary purposes must have been awarded by an institution which was accredited at the time the degree was awarded or must have been validated by an accredited institution as covered under Department of Education procedures for implementation of applicable State Board Rule.

- 1. Credit on the instructional salary schedule will be granted for all verified public school experience in accordance with state law. If public school credit is less than eight (8) years, a combination of verified military, full time private school teaching experience and related work experience may be granted to a maximum of eight (8) total years.
- 2. Effective July 1, 2001 employees hired or rehired on the instructional salary schedule shall be provided credit for all years of teaching experience consistent with Florida statutes.
- 3. A maximum of three (3) years of credit is allowed for service in the armed forces of the United States subsequent to January 1, 1940.
- 4. Full-time vocational and/or technical shop and technical laboratory instructors, related instructors, cooperative coordinators, vocational business teachers, DCT teachers, and other related members of the unit will receive credit for each year required for state certification. One (1) year for each year or major fraction thereof, spent full-time in the occupation is acceptable up to a maximum of six (6) years. Should a teacher change positions and no longer occupy a full-time unit, he/she will lose all previously granted work experience.

2004/05 INSTRUCTIONAL SALARY SCHEDULE

- 5. Hourly and part-time teaching experience in Pinellas County Schools shall be allowed to teachers who subsequently are employed as regular full-time teachers. One (1) year of experience will be allowed for each fiscal year in which a teacher accrues at least nine hundred (900) hours. Such experience will be in addition to out-of-county, military and related work experience as prescribed above.
- 6. Long-term substitute teaching experience is allowed to teachers who subsequently are employed as regular full-time teachers. Long-term substitute teaching experience completed within three (3) years prior to accepting full-time assignment as a regular full-time teacher shall be granted. One (1) year of experience will be allowed for each fiscal year in which a teacher accrues more than one-half (1/2) the number of days in service in place of the same teacher. (Note: effective with the 2000/01 school year, the number of days will be 100 days for a ten-month teacher).
- 7. When salary and benefit agreements are reached, any approved retroactive payments due employees will be paid only to those in active pay status on the date of Board approval.
- 8. Except as otherwise provided for in these procedures, retroactive pay adjustments will apply to instructional employees assigned to work additional duty immediately prior to the beginning of their normal contract year.
- 9. The Artist's Portfolio Assessment form shall be used to provide a maximum of six (6) years credit for prior experience for instructors in programs for the performing arts in designated magnet schools in Pinellas County whose experience cannot be authorized under existing Personnel Department procedures. Any experience granted for instructors utilizing this process shall be retroactive only to the initial date of hire in the year in which the Board approves the form. There shall be no retroactive adjustments beyond the year in which the form is received.

For initial placement on the salary schedule, experienced therapists hired new to the district may be granted up to six (6) additional years of experience based on previous employment specifically in the field of therapy for which they are employed by the Board.

2004/05 SALARY SCHEDULE FOR INSTRUCTORS IN SELECTED MAGNET PROGRAMS

Full-Time Teachers: Full-time teachers in this program will be paid according to the regular 10-months Instructional Salary Schedule, with the following exceptions:

- 1. Teaching experience and/or professional performance in the area being taught by non-certificated teachers in the selected magnet programs will be allowed to a maximum of six (6) years.
- 2. Teachers in the selected magnet programs employed in areas for which they possess expert skill and do not hold a Florida teaching certificate will be employed under provisions of School Board Policy 8.29(7), (no certificate required).
- 3. Teachers who teach additional periods shall be compensated per instructional supplement salary language specified in General Guidelines, Section 3, Instructional.

Part-Time Teachers:

- 1. Teachers employed for more than 3-1/2 hours per day will be paid on a fractional basis, based on the 10-months Instructional Salary Schedule as noted above for full-time teachers. The net time for computing the salary is seven (7) hours per day.
- 2. Teachers employed for 3-1/2, or less, hours per day will be paid an hourly salary computed as follows:
 - a. Use the 10-months Instructional Salary Schedule as a base.
 - b. Apply the exceptions stated above for "full-time" teachers to determine a place on the schedule.
 - c. Divide the 10-months salary thus determined by 1485 hours (7-1/2 hours x 198 days = 1485 hours per year) to determine a base hourly rate.
 - d. To compensate ineligibility for fringe benefits, add to the base hourly rate determined in #2.c. above, a factor of 20% to determine the hourly rate to be paid, (i.e., 1.20 x base hourly rate).

Artist in Residence: Personnel used in a temporary capacity as "Artist in Residence" will be paid as Contracted Services Employees.

2004/05 SUPPLEMENTARY SALARY SCHEDULE

GENERAL GUIDELINES

Personnel paid on the Exempt Salary Schedule are ineligible for supplements, unless otherwise approved by the Superintendent or his designee.

Non-exempt personnel are not eligible for supplements listed under the Supplementary Salary Schedule due to the constraints of the Fair Labor Standards Act.

Supplement rates paid during the regular school year are based on ten (10) months of duty. Supplements authorized for extended duty time shall be paid on a prorated daily basis.

Effective July 1, 2000, an increase not to exceed ten percent (10%) of the base supplement shall be provided for each three (3) years of continuous Pinellas in-county experience, to a maximum of ten (10) years, in a supplemented extracurricular position for which experience is currently granted.

Supplements are considered to be based on full-year activities and will be prorated in the case of teachers who start late or terminate before the end of the school year.

All supplements will be paid in no more than two (2) installments, with the exception of designated positions as agreed to through contract negotiations.

It shall be the responsibility of the principal or other designated agent of the Board to recommend, on an annual basis, those individuals who are to receive salary supplements. Should special circumstances dictate, the principal may realign the nature of supplements. All supplements shall expire on the last day of the employee's work year.

No person assigned to an extra-duty position will acquire professional services contract status in that position.

Personnel to be paid from funded projects will be paid in accordance with applicable salary schedules.

2004/05 SUPPLEMENTARY SALARY SCHEDULE

1. ATHLETIC SUPPLEMENTS

Effective July 1, 2001, but retroactive to July 1, 2000, supplement holders will be eligible for experience credit in establishing the value of supplements held each year. The procedures below outline the guidelines to be used in establishing supplement amounts in extracurricular sports:

- Experience will be earned on the basis of each full season completed in a given sport.
- If an employee agrees to accept a second supplement, the years of experience from the first supplement will be applied to both sports.
- Payment for experience for all coaching supplements assigned will be based on the experience level (number of years) of the supplement for which the coach has the greatest number of years of experience.
- Experience will be portable and can be transferred from supplement to supplement regardless of the level of the supplement.
- In the event an employee breaks service in coaching and later returns, the creditable years of experience on file at the time of termination will be applied to the new coaching assignment.
- Athletic supplements will be paid at the end of each sport season. Eighty percent (80%) of the amount of the football supplement will be paid at the end of the fall season, and twenty percent (20%) will be paid at the end of the spring season.
- The Athletic Coordinator position at the high school level shall be paid at \$10.00/hour, not to exceed \$5,000 (500 hours) for the applicable school year.

2. EXEMPT

School based Principals having responsibility for off-site programs will receive a supplement of \$50 per month, to a maximum of \$500 per year.

Newly appointed administrators assigned to work prior to their official starting date may be paid at the exempt rate specified for the position.

The Superintendent is authorized to establish exempt employee supplements to provide for unique administrative circumstances. Such supplements shall be submitted for Board approval at the time the exempt employee is assigned to assume the responsibilities for which the supplement is paid. A record of supplements for exempt employees shall be maintained in the Personnel Department.

Effective with the 1998/99 school year, a \$2,000 supplement will be provided for administrators with an educational specialist degree or "all but dissertation" and \$3,000 to those with a doctorate earned at an accredited higher education institution that was accredited and accepted by the State of Florida at the time the degree was conferred.

2004/05 SUPPLEMENTARY SALARY SCHEDULE

3. INSTRUCTIONAL

The number of teachers included in departments, teams, or grade levels, may not exceed the number of teachers assigned to the school, (i.e., no teacher may be included in more than one (1) department for establishing supplement rates).

No teacher may draw supplements for more than two (2) activities/athletics unless approved by the Personnel Department, with the exception of middle school personnel who may receive three (3) supplements.

If paraprofessionals are used full time in a department in lieu of teacher units, they may be included in the number of teachers for determining department chairperson supplements on a ratio of two (2) paraprofessionals equal one (1) teacher unit.

For schools using the 4x4 scheduling process, instructional personnel will be paid on a 5/7 contract if teaching two (2) 90-minute periods. This contract will also include a planning period and a paid lunch.

Teachers in programs approved by the Associate Superintendent, Curriculum & Instruction, who are authorized to teach six (6) periods in a day will receive a salary sixteen percent (16%) greater than that shown on the salary schedule. Teachers who are authorized to teach seven (7) periods in an eight (8) period day will receive a salary twelve percent (12%) greater than that shown on the salary schedule. Teachers in schools using the 4x4 scheduling process who are authorized to teach four periods in a day will receive a salary twenty five percent (25%) greater than that shown on the salary schedule. This additional salary will be paid in the form of a supplement and will cover those days during which students are present.

The IB/CAT Coach supplement is paid through the 16% supplement for duties relative to academic coaching in the IB/CAT programs.

Teachers assigned to teach in the Child Care Program will be paid their hourly base rate earned during the 2004/05 school year, according to the Instructional Salary Schedule (hourly rate to be computed on a 7.5 hour day), for days worked as additional duty.

2004/05 SUPPLEMENTARY SALARY SCHEDULE

4. INSTRUCTIONAL-HOURLY

"Approved Program" shall be defined as Adult General Education, Workforce Education, Homebound, Special Projects, or such other programs as defined prior to employment by the Superintendent.

a.	Teachers who teach part-time in an approved program, in addition to fulfilling their full-time obligation, beyond the normal 7.5 hours shall be paid:	\$13.00 per hour
b.	A person who teaches part-time in an approved program as defined above, who is not otherwise employed as a regular, full-time teacher, shall be paid:	\$13.00 per hour
c.	A person who teaches one half $(1/2)$ time or less, in critical shortage areas in a regular program, shall be paid:	\$13.00 per hour
d.	Part-time hourly teachers at the Workforce Education Centers shall be pa	id as follows:
	 Instructors in self-sustaining or cost recovery programs (non-certificated teachers, no funding, no state standards) 	\$13.00 per hour
	(2) Instructors assigned to programs funded through Workforce Education that require teacher certification	\$15.00 per hour
	(3) Instructors assigned to high skill/high wage Workforce Education funded programs in critical need areas that require teacher certification and highly specialized skills or expertise	\$18.00 to \$20.00 per hour

2004/05 SUPPLEMENTARY SALARY SCHEDULE

5. INSTRUCTIONAL-SUBSTITUTE TEACHERS

<i>Short Term</i> (1) Minimum Bachelor's degree	<i>Daily Rate</i> (effective 8/1/00)
or its equivalent Vocational Certificate	\$ 65
(2) Minimum Associate's degree or its equivalent of sixty (60) or more semester hours	\$ 60
(3) A substitute teacher who teaches six (6) periods in a six (6) period day or four (4) periods in a school using 4x4 scheduling	5
Bachelor's degree	\$ 72
Associate's degree	\$ 67

b. Long Term

a.

When it is known that a teacher will be absent for more than fifteen (15) days, he/she should be replaced with a substitute teacher who holds a Florida educators certificate in that subject area, or one who is eligible for full-time employment in that position according to the placement director. Any exception to this requirement must be approved by the Superintendent or his designee.

A substitute teacher, who teaches sixteen (16) or more consecutive days for one teacher, will be paid an additional \$17 per day for each day certified in writing by the school principal.

When a long-term substitute teacher replaces a teacher in the PCCA Program (Gibbs High School) or the International Baccalaureate Program (St. Petersburg High School and Palm Harbor University High), and is required to teach six (6) periods in a day, he/she will be paid \$24 per day in addition to the regular substitute rate. Payment will be made at the end of each assignment (effective 8/29/94).

c.	High Priority Schools (history of difficulty in finding subs)	<i>Daily Rate</i> (effective 8/1/00)
	(1) A substitute teacher at a designated high priority school	\$ 85
	(2) A substitute teacher at a designated high priority school who teachers six (6) periods in a six (6) period day or seven (7) periods in an eight (8) period day\$ 92	
	(3) On-site substitutes at selected high priority schools	\$100

d. Instructional Staff Member in Lieu of Sub

If a classroom teacher or a member of the instructional staff covers the class or classes of an absent teacher, he/she shall be eligible to receive eleven dollars (\$11) (non-priority school) or fourteen dollars (\$14) (high priority school) per hour or period for each hour or class period provided in coverage. If coverage extends beyond one hour, additional time shall be compensated at the rate of five and a half dollars (\$5.50) (non-priority school) or seven dollars (\$7) (high priority school) for each additional half-hour or half-period increment. Under no circumstance shall a teacher receive more than sixty-five dollars (\$65) per day at a non-priority school or eighty five dollars (\$85) per day at a high priority school (e.g. an elementary teacher who combines classes for the entire day).

2004/05 SUPPLEMENTARY SALARY SCHEDULE

e. Support Staff Member in Lieu of Sub

Eligible non-exempt employees who substitute for an absent teacher in an emergency situation will receive an additional one half of their base hourly rate of pay for the periods they substitute not to exceed the daily substitute rate for that assignment. An emergency situation occurs when no substitute is available and all other alternatives have been exhausted.

6. MISCELLANEOUS

a. Vehicle Use Tax

A 24-hour vehicle use tax consequence supplement of \$400 per year will be provided to eligible personnel as identified by the Auditor General's office.

b. Special Programs

- (1) **JROTC Instructors:** During the 2004/05 school year, Junior Reserve Officer Training Program (JROTC) instructors shall receive compensation for 198 days of service under one of the following formulas. Once an instructor selects his/her preferred method of pay, that form of compensation shall remain in full force and effect until the expiration of the 198-day period.
 - Regular teacher's salary based on appropriate rank and experience for the program.
 - The difference between their retired and active duty pay and allowances, with the exception of hazardous duty and proficiency pay. This rate shall be established through the accepted Congressional formula.
- (2) *National Board Certification:* The District will follow state statute and guidelines regarding payment of supplement for National Board Certified teachers and mentors.
- (3) **PALD Facilitators:** Instructional site-based employees who serve as Pinellas Academy for Leadership Development Facilitators will be paid an annual stipend according to the following formula:

1 - 15	Full-Time Personnel	\$300	61 – 75	Full-Time Personnel	\$500
16 - 30	Full-Time Personnel	\$350	76 - 100	Full-Time Personnel	\$550
31 - 45	Full-Time Personnel	\$400	Over 100	Full-Time Personnel	\$600
46 - 60	Full-Time Personnel	\$450			

(4) **235 Day Contract:** Personnel paid on the Instructional Salary Schedule, who are employed on 235 day contract status, shall be paid as follows: 10 months (198 days) salary based on level and experience divided by 198 days = daily rate x 235 days.

2004/05 SUPPLEMENTARY SALARY SCHEDULE

c. Professional Education/Workshops

(1) Instructors (Contracted Services):

The Board reserves the right to compensate employees for providing educational services/training beyond their normal job responsibilities and workday. Contingent upon fund availability, payment will be through the Contracted Services Employee process at a rate equivalent to the designated hourly instructional rate currently in effect. This Contracted Services rate may be stated as an hourly rate on the Contracted Services form for classroom teachers. In the case of exempt employees, the rate shall be stated as a daily rate on the Contracted Services form. Potential overtime for non-exempt employees will be paid in accordance with the Fair Labor Standards Act (FLSA). Approval of payment is required from the Area Superintendent/Associate Superintendent or their approved designee.

(2) *Participants (Stipend):*

School Board personnel who are officially requested to participate in inservice education components or in professional workshops which meet outside of normal duty hours may be paid a stipend of \$10 per hour, not to exceed \$60 per day, provided that prior approval is obtained from the appropriate Associate/Area Superintendent. Applicants who are recommended for employment, and long-term substitutes who are requested to participate in inservice component and professional workshops, may also be paid a stipend of \$10 per hour, not to exceed \$60 per day.

d. Contracted Services Employees

The School Board reserves the right to hire individuals to provide specialized services to the district at rates not to exceed \$500 per day pursuant to appropriate authorization. Individuals hired to perform duties similar to those contained in existing non-instructional job classifications shall be paid the minimum of the pay grade to which that job classification is assigned.

e. Instructional and School-based Administrators Pay for Performance

A Pay-for-Performance Plan, consistent with Florida law, was implemented effective July 1, 2002, for eligible school-based administrative and instructional personnel. The plan provides a one-time 5% supplement applied to the base salary paid to qualifying employees during the 2004/05 school year.

f. Supporting Services Certificate of Distinction

An annual payment of \$200 shall be provided to supporting services personnel who complete a program of 65 hours of additional training consisting of core courses and electives that would enhance job performance. In order to be eligible, the employee must be in an active pay status at the time of payment. If a recipient moves to a non-eligible position (e.g., substitute, temporary, or teacher position) prior to the pay date in December, they are only eligible for payment the school year in which they moved to the non-eligible position.

2004/05 SUPPLEMENTARY SALARY SCHEDULE

g. Supporting Services Enhanced Professional Leave

Supporting Services personnel who are majoring in areas of Exceptional Education and are enrolled as full-time students for both semesters of the 2004/05 school year shall receive \$2,000 for the year (20 paychecks of \$100 each) plus an amount not to exceed \$500 for reimbursement for books and tuition. Life insurance and Board contributions toward other benefits shall continue during this period. A limited number of these enhanced professional leaves shall be provided based on fund availability.

h. Exceptional Student Education Bus Rider Supplement

Personnel who are assigned to ride buses to supervise students with disabilities shall receive a supplement of \$6 per day for duty on the bus.

i. Educational Interpreters Evaluation Reimbursement

For the 2004/05 school year, a reimbursement of \$125 shall be provided educational interpreters to cover the cost of taking the EIE.

j. Food Service Manager Supplement for Production Schools and Satellites

An annual supplement of \$1,100 (payable in two equal installments) shall be provided to food service managers who provide food and services to more than one school in Pinellas County.

k. Bus Driver Attendance Incentive

A financial incentive of \$75 shall be provided to those drivers who have a perfect attendance record during any forty-five (45) working day period. Drivers hired during any forty-five (45) working day period must satisfy a minimum of twenty-five (25) working days of service in order to qualify for the incentive during that period. Incentive payments will be cumulative and payable every semester on a date determined by the Payroll Department. The maximum incentive for a school year will be \$300 per eligible driver.

1. Bus Driver Differential for Opportunity Routes

A differential of \$.35/hour shall be provided to bus drivers who drive selected special routes on a regular basis.

m. Pinellas County Schools Police Education and Training Incentive

Pursuant to s.943.22, a payment of \$30 per month shall be provided to full-time officers who have a degree from an accredited community college; an additional payment of \$50 per month shall be provided to full-time officers who receive a bachelor's degree from an accredited college or university. Any officer who completes a combination of 480 hours of approved, advanced, and career development training courses established pursuant to s.943.17(1)(b) and (c) shall receive the sum of \$120 per month. The commission, by rule, may provide for proportional shares for courses completed in 80-hour units in each program in a manner provided for in paragraph (h) of the statute. The maximum aggregate amount which any full-time officer may receive is \$130 per month. No incentive payments shall be made for any state law enforcement or correctional position for which the job classification requires the minimum of a 4-year degree or higher.

2004/05 EXTENDED SCHOOL YEAR SALARY SCHEDULE

EXTENDED SCHOOL YEAR SALARY SCHEDULE GUIDELINES

Teachers of extended school year will be paid their hourly base rate earned during the 2004/05 school year, according to the Instructional Salary Schedule (hourly rate computed on a 7.5 hour day).

Employees must meet minimum qualifications of the position. Instructional personnel will only be considered for non-exempt positions after the non-exempt employee list is exhausted and will be paid at the minimum rate for the specific job classification.

Non-exempt employees, who are employed in other than the classification in which they worked during the 2004/05 school year, will be paid a specific pay rate, determined by the extended school year classification in which they are employed for the extended school year session, regardless of the number of years of service in the system.

A Paraprofessional employed as an extended school year Teacher Assistant/Teacher Assistant-ESE I or II will be paid at his/her same relative position in the appropriate extended school year classification pay grade.

A Secretary/Bookkeeper employed as an extended school year Secretary-Elementary will retain his/her regular rate of pay.

A Secretary III employed as an extended school year Secretary-Middle will retain his/her regular rate of pay.

Due to overlapping work schedules, eleven (11) month personnel employed in extended school year positions will be paid their regular rate of pay through the end of his/her eleven (11) month work schedule.

Note: All exceptions to this schedule must be approved by the Superintendent or his designee.

2004/05

SALARY ADMINISTRATION PROCEDURES FOR NON-INSTRUCTIONAL SALARY SCHEDULES

(Unless otherwise noted, this language applies to regular positions only.)

1. EFFECTIVE DATE

The effective date of the provisions set forth in the following procedures and salary schedules shall be July 1 of the fiscal year, unless otherwise indicated. Only employees on the active payroll, or on approved leave of absence at the time the annual increases are ratified and are approved by the Board, would be eligible to receive any new salary adjustments.

- a. Base salary/rate is defined as an employee's unequalized hourly rate of pay, exclusive of shift differential or any other applicable bonus.
- b. An individual's base rate of pay will not be less than the minimum of the salary range or over maximum, except when the intern procedure is recommended or in the case of temporary promotions.
- c. For consistency in administration, base hourly rates are used for calculation purposes in applying the following procedures.

2. PLACEMENT ON SALARY SCHEDULE

- a. A newly-hired individual may be placed on the applicable salary schedule as follows:
 - (1) At the minimum of the applicable salary range unless it is determined by the supervisor and Personnel that credit for outside experience is necessary to obtain the most qualified candidate.
 - (2) If outside experience credit is deemed necessary an additional one percent (1.0%) above minimum may be granted for each year of related job experience in excess of the minimum qualifications up to a maximum of ten percent (10%). When salary credit is granted for outside experience, it is the supervisor's responsibility in conjunction with Personnel to review the salaries of current incumbents of the same job within the department to ascertain the impact on internal equity.

The specific related experience must be indicated when applying for the job. After the job offer has been made, the related experience submitted may not be altered.

b. *Intern procedures:* An applicant who does not meet all minimum qualifications for a job may be hired as or promoted to an intern at a rate of pay ten percent (10%) below the applicable rate of pay for that position. Payment at the intern rate is not to exceed one (1) year.

Salary Administration Procedures For Non-Instructional Salary Schedules

c. **Building Design Capacity:** Salaries for administrative personnel whose classification is determined by school size shall be established on the basis of designated building design capacity established by the Office of the Deputy Superintendent. Under this provision, once an employee is placed, no further adjustment shall be approved unless the actual building design capacity is changed through the construction of new permanent structures or the removal of existing permanent facilities. Any change in classification resulting from an alteration in building design capacity shall be effectuated only as a result of normal administrative salary adjustments each year.

3. PROCEDURES FOR INCREMENTAL/STRUCTURAL INCREASES

a. *Movement within the salary range (incremental):* Each year a portion of the total salary increase may be designated for movement within the salary range. Each employee eligible for an incremental increase will move within the salary range by the approved percentage.

In order to be eligible for an incremental increase, an employee must have been hired on or before February 1. In order to receive an incremental increase, an employee must also be in an active pay status or on an approved leave of absence at the time the annual increases are approved by the Board.

- b. *Movement of the salary schedule (structural):* Each year a portion or all of the total salary increase may be designated for movement of the salary (range) schedule. Any employee within the salary range is eligible for this increase provided the base rate of pay does not fall above the salary range maximum.
- c. *Part-Time Regular Employees:* Employees hired on or before February 1 and in an active pay status or on an approved leave of absence at the time the annual increases are approved by the Board shall be placed at the amount which provides the same percent increase granted to full-time employees on the same salary schedule. This provision shall affect only those in our employ commencing with the 1989/90 fiscal year and is contingent upon availability of funds.

d. Retroactive Pay:

- (1) The above increases would be retroactive to the beginning date of the employee's annual payroll calendar, unless otherwise indicated. Effective July 1, 1997, part-time regular employees are included in the receipt of retroactive pay.
- (2) Effective July 1, 1989, an employee who is required to return to a regular full-time job classification immediately prior to the beginning of their normal work year will receive retroactive salary adjustments on all hours paid where such employment is approved by the Board.
- (3) Part-time temporary employees and substitutes are not eligible for retroactive pay.

Salary Administration Procedures For Non-Instructional Salary Schedules

4. PROMOTIONAL SALARY INCREASES

a. From Instructional Salary Schedule:

(1) *To Exempt Salary Schedule - Administrative only*: When an employee is promoted from a classification on the Instructional Salary Schedule to an Administrative position on the Exempt Salary Schedule, the new base salary shall be the Level 3, Master's Degree salary consistent with the employee's years of creditable service, converted to an hourly rate, plus six percent (6%).

The salary for a certificated Administrator shall be established and maintained at a rate six percent (6%) greater than the calculated hourly rate if paid on the Instructional Salary Schedule (10 months) consistent with the employee's years of creditable service in Pinellas County on Level 3 (Master's degree).

(2) To Exempt or Non-Exempt Salary Schedule – Other than Administrative: When an employee currently paid on the Instructional Salary Schedule transfers to a position other than Administrative, the employee shall receive an increase or decrease equal to the percent difference between the midpoints of the Level 1, Bachelor's degree, Instructional Salary Schedule, and the new pay grade (calculated on an hourly rate). Any increase shall not be more than twelve percent (12%) or less than minimum.

b. All Other Salary Schedules:

- (1) *Exempt or Non-Exempt Salary Schedules*: When an employee currently paid on the Exempt or Non-Exempt Salary Schedule is promoted to a position from or within either schedule with a higher hourly midpoint, the employee shall receive an increase equal to the percent difference between the midpoints of the old and new pay grade. Any increase shall not be more than twelve percent (12%) or less than minimum.
- (2) *Interim Principal:* When an Assistant Principal is promoted to Principal and has not completed Level Q, the employee shall be placed as an Interim Principal. The employee's hourly rate shall be increased five percent (5%) and converted to a twelve (12) month salary. When Level Q is completed, the employee is promoted from the previous Assistant Principal hourly rate per regular promotion procedures.
- (3) Exempt or Non-Exempt Salary Schedules In-Grade Promotions: When an employee currently paid on the Exempt or Non-Exempt Salary Schedule is transferred to a position within the same pay grade, which is determined to be a promotion by Compensation and approved by the Associate Superintendent of Human Resources & Public Affairs, the employee shall receive a five percent (5%) increase calculated on an hourly rate.

Salary Administration Procedures For Non-Instructional Salary Schedules

c. Temporary Assignment to a Higher Job Classification on the Exempt and Non-Exempt Salary Schedules: Employees temporarily assigned to assume the duties of an absent employee in a higher level job classification shall receive whichever is less: an increase of ten percent (10%) of their base salary (calculated on the hourly rate) or the amount he/she would have received had the employee actually been promoted to the position on a regular basis. Employees who do not meet eligibility requirements for the position shall receive an increase of five percent (5%) of their base salary (calculated on an hourly rate). The duration of a temporary assignment shall not be less than sixty (60) working days for classifications on the exempt salary schedule or ten (10) working days, not to exceed ninety (90) calendar days, for classifications on the non-exempt salary schedule and will require approval of the appropriate Cabinet member or his/her designee.

Personnel temporarily assigned by the Superintendent or designee on an emergency basis to fill an administrative vacancy in an "acting" capacity for <u>10-59 days</u> may be paid up to an additional \$50 per month for the duration.

d. *Other Salary Adjustments:* The Superintendent is authorized to administratively adjust principals' salaries in order to comply with the standards of the Southern Association of Colleges and Schools, when applicable. (Note: \$50.00 per year more than the highest paid employee.)

5. **RECLASSIFICATIONS**

- a. *Reclassification to a Higher Pay Grade:* When a position is reclassified to a higher pay grade, the incumbent's current rate of pay shall be increased in accordance with the promotion guidelines.
- b. *Reclassification to a Lower Pay Grade:* Procedures for downgrade will apply.

6. **PROCEDURES FOR DOWNGRADE**

- a. Any employee moved to a lower pay grade shall have the current base rate of pay decreased by the percent difference between the old and new pay grade midpoints (calculated on the hourly rate) effective on the date of entry into the new position.
- b. If an employee is promoted then returns to the previous job within one (1) year, the employee will revert to his/her previous rate of pay.
- c. If any employee due to a special cause was downgraded to a lower pay grade and allowed to keep his/her hourly rate of pay, the employee will not be eligible for any re-promotional salary increase until he/she exceeds the highest pay grade previously held.
- d. *From Exempt Salary Schedule to Instructional Salary Schedule only:* When an exempt employee accepts a position on the Instructional Salary Schedule due to a reduction in force, the employee shall move to the appropriate pay level and years of experience, per contract language. At such time as the employee returns to the Exempt Salary Schedule, the salary shall be adjusted based on regular promotion language.

Salary Administration Procedures For Non-Instructional Salary Schedules

7. LATERAL MOVE

When an employee is moved laterally from one salary schedule or job title to another, in a pay grade which has approximately the same midpoint (a midpoint difference of less than one (1) percent), the employee shall retain the current base rate of pay, provided the current base rate of pay is equal to or between the pay grade minimum and maximum. If the employee's current base rate of pay exceeds the new pay grade maximum, it will be reduced to the new pay grade maximum on the effective date of the lateral move.

8. TERMINATION AND REINSTATEMENT

An employee who terminates employment and is rehired within one (1) year in the same job classification may receive the previous rate of pay. In all other instances the procedures for regular employment shall apply.

9. OVERTIME ELIGIBILITY

Non-exempt employees required to work more than forty (40) hours in any single week shall be compensated at one and one-half (1-1/2) times their base rate of pay for those hours over forty (40), unless the compensatory time provision of these procedures is used.

- a. *Work on Holidays:* Non-exempt employees required to work on paid holidays shall be compensated at a rate of one and one-half (1-1/2) times their base rate of pay for all hours worked in addition to their straight-time holiday pay. Non-exempt employees required to work on unpaid holidays shall be compensated at their straight time base rate of pay for all hours worked up to and including forty (40) in one week.
- b. *Two or More Jobs at Different Rates of Pay:* A non-exempt employee who works over forty (40) hours in a work week with two (2) or more jobs at different rates of pay will receive the overtime rate of pay in accordance with applicable Fair Labor Standards Act (FLSA) regulations.
- c. Compensatory Time:
 - (1) A non-exempt employee will be eligible for compensatory time off for hours worked in excess of the assigned workweek as approved in advance by his/her director/supervisor. Hours worked over the normal workweek schedule up to and including forty (40) hours will be taken on an "hour-for-hour" basis. Hours worked over forty (40) in a workweek must be taken at "one and one-half (1-1/2) hours" for each hour of overtime worked.
 - (2) An Exempt Salary Schedule (Professional/Technical/Supervisory) employee will be eligible for compensatory time off for hours worked in excess of the assigned work week as approved by the cost center administrator. An employee may use a full day as compensatory time and does not need to report to work. Compensatory time may be used in lieu of vacation. Management approved compensatory time will be part of the payroll reporting process. Management has the discretion to pay straight-time overtime to a Professional/Technical/Supervisory employee if department staffing or employee work load do not make compensatory time a feasible option. Any exceptions to the procedures must be approved by the Superintendent or Cabinet Member.

Salary Administration Procedures For Non-Instructional Salary Schedules

- (3) Compensatory time for all employees must be used within six months from the time learned. It will be the supervisor's responsibility to keep track of this time limit.
- d. *Child Care Programs Before and After School:* Plant Operations personnel required to staff before and after school child care program facilities during the district's normal holiday periods (spring break, Thanksgiving, winter break) when other employees are off duty shall be paid one and one-half (1-1/2) for hours worked regardless of time worked that week.

10. FACILITY LEASE HOURS (Excluding Administrative)

When an organization leases School Board facilities which require the services of PCSB employees and said functions are conducted in a school facility on a Saturday, Sunday, holiday or any other non-scheduled workday, the employee assigned to said function shall be compensated as follows:

- a. An affected employee shall receive either straight time or overtime for all hours worked whichever is appropriate. For non-exempts, this will depend on the total number of hours worked by the employee during the normally scheduled workweek.
- b. An affected employee (non-exempts only) shall receive time and one-half and appropriate shift differential for all hours worked regardless of the total number of hours worked during the work week whenever the employee has not had the opportunity (excluding the use of sick, personal, or vacation hours) to accomplish the normal forty "sweat" hour requirement for the computation of overtime, i.e., spring break, Thanksgiving, winter holiday period.

11. PROCEDURES FOR PAYMENT OF ADDITIONAL OR TEMPORARY POSITIONS

- a. If the additional or temporary position to which the employee is assigned has a non-exempt job title, the employee will be paid at the minimum of the appropriate pay grade.
- b. When an employee is paid from funds outside of the primary budgeted position and in the same job classification as the primary job, the employee will receive the same rate of pay.
- c. When an employee is paid from funds outside of the primary budgeted position and in a different job classification from the primary job, the employee will receive the minimum rate of pay in the appropriate salary range for that job classification.
- d. Full-time regular supporting services personnel will be permitted to work two or more jobs only in those instances where prior approval has been granted through the Assistant Superintendent, Human Resources or designee. Except where expressly approved by Human Resources, full-time regular supporting services employees shall not be permitted to work in two or more jobs where the total number of hours worked exceeds forty (40) hours per week.

Salary Administration Procedures For Non-Instructional Salary Schedules

12. PROCEDURES FOR PAYMENT OF SUBSTITUTES Effective March 1, 2003

a. Supporting Services substitute secretarial and clerical employees shall be paid at one (1) of two (2) classification levels:

Classification I - Non-Exempt Pay Grade D-10 or lower shall be paid at the minimum of Pay Grade D-09

Classification II - Non-Exempt Pay Grade D-11 or higher shall be paid at the minimum of Pay Grade D-11

- b. Classroom Assistant Sub Supporting Services substitutes who assist in the classroom, except Interpreters, shall be paid at the minimum of Pay Grade D-06.
- c. Substitute teachers who work as substitutes in supporting services job classifications shall be paid the substitute teacher rate for all hours worked in the supporting services job with the exception of Cafeteria Attendant, Food Service Assistant-Sub, Bus Driver-Sub, and clerical substitutes Classification I and II.
- d. All other classifications will be paid at the minimum of their corresponding pay grade.

13. SHIFT DIFFERENTIAL (Non-exempt)

- a. Any full-time or part-time non-exempt employee whose regularly assigned shift ends at 7 p.m. or after shall receive a shift differential of twenty-five cents (\$.25) per hour for all hours worked.
- b. Any full-time or part-time non-exempt employee whose regularly assigned shift begins on or after 10 p.m. shall receive a shift differential of thirty-five cents (\$.35) per hour for all hours worked. Employees assigned to relocatable crews shall receive an additional fifteen cents (\$.15) per hour for all hours worked during the moving of relocatables during the year.
- c. Shift differential does not apply to those positions that were changed to a higher pay grade to compensate for night work at the evening adult centers and community schools, i.e., Secretary III, Clerk Specialist II, Clerk Typist-Evening, and Bookstore Assistant.
- d. Any hourly shift differential received by an employee shall be paid only on actual hours worked in any pay period and shall be excluded from holiday, vacation, and sick leave pay.

Salary Administration Procedures For Non-Instructional Salary Schedules

14. CALL-BACK AND CALL-IN PROCEDURES (Excluding Administrative)

- a. An employee who is called to report for work at times other than the regularly scheduled hours shall receive the applicable rate of pay, or compensatory time, for all time worked. In no event will the employee receive less than two (2) hours straight time pay or compensatory time due to the inconvenience. It is not required that an employee work a minimum of two (2) hours if the task for which the employee was called to perform can be accomplished in less time.
- b. SEIU An employee who is called to report for work for emergency or critical work situations as defined by their immediate supervisor, occurring at times other than the regularly scheduled hours, shall receive one and one-half (1-1/2) times their normal hourly pay for all hours worked regardless of the time worked that week. In no event will the employee receive less than two (2) hours of time-and-one-half pay or compensatory time for the inconvenience. It is not required that an employee work a minimum of two (2) hours if the task for which the employee was called to perform can be accomplished in less time.
- c. An employee who reports for work at the regularly scheduled time shall receive a minimum of two (2) hours work at the applicable rate of pay, or two (2) hours pay at the straight-time hourly base rate unless:
 - the employee leaves earlier based on their own decision
 - the employee is suspended or dismissed
 - work is not available for reasons such as fire, flood, power failure, hurricane, tornado, explosion, strike, or civil disturbance
 - no lunch is prepared for serving (food service employees only)

15. REQUESTS TO CREATE NEW JOBS

New job title classifications must be requested by the appropriate Cabinet member, recommended by the Superintendent and approved by the Board. The classification and pay grade of each new job shall be recommended by the Compensation Administration Section of the Human Resources Department and submitted to the Cabinet for their concurrence. The Superintendent will then make a recommendation to the Board for approval.

Additional personnel slots must be requested through budget. Job title and pay grade will be determined by Compensation Administration.

16. SPECIAL PROCEDURE FOR SAS IMPLEMENTATION

Upon implementation of the Salary Alignment Study (March, 2003), any employee's hourly rate that falls above the newly established maximum of the salary range shall be frozen until it falls within the assigned pay grade.

Salary Administration Procedures For Non-Instructional Salary Schedules

17. EXCEPTIONS

Any exceptions to the above procedures must be approved by the Superintendent or designee.

These procedures are intended to address the most common district compensation issues and are not intended to cover all situations that could possibly occur. For information pertaining to specific compensation issues, please contact Compensation Administration in the Human Resources Department. For positions covered by bargaining units, please refer to the applicable contract language for more detail.

*Calculate varying annual rates by multiplying annual hours by hourly rate as follows:

10 months -7.5 hours per day = 1470 annual hours

11 months -7.5 hours per day = 1635 annual hours 12

12 months - 7.5 hours per day = 1852.5 annual hours

12 months - 8.0 hours per day = 1976 annual hours

11.5 months -7.5 hours per day = 1762.5 annual hours

14	\$20.00	\$24.56	\$29.11

Jobs classified as substitute or temporary are paid at the minimum of the designated pay grade.

Rates to be used for:

- Computation of annual salaries for biweekly payroll
- Hours in excess of the normally scheduled work week up to and including 40 hours
- Computation of overtime
- Note: In most cases, hourly rates received in bi-weekly paychecks are slightly less than those published above. This is due to the equalized pay process which provides pay for time not worked on School Board-designated "no work/no pay" days.
