School Board of Pinellas County

Explanation of Rolled-Back Millage Rate

In an effort to eliminate automatic revenue growth due to increasing property values, the Florida Legislature enacted statutes known as **Truth-in-Millage (TRIM)**. TRIM requires a calculation of the change in millage rates from one year to the next called the **"Rolled-Back Rate"**. The "rolled-back rate" is the millage that would be necessary to generate the **same amount of dollars** as the previous fiscal year, after adjusting for new construction. The proposed millage rate is compared to the "rolled-back rate" and translated into a percentage of increase that **must** be used in the published advertisements of the proposed School Board budget.

Since the county-wide property value generally increases from year to year due to increased assessments, the "rolled-back rate" will **normally** be less than the proposed millage levy. It is also important to note that maintaining revenue at the same level as the previous year does **not** provide for funding new student growth or basic inflationary cost increases.

The TRIM statutes also dictate the form and placement of the budget advertisements, as well as the order of business during the budget hearings.

SCHOOL BOARD OF PINELLAS COUNTY

Resolution on 2009/10 Millage Rates & District Budget

WHEREAS, the School Board of Pinellas County, Florida, is authorized under the Constitution and Laws of Florida to levy a tax upon non-exempt real property, lying and situated in Pinellas County, Florida, for public school purposes, and

WHEREAS, the required public notice has been given, and the public has been given an opportunity to be heard and to ask questions concerning the proposed millage and the proposed budget for the 2009/10 fiscal year, and

WHEREAS, all matters required by law pursuant to the adoption of the millage rate and the budget for 2009/10 have been accomplished,

NOW, THEREFORE, BE IT RESOLVED BY THE SCHOOL BOARD OF PINELLAS COUNTY, FLORIDA:

I. That the following millage rates be adopted and levied upon all taxable real property lying and situated in Pinellas County, Florida, for the fiscal year.

A. For the Required Local Effort	5.348 Mills
B. Discretionary Critical Needs	0.250 Mills
C. For Discretionary Local Effort	0.748 Mills
D. Local Referendum	0.500 Mills
E. For Capital Outlay	1.500 Mills
(Construction, remodeling, renovation	
acquisitions and repair)	
Total Millage	8.346 Mills

The total millage rate for fiscal year of 8.346 mills is 8.32% lower than the rolled-back rate of 9.1038 mills.

II. That the tax revenue generated by the millage rate of 1.500 mills adopted herein pursuant to Section 1011.71, <u>Florida Statutes</u>, shall be expended for the Capital Outlay purposes as set forth in the hereto attached TRIM advertisement, in such amounts as shall be necessary and in accordance with the Budget hereafter adopted by the Board and amended from time to time.

III. That the summary amendments within/to the proposed budget be adopted as submitted.

IV. That all of the budgets as advertised, discussed and amended by prior Board action be adopted for fiscal year pursuant to Section 200.065(2)(f)(3), <u>Florida Statutes</u>.

V. That a certified copy of this Resolution be delivered to the Property Appraiser, who is hereby ordered to assess the several millages certified herein against the taxable real property within Pinellas County, Florida, pursuant to Section 1011.04, <u>Florida Statutes</u>.

VI. That a certified copy of this Resolution be delivered to the Division of Ad Valorem Tax, Florida Department of Revenue, within the provisions of Section 200.065, <u>Florida Statutes</u>. This certification should be accompanied by a statement of compliance, a certification of value, and a copy of the tentative Budget advertisement.

Adopted this 15th day of September, 2009.

Superintendent of Schools

Chairperson of the School Board

PINELLAS COUNTY SCHOOL BOARD SUMMARY OF PROPERTY TAX RATES 1970/71 to 2009/10

- A. The value placed on real property for tax purposes is known as "assessed valuation". The total taxable assessed valuation in Pinellas County, as certified by the Pinellas County Property Appraiser as of July 1, 2009, was \$ 69,846,326,358.
- B. Millage -- One mill is equal to one tenth of one cent.
 - (1) The value of a mill is based on the total taxable assessed valuation of property in Pinellas County.
 - (2) When taxes are levied, one mill is to be paid for each \$1.00 of taxable assessed valuation. This is more commonly known as \$1.00 for each \$1,000.00 of taxable assessed valuation.
 - (3) The total value of one mill in Pinellas County, as of July 1, 2009, was \$ 69,846,326.
 - (4) The School Board must budget at least 95% of the value of each mill levied for schools. Thus, the value of one mill for School Board budgeting purposes is: $95\% \times $69,846,326 = $66,354,010$.
- C. The following chart provides historical information on School Property Taxes levied in Pinellas County by year since 1970/71.

(6) Total appropriations / expenditures & Fund Balance	\$7,934,792	\$75,969,170	\$68,034,378

Reason(s) for Increase/Decrease:

(a) Revenue sources and appropriations / expenditures reflect initial grant project balances carried forward from Fiscal Year 2008/2009 to 2009/2010 with approved grants appropriated throughout the year.

VI. ARRA TARGETED ASSISTANCE FUNDS

 (1) Revenues & Transfers In (2) Beginning Fund Balance 	\$18,778,517	\$18,805,865	\$27,348 \$0
(3) Total Revenues & Fund Balance	\$18,778,517	\$18,805,865	\$27,348
(4) Appropriations/Expenditures & Transfers Out(5) Ending Fund Balance	\$18,778,517	\$18,805,865	\$27,348 \$0
(6) Total appropriations / expenditures & Fund Balance	\$18,778,517	\$18,805,865	\$27,348

Reason(s) for Increase/Decrease:

(a) Continued distributing and/or adjusting appropriations / expenditures across appropriate functions and objects within the ARRA Targeted Assistance Budget.

PINELLAS COUNTY SCHOOL BOARD SUMMARY OF AMENDMENTS TO PROPOSED 2009/2010 BUDGET

Description	2009/2010 First Public Hearing	2009/2010 Second Public Hearing	Amendments
·····	7/28/2009	9/15/2009	
VII. SCHOOL FOOD SERVICE FUND			
(1) Revenues & Transfers In(2) Beginning Fund Balance	\$38,449,301 11,530,399	\$38,467,589 11,131,045	\$18,288 (\$399,354)
3) Total Revenues & Fund Balance	\$49,979,700	\$49,598,634	(\$381,066)
4) Appropriations/Expenditures & Transfers Out5) Ending Fund Balance	40,482,816 9,496,884	40,501,104 9,097,530	\$18,288 (\$399,354)
(6) Total appropriations / expenditures & Fund Balance	\$49,979,700	\$49,598,634	(\$381,066)

Reason(s) for Increase/Decrease:

- (a) Beginning Fund Balance has been updated to reflect final closeout for Fiscal Year 2007/2008.
- (b) Continued distributing and/or adjusting appropriations / expenditures across appropriate functions and objects within the School Food Service Budget.

VIII. INTERNAL SERVICE FUND

 (1) Revenues & Transfers In (2) Beginning Fund Balance 	\$5,300,000	\$5,300,000	\$0
	5,581,555	5,800,781	\$219,226

STRATEGIC DIRECTIONS BUDGET PARAMETERS

2009-10 DISTRICT STRATEGIC PLAN STRATEGIC DIRECTIONS / BUDGET PARAMETERS

HIGHEST STUDENT ACHIEVEMENT

- I. Each student will demonstrate proficiency in reading, writing
- II. mathematics, and science and meet district graduation requirements. The district will work to close and eliminate the achievement gaps.

SAFE LEARNING ENVIRONMENT

III. The district will improve the safety, security, health and management of the work and learning environment.

EFFECTIVE AND EFFICIENT OPERATION

IV. The district will increase its effectiveness and efficiency by improving recruitment, retention, and development of employees, aligning expenditures to goals, and providing sufficient technology resources and effective communication methods.

OPERATING BUDGET PARAMETERS

- I. Planned expenditures will be aligned with projected available revenue sources, excluding fund balances and reserves. We must commit to live within our means (applicable revenues) on an annual basis.
 - a. The target for total instructional expenditures in functions 5XXX (Direct Instruction) and functions 6XXX (Instructional Support) will be 65% of the resources appropriated/available within the operating budget as reported in the most current "Function Analysis School vs. District Breakdown". Research indicates that Pinellas should be able to maintain its position in the upper ten percent of Florida school districts by focusing on this target for expenditures at the classroom level.
 - b. Ranges of direct costs for each specific program and/or program groups will provide for variations among schools and will be developed utilizing appropriate FEFP program cost data as required.
 - c. Programs funded through grants and fund raising activities will be expected to live within the funds available. Affected programs will be systematically reviewed to determine whether programs no longer funded from their original source are to be continued, modified, or eliminated. This review will utilize the three strategic directions (see IV below) as priorities in making this determination.
- II. To the extent, resources are available; the operating fund unobligated contingency should be incrementally increased by approximately 1/2% each year

until it reaches a level of 3% of the proposed operating budget. This reserve should be utilized as a "rainy day fund" to offset potential fluctuations in revenue and unanticipated/extraordinary expenditure needs.

- III. The district's core curriculum needs to be preserved and related needs should be prioritized utilizing our three strategic directions:
 - a. Highest Student Achievement
 - b. Safe Learning Environment
 - c. Effective and Efficient Operation
- IV. The School Board will continue its commitment to adequately and fairly compensate its employees with both salary and benefits. To the extent resources are available, budget plans will be developed on the basis of at least keeping pace with the cost of living with respect to salaries, and remaining competitive within the Tampa Bay area. A high performing workforce can only be maintained when the importance of positive employee morale is recognized and reinforced by the system.
- V. Given that the State of Florida funds less than fifty percent of our operating budget from state sources, the district will continue to levy the maximum allowable non-voted (required and discretionary) ad valorem taxes consistent with all requirements of the FEFP, and identified district needs.
- VI. Budget planning must take any form of "administrative redirection" as imposed by the Florida Legislature into consideration. Expenditures must continually be monitored and aligned to prevent a penalty for not meeting redirection guidelines.

OPERATING FUND SUMMARY

PINELLAS COUNTY SCHOOL BOARD OPERATING (GENERAL) FUND

The Operating Fund, also known as the General Fund, is the primary budget for the day-to-day operations of the School District. The main revenue source for the Operating Fund is the **Florida Education Finance Program** (**FEFP**). This system of financing the operation of Florida public schools bases funding allocations on the number of students **Full Time Equivalent** (**FTE**), rather than on the number of teachers or school facilities. The FEFP includes both state and local property tax revenue. The major source of state FEFP revenue is **sales taxes**. The main source of local FEFP revenue is **property taxes**. The FEFP defines a number of instructional programs that are used to account for and distribute funds. The *Base Student Allocation* revenue amount set by the Legislature is multiplied by a *District Cost Differential* to determine the **value of one FTE** for each district. *Weighted FTE* for each program is multiplied by this value to arrive at the FEFP revenue. Other major revenue sources for the Operating Fund include state **categoricals**, which are restricted in their use to certain types (categories) of expenditure. Examples of 2009-10 state categoricals are Instructional Materials, Transportation, Reading and Class Size Reduction funds. Adult programs are funded by the **Workforce Development** allocation as part of a move toward performance based program budgeting.

As a result of the recent economic downturn, the Federal Government has enacted the American Reinvestment and Recovery Act of 2009. The purpose of the Recovery Act is to create and save jobs, jumpstart our economy, and build the foundation for long-term economic growth. The Act includes measures to modernize the nation's infrastructure, enhance America's energy independence, expand educational opportunities, increase access to health care, provide tax relief, and protect those in greatest need. The recovery act will provide funding to the district for the 2009-10 fiscal year in the amount of \$37.7 million which will help to mitigate the decline in state funding.

The most significant expenditures in the Operating Fund are for the **Direct Instruction** function, which includes teacher salaries and classroom materials. The **Instructional Support** function, including guidance, instructional media, attendance and other services, is another major expenditure group. The appropriations presented in this document summarize the budget by function and major object of expenditure.

2009-10 Legislative Changes Affecting the Operating Fund

Increase In Total Funding Statewide Of \$5.1 Million

Decrease In BSA To \$3,630.62 Decreased \$255.52 Or 6.58% Below 2008-09

Decrease In Required Local Effort (RLE) \$448.3 Million Statewide Or A 5.44% Decrease

Lottery Funds Statewide Funding \$130 Million All Lottery Funding Statewide For School Recognition

Class Size Reduction \$2.85 Billion Statewide To Implement Amendment

Fiscal Stabilization Allocation \$907.9 Million In Federal Stabilization Funds To Balance Budget

 * FEFP Revenue is computed by multiplying weighted FTE times Base Student Allocation (BSA), times District Cost Differential (DCD). For fiscal year 2009-10, the proposed BSA is \$ 3,630.62; the DCD is 1.0041. This means that each weighted FTE generates \$ 3,645.51 in FEFP revenue for Pinellas.

Discretionary Lottery Revenue and Expenditures

The School Board has adopted the policy that Discretionary Lottery revenues are to be used for the following expenditures:

1 Previously funded state categoricals

Prior to the identification of discretionary lottery funds, the state supported a number of categorical programs, including Student Development Services and Compensatory Education. Expenditures in this category are for continuation of similar programs within available resources.

2 Supplementing partially funded state categorical (Transportation)

The state Transportation categorical does not provide full funding of transportation expenses. Expenditures in this category are for transportation costs not covered by state categorical funds.

3 Enhancements to existing programs

Expenditures in this category are to provide partial support for various cultural enrichment programs, academic competitions, and the testing program for students.

4 Employee compensation increases

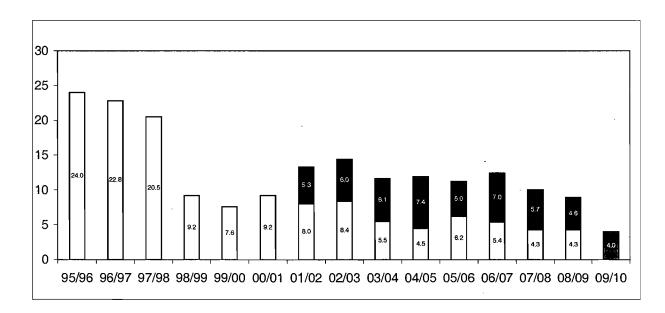

Expenditures in this category are to help provide increases in salaries and benefits for personnel.

5 Innovative programs

Expenditures in this category are to provide partial support for innovative programs in the schools.

6 School Improvement

Expenditures in this category provide schools with an annual per student allocation and flexible staffing units to support local school improvement plans. The Legislative mandate that \$5 per student be allocated for this purpose was eliminated from the Lottery appropriation for 2009/10.

Lottery Revenues From 1995-2009/10 (\$ Million)

7. Trend Comments

During the first seven years of lottery distributions, the distributions remained nearly the same dollar level, although the percent of total decreased from more than three percent of total budget and \$26.6 million in 1991/92 to approximately two percent of total and \$20.5 million in 1997/98. The Legislature has periodically re-written the definition of "educational purposes" to include higher education funding and Bright Futures scholarships, construction bonding for primary classrooms and finally in 2001/02 half of the surviving K-12 lottery money was earmarked for School Recognition purposes. The School Recognition dollars had previously been paid from general state tax revenues. From the total lottery distribution for 2008/09 of \$1,567,957,904 local school districts will receive \$217,406,176 in un-restricted funding.

For 2009/10, the district will not receive a discretionary lottery allocation. School Recognition funds for 2009/10 are approximately \$4,023,478 and are shown as the dark portion of the bars on the graph.

COMPREHENSIVE ACCOUNTING BUDGET MODEL (CABM)

This District uses an operating fund budget model "CABM" based on historical spending patterns and program changes to predict future budgets. The District also factors in likely changes to significant cost items such as salary and benefits and changes to the staffing model, as well as utilities and fuel. The interactive part of the model includes four years of historical information, the current year results and four future year projections.

The revenue projections are based on past history of collections and the official state calculation of legislatively controlled revenues to Pinellas County Schools.

The comparison of the relationship between expenditures and revenues is the basis for the graph which tracks the difference between expenditures and revenues with a positive number signifying more revenue receipts than expenditures and a negative number representing more expenditures than revenues. For the purposes of this graph, net transfers in are treated as revenues.

Sometimes a district will plan to spend more than it receives as a way to maintain stability in programs. This activity is supported from reserves and contingency funds. Once the reserves are utilized they are gone and can only be replenished by increasing revenues or by decreasing planned expenditures.

CAPITAL OUTLAY FUNDS

Capital Outlay Funds are used to account for major construction, renovation and remodeling projects and for certain types of major equipment purchases. There are significant legal restrictions on the uses of capital outlay funds. The Pinellas County School District generally finances capital projects on a "pay-as-you-go" basis; that is, without borrowing (issuing bonds). In February 2000, the district participated in a state bond issue pledging its capital outlay and debt service (CO&DS) revenue. In addition, the District bonded its annual distribution from "Classrooms First" allocations as funds were planned projects. The District maintains a multi-year capital outlay plan which is updated and approved annually by the School Board. This plan is primarily based on a comprehensive Educational Plant Survey which is conducted every five years by each district in the state. The District is required each year to prepare a tentative district facilities work program prior to adoption of the district school budget. The tentative district facilities work program must include: major repairs and renovations; construction projects to ensure available student stations; projected costs of projects; estimated capital outlay revenues; projects to be funded from current revenues; options for generating additional revenues; and other data related to the capital program. The District is required to provide opportunity for public comment on the tentative district facilities work program prior to approval of the work program and school budget. Pinellas County Schools is in the process of updating its tentative district facilities work program. The projects reflected in this document are based on a draft of the work program. The work program will be finalized and presented to the School Board for public comment on September 15, 2009 prior to the adoption of the final budget on that same date.

Capital Outlay funds available to the Pinellas District are primarily five types:

Local Option Property Taxes, also known as Two-Mill Funds or 1011.71(2) Funds.

The District is permitted to levy property taxes in support of capital outlay projects. This levy which had been capped at two mills since 1989-90 was reduced to 1.75 mills during the 2008 legislative session and then during the 2009 session was reduced another .25 mill to 1.5 mills. Before these funds can be expended on a project, the public must be notified through newspaper advertisements which follow prescribed statue formats. Projects are advertised as part of the TRIM budget hearing and approval process. In addition, changes to the advertised list of projects may subsequently be made by means of additional advertisements and public hearings.

Public Education Capital Outlay, or PECO, Funds

These funds are allocated by the State of Florida to the various school districts based on formulas which take into consideration both student enrollment growth and the number and age of facilities. The main source of PECO is the gross receipts tax on utilities. In recent years, the state issued bonds to accelerate the availability of PECO funds. The state-level commitment to repay this debt reduced the amount of new PECO dollars allocated to school districts beginning with fiscal year 1994-95.

Capital Outlay and Debt Service (CO &DS)

These funds are allocated from Motor Vehicle License Revenue based on a formula that includes a base unit plus growth units. Since the district participated in the Classrooms First Lottery Bond Program, this allocation had to be bonded. The district only receives the entitlement funding.

Other Capital Funds

Other resources for capital outlay projects include Racing Commission funds and interest.

NOTICE OF TAX FOR SCHOOL CAPITAL OUTLAY

The Pinellas County School Board will soon consider a measure to impose a 1.500 mill property tax for the capital outlay projects listed herein.

This tax is in addition to the school board's proposed tax of 6.846 mills for operating expenses and is proposed solely at the discretion of the school board.

The capital outlay tax will generate approximately \$99,531,915 to be used for the following projects:

CONSTRUCTION & REMODELING

Planning/Design/Construction of projects recommended by DOE Plant Survey Purchase of school & ancillary sites Relocatables MAINTENANCE, RENOV

OTHER FUNDS SUMMARIES

DEBT SERVICE FUNDS

Debt Service Funds account for the payment of principal and interest on bonds or other long-term debt instruments issued by the school district, or on debt instruments issued by the State of Florida in which the district participated. These bonds finance capital improvements. For the last two decades, the Pinellas County School District has financed capital projects on a pay-as-you-go basis; that is, without borrowing (issuing bonds). In February 2000, the district participated in a state bond issue pledging its capital outlay and debt service (CO&DS) revenue. These bond proceeds are for construction projects found in the district facilities work program. In July 2001, the district participated in a supplemental bonding of additional CO&DS revenue.

There are presently two outstanding debt issues for the Pinellas District:

State Board of Education (SBE) Series 2000-A (issued 2000)

The district participated in this State bond issue. Capital Outlay and Debt Service (CO&DS) revenue from motor vehicle licenses pledged to support the debt requirements. This is the first bond issue on behalf of the district since a similar issue in 1979.

State Board of Education (SBE) Series 2001-A (issued 2001)

The district participated in this State bond issue. Capital Outlay and Debt Service (CO&DS) revenue from motor vehicle licenses pledged to support the debt requirements. This bond issue represents additional available motor vehicle license revenue, bonded upon the request of the state.

DEBT ISSUES

	Date of Bond Issue	Original Issue Amount	Principal Outstanding July 1, 2009	Final Fiscal Year of Debt Payments
SBE Series 2000A SBE Series 2001A TOTAL	2/02/00 7/01/01	\$ 47,225,000 \$ 1,055,000 \$ 48,280,000	\$ 32,220,000 \$ 290,000 \$ 32,510,000	2019-2020 2020-2021

DEBT PER CAPITA

As of July 1, 2009 the total outstanding debt for the district, including principal and interest, was \$ 44,549,038. The estimated resident population of Pinellas County in 2008 was 910,260. This calculates to approximately \$ 48.94 in debt per capita. This does not include net overlapping debt from other governmental jurisdictions.

CONTRACTED PROGRAM FUNDS

Contracted Program Funds are used to account for activities funded by grants. The source of these funds is usually the Federal government, although some funds are passed through State agencies rather than being received directly by the district.

This budget is typically at its lowest point at the beginning of the fiscal year. The district is only permitted to include in the budget the balance of those funds that have been approved and are available as of July 1. Anticipated new contracts or projects cannot be budgeted until they are actually awarded. This situation results in misleading comparisons when the new year's budget is compared to the prior year's amended budget. While it is impossible for the district to accurately predict the amounts of grants which will eventually be awarded by the Federal government, at this time (August, 2009) it is anticipated that the eventual total will be similar to the \$96 million to \$75 million received for fiscal years 2004 through 2009.

AMERICAN RECOVERY AND REINVESTMENT ACT CONTRACTED PROGRAM FUNDS

American Recovery and Reinvestment Act funds (ARRA), commonly referred to as economic stimulus funds, are used to "....jump start school reform and improvement efforts while also saving and creating jobs and stimulating the economy" as required by federal legislation and the U.S. Education Department. The source of these funds is the Federal government, though ARRA dollars flow through the Florida Department of Education to the school district.

ARRA funds are one-time resources that are available to the school district for 27 months. ARRA funds are awarded in several target program areas, including Title I and Title II of the Elementary and Secondary Education Act, Title VII of the McKinney-Vento Homeless Assistance Act, and the Individuals with Disabilities Education Act (IDEA). A portion of ARRA target program funds has been awarded to the district and is reflected in this budget document. Additional ARRA awards will be received during the 2009-2010 school year and will ultimately impact the fiscal year 2010 budget.

OTHER FUNDS

SCHOOL FOOD SERVICE FUND

This fund is used to account for the operations of the district's School Food Service program. The program, which is self-supporting, is provided through the efforts of approximately 1,146 support service employees and 4 administrative employees. In fiscal year 2008-09, the Food Service operation prepared and served over 9.169 million lunches, more than 2.785 million breakfasts and 441,055 snacks in the After School Snack Program.

For fiscal year 2009-10, lunch prices will be:

Elementary school students: \$ 1.75 Middle and high school students: \$ 2.00 Adults: \$ 2.75

Breakfast is served in all elementary schools and in 53 other schools/centers.

For fiscal year 2009-10 breakfast prices will be: Elementary school students: \$1.00 Middle and high school students: \$1.25 Adults: \$1.75

Reduced-price or free lunches are provided for qualifying students based on federal and state eligibility guidelines.

INTERNAL SERVICE FUND

Internal Service funds are used to account for the financing of goods or services provided by one department to other departments on a cost reimbursement basis. The district's self-insurance fund for Workers' Compensation and Liability Insurance is included in this fund group. Expenditures in these funds are supported by charges to the appropriate schools or departments in other funds. Due to the implementation of GASB 34, Central Printing, which was once a part of this fund, has been moved to the Operating fund. Central Printing will continue to function as it always has on a self-supporting basis.

How to Read the Budget

The terminology and coding in this document are based on the guidelines and requirements of the Florida Department of Education's *Financial and Program Cost Accounting and Reporting for Florida Schools* ("Redbook"). The Redbook requires that the District budget and monitor its activities by a *Fund* accounting system; and within each fund, maintain accounts by *Function, Cost Center*, and *Object*. The following definitions outline the basics of the fund accounting system; please see the Appendix of this document for explanations of other terms.

Fund

A fiscal and accounting entity with a self-balancing set of accounts recording cash and other resources together with liabilities, equities, and balances, which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

The School District's budget is divided into the following funds, based on formats prescribed by the Florida Department of Education.

Operating Fund

Represents the budget for day-to-day operation of the School District. Also known as the **General Fund**.

Capital Outlay Fund

Concerns the purchase of school sites, construction of buildings, remodeling and renovation of existing facilities, and the equipment, library books and audiovisual materials needed to equip these capital projects. Also includes certain types of maintenance projects, school buses, equipment and, under specific conditions, instructional materials needed by the District.

Debt Service Fund

Concerns the payment of long-term debts incurred in prior years by the School District.

Contracted Programs Fund

(A Special Revenue Fund)

Concerns funds provided to the School District to accomplish particular projects. The source of such funds is usually the Federal Government. These funds may come either directly to the School District or through a State Agency. This budget is typically at its lowest point at the beginning of the fiscal year, since the District is permitted to budget grant balances only and cannot budget anticipated new contracts or projects until they are actually awarded.

American Recovery and Reinvestment Act Fund

(A Special Revenue Fund)

Concerns federal funds provided to the school district to help stimulate the economy and drive school reform and improvement. These are short-term, one time funds available to the school district for 27 months.

School Food Service Fund

(A Special Revenue Fund)

Concerns the revenues and expenditures related to the operation of the District's School Food Services Program.

Internal Services Fund

Internal Service. These funds are used to account for the financing of goods or services provided by one department to other departments on a cost reimbursement basis. Self-insurance funds are included in this Fund.

Trust & Agency Fund

With the implementation of GASB 34, the Trust and Agency fund has been eliminated. The Trust portion is now part of the operating fund. The Agency portion is reflected as an Agency fund. This fund accounts for money and property received from non-enterprise fund sources held by a governmental unit in the capacity of trustee, custodian, or agent for other governmental entities, individuals, and non-public organizations.

Function

The action or purpose for which a person or thing is used or exists. Function includes the activities or actions, which are performed to accomplish the objectives of the enterprise. The activities of the school system are classified into five broad areas: *Direct Instruction, Instructional Support, General Support, Maintenance,* and *Community Service/Debt Service/Transfers.* The following lists the functions and their codes used in the Pinellas County School District.

5000 Direct Instruction

- 5100 Basic or Regular (K 12) Instructional Programs
- 5200 Exceptional Student Education Programs
- 5300 Vocational-Technical Education Programs
- 5400 Adult General Education Programs
- 5500 Pre-Kindergarten
- 5900 Other Direct Instruction Programs

6000 Instructional Support Services

- 6100 Pupil Personnel Services, including:
 - 6110 Attendance and Social Work
 - 6120 Guidance Services
 - 6130 Health Services
 - 6140 Psychological Services
 - 6190 Other Pupil Personnel Services
- 6200 Instructional Media Services
- 6300 Instruction and Curriculum Development Services
- 6400 Instructional Staff Training Services
- 6500 Instruction Related Technology

7000 General Support Services

- 7100 School Board
- 7200 General Administration (including Superintendent)
- 7300 School Administration (including Principals)
- 7400 Facilities Acquisition & Construction
- 7500 Fiscal Services
- 7600 School Food Services
- 7700 Central Services, including:
 - 7710 Planning, Research, Development, and Evaluation Services
 - 7720 Information Services
 - 7730 Staff Services
 - 7740 Statistical Services
 - 7760 Internal Services
- 7790 Other Central Services
- 7800 Pupil Transportation Services
- 7900 Operation of Plant

8000 Maintenance

- 8100 Maintenance of Plant
- 8200 Administrative Technology Services

9000 Community Services, Debt Service, & Transfers

- 9100 Community Services
- 9200 Debt Service
- 9700 Transfer of Funds

Cost Center

A school, department or location to which fiscal responsibility is assigned. Cost centers are assigned a four-digit number in the district's accounting system. Generally, school cost centers end in "1"; departmental cost centers end in "0".

Cost center accounts may include various functions and objects, depending on the mission of the unit.

Object

The service or commodity obtained as the result of a specific expenditure. The following list of objects provides the major object codes used in the Pinellas County Schools; however, it is not a complete listing of all object codes used.

- 0100 Salaries
 0200 Employee Benefits

GLOSSARY

Ad Valorem Tax (property tax): A tax levied primarily on real property. The amount of tax is determined by multiplying the taxable assessed value of the property times the millage rate. Pinellas County property owners pay ad valorem taxes to the County, the Pinellas School District, municipalities, and a number of independent taxing authorities.

Appropriation: An authorization made by the School Board which permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period in operating funds.

American Recovery and Reinvestment Act (ARRA): Federal legislation aimed at jump starting school reform and improvement efforts while also saving and creating jobs and stimulating the economy. ARRA legislation authorizes federal funds for states and school districts, and are provided on a short-term, one time basis, allocated over two years.

Assessed Valuation: The estimated value placed upon real and personal property by the County Property Appraiser as the basis for levying property taxes.

Bond (Debt Instrument): A written promise to pay a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures.

BSA (Base Student Allocation): The dollar amount of revenue allocated by the Legislature for one FTE in the FEFP program. This amount is *not* sufficient to fund the total cost of providing education for one FTE student; it is simply the basic dollar allocation from which the FEFP revenue is calculated. Also see *Value of One FTE*.

Budget (Operating): A plan of financial operation embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceilings under which the School Board and its schools and departments operate.

Budget Steering Committee: A group appointed by the Superintendent to review potential budget changes for the upcoming fiscal year. The Superintendent's Cabinet (Deputies and Associate Superintendents), including the Operations Team (Regional Associate Superintendents), and various financial and support staff are members. School Board members also participate on an individual basis.

Capital Outlay (object of expenditure): Expenditures for the acquisition of fixed assets or additions of fixed assets. These are expenditures for land or existing buildings, improvements of grounds, construction of buildings, remodeling of buildings, initial equipment, and additional equipment. Typically, new construction and land acquisition are budgeted in the Capital Outlay Funds. In the operating fund, typical capital outlay items include vehicles, library books, audio-visual equipment, computers, software, and furniture.

Capital Outlay Funds: A specific group of funds created to account for financial resources to be used for the acquisition or construction of major capital facilities. There are statutory and regulatory restrictions on the use of capital outlay funds. Major capital outlay fund sources include *PECO*, *CO&DS*, and *Two-Mill* funds.

Categoricals: State revenue sources which are restricted in their use to certain types (categories) of expenditure. Examples of state categoricals are Instructional Technology, Safe

Schools, and Instructional Materials funds. The number of categoricals, their funding level, and the limitations on their use are subject to annual approval by the State Legislature.

C&O Division of Curriculum and Operations. The Pinellas district division with overall responsibility for coordinating curriculum and instruction programs.

CO&DS (Capital Outlay & Debt Service): A type of capital outlay revenue distributed to districts by the state. The primary source of CO&DS funding is motor vehicle license fees.

Contracted Program Funds: Special revenue funds used to account for activities funded by grants (usually federal).

Cost Center: A school, department or location to which fiscal responsibility is assigned.

DCD (District Cost Differential): The factor used to adjust funding to reflect differing cost of living in the various districts throughout the state. The DCD is calculated using the Florida Price Level Index. Over the past few years, the DCD has been indexed in differing ways, making historical comparisons difficult. See *Value of One FTE*.

Debt Service: Payment of interest and repayment of principal to holders of debt instruments.

DEES: Department of Education for Exceptional Students. The Pinellas district department responsible for coordinating exceptional education programs.

Discretionary Millage: The portion of the ad valorem (property) tax rate which is nominally a local school board decision. While technically a local option, discretionary millage revenues are often included in state totals of "total potential revenue". Discretionary millage rates are capped by annual legislative action.

DOE: Department of Education (generally refers to the Florida Department of Education unless otherwise specified).

DOR: Department of Revenue (a state agency).

Employee Benefits (object of expenditure): Amounts paid by the school system on behalf of employees. These are contributions made by the district to designated funds to meet commitments or obligations for employee fringe benefits and are not included in gross salary. Included are the district's share of costs for Social Security and the various pension, medical and life insurance plans.

Encumbrances: Obligations in the form of purchase orders, contracts or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid or when an actual liability is established.

Energy Services (object of expenditure): These expenditures include electricity and diesel fuel as well as heating oil, gasoline, and bottled and natural gas.

Expenditures: Where accounts are kept on the accrual or modified accrual basis of accounting, expenditures are the cost of goods received or services rendered whether cash payments have been made or not. Where accounts are kept on a cash basis, expenditures are recognized only when the cash payments for the above purposes have been made.

FEFP (Florida Education Finance Program): The system, established in 1973, of financing the operation of Florida public schools. The FEFP bases funding allocations on the number of students, rather than on the number of teachers or school facilities. The purpose of the FEFP is to provide a consistent, equitable source of funding for public education in Florida. The FEFP includes both state and local revenue. The major source of state FEFP revenue is sales taxes. The main source of local FEFP revenue is property taxes.

Fiscal Year (FY): The twelve month period beginning July 1st and ending the following June 30th. Commonly referred to by the calendar year in which it ends, e.g., the fiscal year ending June 30, 2009, is Fiscal Year 2009.

FTE (Full Time Equivalent): An FTE is defined as one student in membership in one or more FEFP programs for a school year or its equivalent. In a typical program, this would be 900 hours of instruction per year; equal to six 50-minute periods per day, five days per week for 36 weeks. The definition varies for double sessions and other circumstances. FTE is determined by surveys of student attendance. The main FTE surveys occur in October and February.

Function: The action or purpose for which a person or thing is used or exists. Function includes the activities or actions which are performed to accomplish the objectives of the enterprise. The activities of the school system are classified into five broad areas: Direct Instruction, Instructional Support, General Support, Maintenance, and Community Service/Debt Service/Transfers.

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

Fund Balance: The excess of an entity's assets over its liabilities. A negative fund balance is sometimes called a deficit. Portions of fund balance may be *committed* (e.g., encumbrances) or *designated* (e.g., contingency) for specific purposes.

General Fund: The fund used to account for all financial resources except those required to be accounted for in another fund. The General Fund is supported by taxes, fees and other revenues that may be used for any lawful purpose. Also called the *Operating Fund*.

General Obligation Bonds: When the district pledges its full faith and credit to the repayment of the bonds it issues, then those bonds are general obligation (G.O.) bonds. In Florida, a G.O. bond issue must be authorized by a public referendum.

Intergovernmental Revenue: A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments from the State and Federal governments. Grants are usually made for specified purposes.

Internal Service Fund: Funds used to account for the financing of goods or services provided by one department to other departments or schools of the district, on a cost reimbursement basis.

Materials and Supplies (object of expenditure): Amounts paid for items of an expendable nature that are consumed, worn out, or deteriorated in use, or items that lose their identity through fabrication or incorporation into different or more complex units or substances. Such items as classroom supplies, repair and maintenance materials, cleaning supplies, textbooks, and office supplies are included.

Mill: One thousandth of a dollar (one-tenth of a cent). The ad valorem (property tax rate) is normally stated in mills. For example, a ten mill levy would be a tax of ten dollars for every thousand dollars of taxable assessed property value.

Millage Rate: The ad valorem (property) tax rate. See Mill.

Object of Expenditure: The service or commodity obtained as the result of a specific expenditure. Expenditure classifications are based upon the types or categories of goods and services purchased. Typical objects of expenditure include salaries, employee benefits, purchased services, materials, and capital outlay.

Operating Fund: See General Fund.

PECO (Public Education Capital Outlay): A type of capital outlay revenue distributed to districts by the state. The primary funding source for PECO is the gross receipts tax on utilities.

Program: The FEFP defines a number of instructional programs that are used to account for and distribute funds. These programs, such as *Basic Education Grades K through 3*, Vocational *Job Preparatory*, and *Exceptional Education Support Level IV*, are intended to allocate funding based on the relative cost of providing differing types of instruction. For 2004-05, the state has defined 10 FEFP programs.

Program Cost Factor (Program Weight): A numeric value of the relative cost of providing an instructional program. The "Base Program", *Basic Education Grades 4 through 8*, is assigned a value of 1.000. Cost factors for other programs express how much greater or less expensive these programs are when calculated on a statewide basis. These are relative weights, not adjustments to support actual district expenditures. Current practice in the FEFP is to use three years' historical data to calculate the cost factors; however, this practice can be, and has been, modified on occasion to reflect legislative priorities.

Purchased Services (object of expenditure): Amounts paid for personal services rendered by personnel who are not on the payroll of the district school board, and other services which the Board may purchase. Examples are the costs of repair and maintenance services (not materials), utilities, rentals, communications, training, travel, legal, and fiscal services.

Redbook: Officially titled *Financial and Program Cost Accounting and Reporting for Florida Schools*, this is the state DOE manual which provides the structure for a uniform database for public school accounting and budgeting. The most recent edition was released in 2001.

Revenue Bonds: When a government issues bonds which do not pledge the full faith and credit of the jurisdiction, it issues limited liability revenue bonds. Typically, pledges are made to dedicate one specific revenue source to repay these bonds. In Florida, revenue bonds do not require voter approval.

RLE (Required Local Effort): The combination of ad valorem (property) taxes and fees which the school district is required to impose in order to receive state FEFP funds.

Rolled-Back Rate: A calculation mandated by the state which produces a fictitious ad valorem (property) tax rate for comparison purposes. This rolled-back rate is the rate which would generate the same amount of revenue in the new fiscal year as was produced in the previous fiscal year, less new construction and other adjustments. The purpose is to illustrate the impact of increases in the tax base for the required TRIM advertisements and public hearings.

Salaries (object of expenditure): Amounts paid to employees of the school system who are considered to be in positions of a permanent nature, including personnel under written contract

substituting for those in permanent positions. Costs include salaries, overtime, supplements, and other direct payments to employees.

SBE/COBI Bonds: State Board of Education / Capital Outlay Bond Indebtedness Bonds are issued by the state on behalf of a local school district.

Staffing Model: A tool for estimating requirements for instructional and other positions for the upcoming school year. The model is based on projected enrollment and other factors.

Supplemental Discretionary Millage: A portion of the ad valorem (property) tax rate which is nominally a local school board decision. Approval of this millage requires a separate vote by the board.

TRIM Act: The "Truth in Millage" Act, incorporated in Florida Statutes 200.065, requires that property owners be notified by mail of the proposed property taxes for the next fiscal year based on "tentative" budgets approved by the School Board, county, municipalities, and other taxing districts. The TRIM Act also includes specific requirements for newspaper advertisements of budget public hearings, and the content and order of business of the hearings.

Two Mill Funds: Revenue produced by an ad valorem (property) tax levy which may be authorized by the school board to support capital improvements. This levy has been capped at two mills since 1989-90 by the state legislature.

Value of One FTE: The amount of revenue which the district receives for one FTE can be calculated by multiplying the *Base Student Allocation* times the *District Cost Differential*. This value is then multiplied times the amount of *Weighted FTE* to arrive at the FEFP revenue for each program.

Weighted FTE: The amount of survey-determined FTE for a program, multiplied by that program's cost factor, yields the amount of weighted FTE.

Workforce Development: Formerly CTAE (Career, Technical, and Adult Education) department. The Pinellas District department responsible for coordinating vocational and adult education programs.
