VII. SPECIAL CONSIDERATIONS

- **Built-in Cabinetry**

- A. Built-in work counter

- NA

- B. Built-in cabinets/shelving

- Teacher Planning

- One built-in cabinet with open adjustable shelves, minimum 6 ft. high x 12 inches deep x 6 ft. long.

- Resource Room (Each Room)

- One tall, lockable storage cabinet, 3 ft. wide x 6 ft. tall x 24 inches deep, adjustable shelves.

- C. Built-in Instructional Aids

- All teaching spaces to have minimum per S.R.E.F.

- Resource Room (Each Room)

- One 4 ft. x 16 ft. magnetic white markerboard, one 4 ft. x 4 ft. tackboard. Standard markerboard to have eraser tray, flag holder and demountable map railing. Install an interactive projector in the center of the markerboards.

- Provide wheeled cabinet with doors for sound enhancement equipment and amplifier. Cabinet and equipment shall be located at, or adjacent to, the major teaching wall with tethered wiring harnesses. Equipment purchased with Furniture, Fixtures, Equipment & Technology (FFE&T) funds.

- The back of the cabinet must allow connections of white speaker wire for the four speakers used with sound enhancement equipment, a network connection, connection to interactive projector and power.

- **Other Considerations**

- Adult toilets to be adjacent to Teacher Planning or where required within total school layout. Classrooms shall be arranged as career academics with core subjects and ESE interspersed. Shared teacher planning and storage shall be placed in each academy.
