Old Business

Teacher request forms. Exploring ways to fund teachers equally.

HOPS- Ms. Santagata requesting \$4090 for the program. Teachers were surveyed and agreed they liked HOPS better than Challenge Island for a STEM activity. Board was in agreement that we need to explore other options. Suggestions included a mad scientist event that would rotate each grade through different experiments/activities, virtual field trip, the bee guy. Further discussion at the next meeting.

Ms. Price sent out a teacher needs/wants list survey to help facilitate how we can budget our funds going forward. Results included purchasing IPADS, accelerated reader program and a vetted business for purchasing class library books.

Discussion of the Spring Fling not being a required PTA meeting. Instead making it a fundraiser.

Spring Fling experiences to be auctioned at the Spring Fling- not class baskets.

Noted from the last FL PTA meeting. Spirit nights are the only thing that is considered a true fundraiser. If you do not have volunteers at the event, it is technically not a fundraiser. Also, we must allocate funds to at least 2 school events (we currently do)

Meeting adjourned 9:20
