Paddles Broke
Arriving Late
But They Will
Make It.

CONSULT GUIDANCE DEPARTMENT FOR COLLEGE TESTING PROGRAM

If you are a high school senior, you must soon decide on what to do after graduation. If you have any idea that you will or might possibly attend college, you should read the bulletin on The American College Testing program which will be found in the guidance office. This bulletin is prepared especially for you if you have college plans. In it you will find detailed information about a new testing program which was administered for the first time in November, 1959. If you are planning to attend any of the colleges that are listed in the bulletin as participating in the ACT program, and if you have not taken the examination previously, you should plan to take it on the next testing date.

Your scores will be reported to any three participating colleges

listed.

The American College Testing program (ACT) is an admissions, scholarship, guidance, and placement test battery designed to provide helpful information and service to colleges, to high schools, and to you, the student, at a time when it will be most useful.

The basic test battery consists of four tests averaging 45 minutes in length. They represent the fields of English, mathematics, social studies, and the natural sciences. The tests in English and math are designed particularly for use in placing students in freshman English and mathematics classes so that they may have the greatest possible opportunity for success. A total score on the four-test battery provides an overall estimate of your general ability to succeed in college.

D.C.T.-D.E. Provides Schooling - Work

The Department of Cooperative Training is an educational program which provides opportunity for qualified students to select, enter into, and progress in learning a vocation of their choice through on-the-job training, which is correlated with in-school instruction in the general and technical aspects of the occupation. Students are enrolled in academic and related study classes for one-half of the school day and receive on-the-job training during the other half.

Here at NeHi we have two programs: Diversified Cooperative Training (DCT) and Distributive Education (DE). Coordinators are Mr. Ralph G. Williams, DCT and Mr. James S. Pope, DE. The teacher-coordinator teaches the in-school part of the program and correlates instruction with the planned training schedule of the employing agency.

Also, he works closely with business representatives in planning the students' training program.

Any junior or senior who has reached the age of sixteen is eligible for DCT, but only seniors may take DE. This year the DCT program includes twelve different occupations with fifty-seven students participating, thirty-four in DCT and twenty-three in DE.

One of the most interesting occupations is the operation of an oyster farm and retail oyster house. Electronics, sales clerks, general office, bank clerks, dental assistants, X-ray technician, ornamental iron welder, auto mechanic, mail clerk, advertising and file clerks are a few of the other careers being pursued by NeHi students.

Five or six credits may be earned in one year through the cooperative education program. Three credits may be earned in either DE or DCT in addition to the regular subject credits. A student will graduate with a regular high school diploma and may continue on to college with these credits.

THE NATIONAL FORENSIC LEAGUE TEACHES DEBATING-PUBLIC SPEAKING

The National Forensic League is composed of a group of students whose primary interests are in learning the art of debating and in training for public speaking. The group is sponsored by Mr. David Jones, Northeast's new history teacher. Previously, Mr. Jones taught at Clearwater High School.

N.F.L., this year, expects to attend preliminaries in Pinellas and Hillsborough county schools. The preliminaries are held mainly for practice and the opportunity for scoring enough points to be eligible for the state congresses. The state congresses will be held at The Academy of Holy Names and at Tallahassee. Later in the year N.F.L. will attend another state congress in Gainesville.

The officers of N.F.L. are: president, Bruce Lillenthal; vice-president, David Boynton; secretary, Sharon La Grant; and treasurer, Stanley Carolin.

Sponsor, Mr. David Jones was born in Buffalo, New York, on January 1, 1938. Mr. Jones graduated from Liberty State College in

West Liberty, West Virginia. He is interested in political science and swimming.

President, Bruce Lillenthal, a native of New York City, was born on July 14, 1944. Bruce, who is the captain of the band, is interested in engineering and science and plans to become a nuclear physicist.

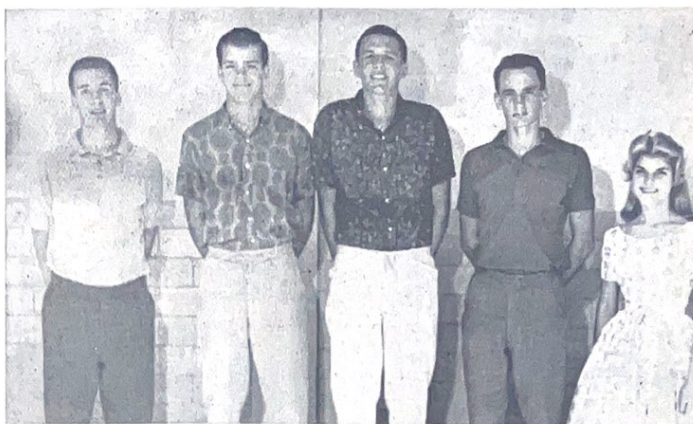

Vice-President, David Boynton, was born in Starling, Kansas on September 15, 1945. David maintains an A and B average which keeps him on the honor roll. Eventually, he plans to enter some phase of aeronautical engineering.

Secretary, Sharon La Grant, is a true native of Florida since she was born in Jacksonville, in 1944. She is the second lieutenant of girls in the band and the historian of Civinettes as well.

Treasurer, Stan Carolin, is a native of Syracuse, New York, where he was born on August 6, 1944. Stan is a member of the Drama Club and is on the staff of the state Latin paper. Also, David is a member of the Latin IV Club.

Front row, left to right: BRUCE LILIENTHAL, SHARON LE GRANT, Back row, Left to right: DAVE BOYNTON, MR. JONES, STAN CAROLIN.

Left to right: DAVID LAMBRECHT, DANNY SHEA, CRAIG LAWRY, GORDON SALISBURY, AND PAT MURPHY.

SOPHOMORE OFFICERS TAKE OFFICE

Gordon Salisbury

When Gordon Salisbury, the new sophomore class president this year, received the news of his being elected, he was shocked, surprised, and then overjoyed.

Even though this is his first year at NeHi, he says, "It's a wonderful school. I like the athletic program, and I think Northeast has a very fine coaching staff."

This tall, young man likes humorous stories and fast songs with a beat. Perhaps it is because of his name that he loves steak surrounded by French fries. He is likely to be seen attending all school dances because he loves dancing.

Gordon's main hobby is swimming. He hopes to be on the Vike swimming team this year. The butterfly stroke is his specialty so move over, fellow butterfliers.

When opera or the minuet, a dance of the past, is mentioned, Gordon disappears. He also dislikes muu-muu when worn on the street.

"Thank you, voters," is his favorite reply now.

Danny Shea

"Before coming to Northeast, I got the impression that the school spirit was not so good. Now that I'm here I think it's really wonderful." This opinion was expressed by the newly elected sophomore class vice-president, Danny Shea.

When asked why he chose to run for the office of vice-president, Danny said that he thought that it would be the best way he could serve Northeast. Also, having held no previous leadership posi-

tions, Danny feels that this office will get him started on a road of student leadership.

Danny attended 54th Elementary, Northshore, and Meadowlawn Jr. High before coming to Northeast. Presently, he is a member of the junior varsity football team. Being one of those who has no dislikes, Danny has one hobby—swimming. The swimming team will have a valuable member as Danny carries on the tradition set up by his brother and sisters before him.

After graduating, Danny plans to go to college, University of Florida, where he will study to be a doctor or a lawyer.

Pat Murphy

Secretary

A small girl with loads of get up and go is the newly elected secretary of the sophomore class, Pat Murphy. Pat, who is often called "Peanut," was born on March 9, 1946.

Her favorite hobbies include skiing, dancing, and tennis. Boys who have poor manners and people without school spirit are Pat's chief dislikes.

Pat lists being elected secretary of the Sophomore class and being a member of the Junior Sun goddess court as her biggest thrills.

To take neat and accurate notes is Pat's chief aim now that she has been elected secretary.

After graduating from Northeast, Pat plans to attend St. Petersburg Junior College for two years and then to the University of Colorado for her degree. Her ambition is to become an elementary teacher, preferably first grade.

Craig Lawry

Craig Lawry, the newly elected sophomore treasurer of the student council, says, "I'm glad I won, and this victory is due to the unselfish work of my campaign managers."

Craig was born in Pittsburgh, Pennsylvania, on April 23, 1946. Basketball, wrestling, and swimming are his favorite hobbies.

While attending Meadowlawn Junior High, he was treasurer of the Junior Red Cross. Craig feels he is qualified for his newly elected job since he has had experience on the Red Cross staff.

Craig voices his opinion of Northeast High—he thinks the students have wonderful school spirit and he likes the athletic program given at NeHi. Also, Craig says that he likes people that are well-dressed.

After high school he is planning to enroll in a pre-law course at Davidson College.

David Lambrecht

Newly elected Sophomore Class secretary David Lambrecht, after being informed of his success, explained that the reason he ran for office was because he wanted to help the Sophomore Class and Northeast High School.

Born in St. Petersburg, December 6, 1946, he attended Shorecrest Elementary School and Meadowlawn Junior High.

He enjoys, in his spare time, watching football, basketball, and swimming. He also likes to listen to music and to draw.

David is quoted as saying, "I enjoy Northeast because of its grownup atmosphere, school spirit, color, and excitement."

Latins Elect Officers Complete 1961-62 Plans

The first meeting of the year of the Latin Club took place in room E-3 on Tuesday evening, September 19. The club's sponsor is Mrs. Clyde Bennett. The club officers for this year were elected as follows: president, Paul Schneider; vice-president, Chip Lord; secretary, Polly Kersker; treasurer, Skip Guy; reporter, Guzie Winter; chaplain, Virginia Starrett.

The club has organized an advanced investigation committee for the banquet to be held in the spring. Those on the committee are Leigh Cook, Cheryl Lights, Paulette King, Virginia Starrett and Marne Harrington.

The Latin Club meets on the first Tuesday of every month. The program committee for the October meeting consists of Polly Kersker, Leigh Cook, Terry Webb, Sandy Carter and Virginia Starrett.

The Latin Club's membership is date is twenty-two, and we are all enthusiastically looking forward to a year of learning and fun. Membership is still open; anyone wishing further information should contact Mrs. Bennett in room E-3.

Representatives Elected For 1961-62 Junior Class

The duties of the junior class representatives are aiding in the chairmanship of various committees in the council and to act as a liaison between the council and their class. Also, the junior class representatives are to assist the Council in achieving its aims by representing the students of the junior class.

Kathy McCarthy—Kathy was active in her sophomore year by being treasurer of the sophomore class. Also she held the honor of being chosen junior varsity cheerleader. During the summer Kathy was chosen "Miss Maine Society" and won an all expense paid trip to Maine. This summer she participated in her favorite sports which are swimming and bowling. Kathy is hopeful of joining a service club and promises to attend all football and basketball games.

Kate Smith—The sophomore year for Kate was taken up by being on the ways and means committee of the sophomore party and also being chosen as a student council representative. Kate, equally interested in sports, was on the school spirit committee and attended all football and basketball games. During the summer she helped out at Woodlawn rec-

reation center by being a coach. This year she is in the advanced Spanish III and IV Club and is hopeful for a chance to be chosen for a service club.

Andy Cooper—Last year Andy ran for vice-president of the sophomore class and was in the Latin Club. This year he holds the honor of being vice-president of the Wheel Club and Red Cross representative. This summer Andy enjoyed doing his favorite sport which is water skiing. Andy is interested in all sports and trying for the basketball team.

Bill Dudley—Bill was chosen as president of the sophomore class in his sophomore year. Also he played junior varsity football and was on the swimming team. Bill is an active member in the Junior Civitan Club. He enjoys being active in junior class activities. Unfortunately, Bill got hurt in football and is unable to play but he is still hoping to become a member of the Letterman's Club. Bill, like most boys, enjoys all sports.

Tom Sacha—Tom played junior varsity basketball and track. Also, he was chosen sophomore representative to the Board of Wheel Club. Tom, being a dedicated

CANDY JONES WRITES A STORY

Steps in Publishing Newspaper Story

ASSIGNMENT
It takes many people and a newspaper story what it should be. Let's begin at the beginning. The assignment of the story, as made by Carol Day, editor, to Candy Jones, feature page editor, was to write a story about a subject that would be of interest to the entire school. Deadlines for the copy were given, leaving to the reporter the responsibility of doing the research and perfecting the story.

INTERVIEW
The next step was conducting the interview. Candy made an appointment with Mr. Morgan to interview him concerning the history of our Viking victory flag. During the actual interview she asked him the six questions which are listed on the right. The assignment of the story, as made by Carol Day, editor, to Candy Jones, feature page editor, was to write a story about a subject that would be of interest to the entire school. Deadlines for the copy were given, leaving to the reporter the responsibility of doing the research and perfecting the story.

PROOF-READING
The story was returned to Carol Day at the deadline date. From there it was submitted to Pam Spencer, the copy editor. Pam proof-read the story thoroughly for punctuation, capitalization, grammar, spelling, and factual errors. When she felt that it was in its best form, the story was okayed for typing.

WRITING
After the interview Candy compiled the facts she had gathered and began the actual writing of the story. Most of the stories which appear in the *North Star* are of the inverted pyramid type. That is to say, the summary of the main elements of the story are found in the first paragraph with the least important details at the end. When the story was completed the headline was added. The main features of the story should be incorporated in every headline, and most stories contain a few key words. The alert reporter will build the headline around these words.

EDITING
The typing of the story was next on the agenda. The article was given to Karen Perlmutter, the typing editor. After the story had been typed an incorrect printer's proof was ready to be sent to the printer.

PHOTOGRAPHING
Then Candy decided whether or not she wanted a picture to accompany the story. When she decided the size and content of the picture, the information was given to Taylor Quarles, the photographer for the *North Star*. It was Taylor's responsibility to make the necessary arrangements for photographing the subject of the picture. When the picture was developed, it was cut to the proper size and filed until the layout of the paper was ready.

FINISHED PRODUCT
Many people do not realize the time and effort involved in the making of a newspaper. Here at Northeast we are striving constantly to present the student body and faculty with a professional, informative newspaper of superior quality.

PRINTING
At the printer's shop the story was laid out making it ready to print into the dummy. Then the dummy of the feature page was made up as a guide for the printer.

THE DUMMY
The dummy is a sheet of paper the size of a newspaper page which has the columns of print, size, and pictures, that are to appear in the actual page. The dummy was sent to the printer, and he printed the newspaper which you are now reading.

THE PRINTER
Many people do not realize the time and effort involved in the making of a newspaper. Here at Northeast we are striving constantly to present the student body and faculty with a professional, informative newspaper of superior quality.

GIRLS' VOLLEYBALL INTRAMURALS TO DECIDE VARSITY TEAM

Girls' volleyball intramurals began September 20, 1961, with a general meeting of all girls in the school. The girls were divided into six teams. The girls were to play a round-robin tournament. The girls were to play a round-robin tournament. The girls were to play a round-robin tournament.

From those girls actively participating in intramurals, an extramural team will be chosen by the faculty members of the girls' physical education department. These extramural teams will represent Northeast High in intramural competition.

Mark Hamilton—Mark chose a complete interest and capability in the field of sports. He has participated in basketball, football, and track. He has participated in basketball, football, and track. He has participated in basketball, football, and track.

Mark attended the Florida Youth Shop in Gainesville, Fla. He helped at Coach Benjamin's camp. He helped at Coach Benjamin's camp. He helped at Coach Benjamin's camp.

Review fields a much better team than last year, and will need the support of the entire student body and the excellent ability of the squad to add another victory to the record.

BOYS SERVICE CLUBS GIVE MANY GIFTS TO NORTHEAST

Key Club

The Key Club, sponsored by the St. Petersburg Kiwanis Club, is a part of the large Key Club International organization. Founded in California in 1925, Key Club has grown to be the largest high school service club in the world. Throughout the United States and Canada it has over 2,100 clubs with over 52,000 members. It is predicted that by 1970 it will have well over 100,000 members. In state organizations the Key Club has by far the greatest number of representatives because it's so wide-spread throughout the state.

This year under the direction of Mr. Merle Morgan, the assistant principal, and Mr. Gordon Tucker, the Northeast Key Club has planned a very active program to serve the school and community. This year the Key Club has performed many services to school and community. A few of their school activities this year have been the following: the club distributed booklets to the incoming sophomores so that they might better understand the workings of the service clubs; the club has presented students with a card on which are the Alma Mater and a calendar; presently, members are working with the guidance department on the senior followup; the club has served at the student council's spaghetti dinner; part of the group went to Camp Soule to

aid the Kiwanians with the Kiwanis Kid's Day; two members were sent to the International convention; one was sent to the youth leadership workshop this past summer; already this year, books have been added to the list of novels given to the library making the total forty-five; and last week the club gave ninety-one current guidance booklets from colleges throughout the nation to the guidance department.

On November 25 the Key Club, with the Wheel Club, will sponsor the annual "Fall Fantasy" to be held at the Soreno Hotel. The Midnighters will provide the music.

Soon after this the club will sponsor the most unusual dance of the school year: the "Beard Bop." For two weeks before all the "men" of the school will be cultivating their beards for the event. Aside from the honor of having the best-looking beard the winner will receive an electric razor.

The club's main project for the year is the Dollar for a Scholar program in February. Last year the club raised \$500.00 for two college scholarships. In addition a special award will be given for the first time this year.

So far this year the club has had two Coke parties and is planning a Key-Keyette social for next Monday night. Several other socials will be held during the year.

Junior Exchange

The Junior Exchange, as in the past years, will sell Christmas trees and sponsor a fish fry at Lake Maggiore later in the school year. These projects have been successful in the past, and the club anticipates similar success for this year. During the year the club sponsors several dances which usually follow football or basketball games. At the end of each year the club gives an award to one of the outstanding graduating seniors and presents a gift to the school.

Officers directing the club's activities are Stanley Ellinwood, president; Jim Meyer, vice-president; Paul Dell, secretary; Paul Schneider, treasurer.

Junior Civitan Club

The Jr. Civitan Club of Northeast High is sponsored by the Senior Civitan Club of St. Petersburg. The senior sponsor is Mr. A. W. Shepard, and the faculty sponsor is Mr. Scott McNeil. The officers this year are: president, Mike Lawrence; vice-president, Eddie Stumpf; secretary, Jim Law; treasurer, Chip Lord; and sergeant-at-arms, Steve Bond. One of Jr. Civitan's many projects is the selling of Claxton fruitcakes during the fall. The proceeds are used for worthwhile projects in the school and community. This year Jr. Civitan will sponsor two dances, one after a

basketball game, and the other, the annual Beachcombers Ball.

Other activities include beach parties at the Civitan beach house on Indian Rocks Beach and get-togethers with other Jr. Civitan clubs in the city. Also, some members attend Civitan luncheons once a month. An active part in State Junior Civitan will be played this year by attending two district meetings and the May state convention in Tampa.

By participating in these projects and activities, members become better citizens by developing their capability, initiative, vitality, integrity, teamwork, adaptability and neighborliness, which, in short, is CIVITAN.

Wheel Club

Since 1956 the Wheel Club has been offering services of a great variety to Northeast. Mr. Wilson, the faculty sponsor, and Dr. Heiber, the Rotary sponsor, have helped the Wheel to set high standards and to maintain them throughout the years. The continuation of those high standards is expected to be developed by this year's officers: Ken Jensen, president; Thomas Sacha, vice-president; Andy Cooper, second vice-president; Ed Olsen, recording secretary; Ray Holbrook, corresponding secretary; Barry Stone, treasurer; Randy Fisher, senior representative to the board; Harold Wells, junior representative to

the board; Fred Hale, parliamentarian; Jim Larson and Richard Coddling, sergeant-at-arms; George Stovall, chaplain; and Mike Hedgepath, reporter.

A few of the Wheel Club projects this first semester are: Wheel Whirl, a dance following the Northeast-Manatee game, Nov. 3; the Fall Fantasy, a semi-formal dance held this year at the Soreno Hotel on November 25, from 8:30 to 12:30; and the Christmas tree sale just before Christmas.

The Northeast Wheel Club is proud to have the only junior in the United States on the Board of Directors of Wheel Clubs International of 1962.

J. P. SPEAKS

(From page 3, col. 1)

ness to chance—"All Post cereals happen to be—" also, they say that their cereals are, "just a little bit better." Talk about modesty and courtesy. My gosh, if that trend got started every product would be claiming they were inferior to the others. I only wish I had time to tell you about all this.

At this time I would like to point out that certain portions of my articles have been censored. I think this is an un-American activity. And now I'm going to tell a joke, and let's see if they censor it: CENSORED CENSORED CENSORED. You see what I mean, no intellectual freedom. We're all prisoners of our environment, so until my next prison break, this is John Hofmann, signing off, Roger Dodger.
