INTRODUCTION

This report has been prepared to detail the projects and grants that were newly awarded or continued in support of Pinellas County Schools' strategic directions during the 2015-2016 school year.

REPORT

This document provides pertinent information relative to each of the 91 programs funded in the total amount of \$112,285,497, either directly or indirectly through the activities and efforts of the Special Projects office. There is a possibility that some of the projects included in this report may later receive additional funding, lose funding, be amended or extended. It is advisable to consult with the Project Manager or Special Projects office before using information contained in this document for official reports.

SPECIAL PROJECTS OFFICE

The Special Projects office is responsible for assuring that the school district has the opportunity to participate in, and maintain compliance for, programs that are available through federal, state, local, and private sources. The office maintains information regarding existing and pending legislation specific to grants and communicates this information to appropriate school district personnel and the community. A grants information web page is available on the district's website and is updated on a regular basis. The office also provides necessary technical assistance for the development of grant proposals and grant-funded contracts. The Special Projects office assists with project negotiations and monitors the implementation of regulations, policies, and restrictions of various programs. Furthermore, the office monitors budgetary expenditures, guarantees local commitments, facilitates submission of reports, and maintains documentation for auditing purposes. The office serves as the grants liaison between the school district and various community agencies, as well as the non-public schools which may be eligible to receive services through certain federal projects.

DEFINITION OF TERMS

Project Number	The official district number assigned to a project by the district's Accounting department
Manager	Person responsible for implementation of a project
Project Type	Identification of project as competitive, entitlement, or other <ul style="list-style-type: none">• Competitive: Project for which the applicant designs the project and competes with other applicants for funds; the funding agency selects projects for funding and determines amount of funding• Entitlement: Project for which funds are allocated primarily on the basis of a formula that seeks to distribute available funds among recipients in an equitable fashion; funding is not competitive• Other: Project or grant for which funds are allocated at the discretion of a public or private entity
Fund Source	Identification of the project's funding source as Federal, State, or Other (such as private or corporate)
Funded Amount	The amount of funds awarded to a project
Start Date	The official date that implementation of a project begins
End Date	The date that a project implementation period terminates Note: Some projects are ongoing, with no set ending date.
Board Meeting Date	The date a project was submitted to the School Board for approval Note: Pertains to projects with an amount of \$250,000 or greater
Project Focus	Goal(s) or need(s) addressed by the project
Project Benefit	A concise description of how the project enhanced student learning and supported the overall educational program

Sigma Alpha Iota Sorority
Suncoast Tennis Foundation
Toshiba
University of South Florida
Walmart
Wells Fargo
WholeKids Foundation

GRANT PROCUREMENT NOTES

For the 2015-2016 school year, the Special Projects Office assisted with development of proposals for 10 competitive grants. Of these, 9 were awarded and implemented. One grant (Investing in Innovation, i3) was not awarded.

Three additional competitive grant proposals were developed and submitted during the 2015-2016 school year. Of these, 1 was awarded for funding in 2016-2017 (*Foundation for a Healthy St. Pete*) and 2 are pending a funding decision for 2016-2017 (*21st Century i-Class and Teacher Incentive Fund*).

On occasion, the Special Projects Office will not apply for a new grant opportunity for one or more of the following reasons:

- grant does not align to district's strategic directions and priorities
- district does not qualify as an eligible applicant
- district does not qualify, based on other factors such as districtwide poverty rate
- district opts to partner with another agency, rather than serve as lead applicant
