2018-19 Proficiency – 88%, down by 4%

Math Gains 66% - down by 15%

Lowest 25% - 64%, down by 18%

*Note that there was a movement of students skipping UP a level, which means a lack of background could be the cause for the shift in achievement. County wide there seems to be a push for schools to do away with remediation leveling for students.

Teal Heeren – ELA: resources in ELA: Collections text is only physical textbooks this year as they are in the process of a new adoption. The teachers are incorporating a variety of online resources such as NewsELA and Common Lit. These are text resources that provide practice with paired articles. They are working on writing in response to text/what they read. Classes are utilizing OneNote, and 7th and 8th grade are doing a lot with typing their work to allow students to feel comfortable with typing skills.
