

Elementary “Stay Safe Choices”

GET OUT

If it is possible to get away from danger, go to a safe place (as you would do in a fire drill). Teachers and community helpers (police, fire fighters, EMT’s) will meet you at your meeting spot or come to find you in you are in a different place.

PLAY PARALLEL: PLAYING TAG

OR

KEEP OUT

If it is not possible to get out or away, danger can be kept out by locking and blocking doors (barricading). You may see your teacher or other grown-ups keeping danger out by locking doors or putting furniture in the way. 

PLAY PARALLEL: BUILDING FORTS

AND

HIDE OUT

Keeping out of sight from danger can also help us keep safe. This is different from what we do in a fire emergency. We must be quiet while we wait; and, we must be sure that we can “get out” if necessary.

PLAY PARALLEL: PLAYING HIDE AND SEEK
