OUR VISION OF EXCELLENCE IN EXCEPTIONAL STUDENT EDUCATION (ESE)

All students are general education students first

We strive to support students in building the skills they need to meet the demands of college, career, and life and to engage as productive citizens of the world

Students work towards mastery of meaningful Individualized Education Plan (IEP) goals in their Least Restrictive Environment (LRE)

Students learn the foundational skills they need to engage in rigorous, grade-level content

Students receive the supports they need to do the thinking

Students have an advocate for their academic, social, and emotional needs
To provide quality services that support effective individualized learning opportunities for all students with exceptionalities in order to meet their unique learning needs.
Recruit and retain highly trained district and school staff.

Increased percentage of schools meeting ESSA subgroup proficiency (by 15% or higher) by end of 5 year period.

Serve majority of students in their zoned schools, providing required supports in zoned schools.

Increase % of students served in the LRE.

Reduce/Eliminate disproportionate eligibility and disciplinary representation of African American students in any subgroup.

Implement Dyslexia Screener across all levels.

Expand instruction in multisensory, explicit, scaffolded reading and math in schools.

High quality communication with all stakeholders.

All IDEA expenditures directly align with student achievement.

Error free audits.
